

REPUBLIC OF KENYA
MACHAKOS COUNTY ASSEMBLY

OFFICIAL REPORT

Friday, 17th January, 2020

Special Sitting

*(Convened via Kenya Gazette Notice
No. 103 of 10th of January, 2020)*

The House met at 10.40 a.m.

[The Speaker (Hon. (Mrs.) Mwangangi) in the Chair]

PRAYERS

Hon. Speaker: Good morning Hon. Members. I can see we have the quorum that we need so I call on the Clerk at the Table to proceed but bear with me I know you are not used to seeing me the way I am attired. I have not broken any parliamentary rules; at times I also see the Speakers of national parliament appearing the way I am. I still have the authority of the Assembly with me; I could not wear the gown for reason that you appreciate because I have an injury on my leg which cannot permit me to wear formal shoes.

We can proceed, Mr. Clerk.

COMMUNICATION FROM THE CHAIR
CONVENING OF THE SPECIAL SITTING

Hon. Speaker: Hon. Members, the special sitting is informed by the County Assembly of Machakos Standing Order 26(1) and (2) whose provisions you are very much aware of because we have had several special sittings in the past.

Hon. Members, I will draw your attention to Section 132(2) of the Public Finance Management Act, 2012 provides that the County Executive Committee Member for Finance shall, on the same date that the revenue-raising measures are pronounced, submit to the County Assembly the County Finance Bill, setting out the revenue-raising measures for the County Government, together with a policy statement expounding on those measures.

In accordance to that requirement of the law, the County Executive Committee Member for Finance made pronouncements on budget for the financial year 2019/2020 to the Assembly on 25th June, 2019. The CEC Member, Finance submitted draft proposal for the Machakos County Finance Bill, 2019 on 30th September, 2019 which was the last day when they were required to submit that draft Bill to the Assembly.

Immediately, as you were processing that draft, on 4th December, 2019, you are aware that you went on recess before you could finalize the issue of the Machakos County Finance Act and so what we did and appreciating the importance of the Finance Act as a way of raising revenue for the County Government, the Leaders of the Majority Party and Minority Party consulted the Speaker and we agreed to have today's special sitting.

Hon. Members, Standing Order 26(3) requires that once you agree on a special sitting, it must be gazetted so that the public and the Members are notified of the place and date and the business to be transacted.

So as per the Gazette Notice No. 103 of 10th January, 2020, the business as specified is this Finance Bill and also a Report by the Appointments Committee and any other business that can be admitted as per the Standing Orders of this Assembly.

Consequently, I am requesting that we transact the business that has brought us to this special sitting and I want to thank you because I can see you have attended in majority numbers so that you can do the duty that the persons and the political parties that elected you to transact in this premises.

Thank you, Hon. Members, and welcome. Mr. Clerk.

PAPERS LAID

Hon. Speaker: Under this Order, we have two businesses and that is first by Hon. Steve Mwanthi and he second one will be by Hon. Mark Muendo, Majority Leader. Hon. Steve Mwanthi, Chair of Finance Committee.

(Applause)

Consideration of the Machakos County Finance Bill, 2019

(By the Chairperson, Finance and Revenue Collection committee, Hon. Stephen Mwanthi)

(The Paper was laid on the Table)

Hon. Speaker: Thank you, Hon. Steve Mwanthi. I have received the Paper and I can see it is signed and dated. The next paper is by Hon. Mark Muendo, Majority Leader or your able assistant if you so wish.

REPORT ON VETTING OF NOMINEES TO THE POSITION OF COUNTY PUBLIC SERVICE BOARD

Hon. Muendo: Let me do it because I am present.

Hon. Speaker: Good.

Hon. Muendo: Thank you, Hon. Speaker. I beg to lay the following Paper on the Table of this House today, Friday, 17th January, 2020; the report of the Committee on Appointments on vetting of nominees to the position of County Public Service Board. Thank you, Hon. Speaker.

Hon. Speaker: Thank you, Hon. Majority Leader Mark Muendo. Mr. Clerk, proceed; the Paper you are giving me is not a valid Paper. Hon. Muendo, please sign your paper and date it. Any paper that is not signed and dated is not a valid document of the Assembly.

(Hon. Muendo signed and dated the Paper)

Mr. Clerk, proceed.

NOTICE OF MOTION

REPORT ON VETTING OF NOMINEES TO THE POSITION OF COUNTY PUBLIC SERVICE BOARD

Hon. Speaker: Hon. Members, under this Order, we have one business by Hon. Mark Muendo, Majority Leader.

Hon. Muendo: Thank you, Madam Speaker.

Hon. Speaker, that aware that Article 235 of the Constitution, Section 8(1)(a) of the County Governments Act No.17 of 2012 provides that the County Assembly shall vet and approve nominees for appointment to County public offices as may be provided for in the Act or any other law.

Aware that pursuant to Section 57 and 58(1)(b) of the County Governments Act No. 17 of 2012, the County Secretary and Head of Public service forwarded to the Hon. Speaker of the County Assembly notifications on nomination of three persons vide letter Ref: GMC/2/CS/CA/Vol.1/60 dated 21st August, 2019 and received on 22nd August, 2019 for consideration and subsequent approval by the County Assembly, for appointment as members of the Machakos County Public Service Board.

Hon. Speaker, I wish to give notice of motion that this House discusses and approves the report of the Committee on Appointments on vetting of nominees to the position of County Public Service Board.

Thank you, Madam Speaker.

Hon. Speaker: Thank you, Hon. Mark Muendo. Next Order.

BILL

Second Reading

THE MACHAKOS COUNTY FINANCE BILL, 2019

Hon. Mwanthi: Hon. Speaker, pursuant to Standing Order 121(1), I wish to move the motion that the Machakos County Finance Bill No. 7 of 2019 be now read a second time. Thank you, Hon. Speaker. I call upon Hon. Moffat Maitha to second.

Hon. Speaker: Thank you, Hon. Stephen Mwanthi. Hon. Moffat Maitha.

Hon. Maitha: Thank you, Madam Speaker. I stand to second.

Hon. Speaker: Thank you. Hon. Stephen Mwanthi.

Hon. Mwanthi: Thank you, Madam Speaker. Now I call on Members that we go through the report. On page 2 is the Table of Contents and on 2.3 and up to page 4 while page 5 is introductions and objective of the Bill. Page 6 is committee membership---

Hon. Muendo: Point of Order, Madam Speaker.

Hon. Speaker: Point of Order by Hon. Majority Leader. Hon. Steve Mwanthi, just sit as---

Hon. Muendo: I think we are going to agree as Members; you know we did a lot of documentation on this Bill and I can see most of the Members do not have copies which I think is important for us so that we can continue as we follow the Chairman so that we can move together.

Hon. Speaker: The point of order is on the documents being availed to the Members. Clerk at the Table, has the report been uploaded? I am told the document has been uploaded but again you forgot your iPads at home and we agreed we need to be online really! What happened? The long Christmas holidays has done damage.

(Several copies of the Report were circulated to Hon. Members)

I can see Hon. Annastaciah is even accessing it on her tablet as well as Hon. Mutinda, Hon. Mitaa and Hon. Mwikali. Members, we need to proceed and this will be the way; in fact, we will not have any papers printed so come 11th February, 2020 when we are opening, do not forget your books and pens at home. Come with them so let us go ahead. Those who are not accessing the documents from their tablets or iPads, you will access the hard copies which have been circulated and kindly share the hard copies. Let us continue, Hon. Members.

Hon. Mwanthi: Thank you, Madam Speaker. I was on page 8 and that is where I would request Hon. Members to go; No. 3 for those with iPads and Madam Speaker, with your permission, I would start reading from there.

Hon. Speaker: Go ahead.

Hon. Mwanthi: Thank you, Madam Speaker.

3.0 THE MACHAKOS COUNTY FINANCE BILL 2019

3.1 Consideration of the Bill by the Committee

Hon. Speaker, the Committee discussed the Bill and also facilitated public participation pursuant to Standing Order 120(3) in all the 40 wards of the County. The Committee also held fora with the Kenya Association of Manufacturers (KAM) and Executive Committee Member, Finance who gave their recommendations on the Bill.

3.2 Public Hearing and Receipt of Memoranda

Hon. Speaker, pursuant to Article 196(1)(b) of the Constitution of Kenya 2010 and Standing Order 120(3) of the County Assembly of Machakos Standing Orders, the Assembly published an advertisement in the Daily Nation newspaper of Tuesday, 17th December, 2019 informing the public of the venues where the public hearings in connection with the Machakos County Finance Bill, 2019 will be conducted in all the 40 wards.

The Assembly also made daily radio announcements on *Mbaitu FM* calling the public to attend the hearings for oral submissions or presentations of memoranda from 27th December, 2019 to 6th January, 2020. The public were also called upon to send their memoranda through the Assembly email (assemblymks@gmail.com) on or before Thursday, 9th January, 2020. Further, announcements were made in churches and other public places.

3.3 Public Participation

Hon. Speaker, the Committee conducted public participation in all 40 wards from 6th to 8th January, 2020 pursuant to Article 196(1)(b) of the Constitution of Kenya and Standing Order 120(3) of the County Assembly of Machakos Standing Orders. The members of the public gave their views which have been summarized by the committee as follows:

3.3.1 Hawking

Hon. Speaker, members of the public proposed that:

- (i) Small scale hawker permit per month for peri-urban and rural areas be reduced from Ksh. 200 to Ksh. 50 as it was difficult to find customers because of harsh economic conditions.
- (ii) Charges for motorized hawkers per day for all types of vehicles be reduced by 50 percent since they were very high.
- (iii) Deletion of penalty for hawker selling from a moving vehicle.

The Committee together with Members of the Assembly observed that hawking permits were paid by traders who did not carry out business in the County on day to day basis. The permit helped

in protecting businesses which paid regular business permits besides revenue collection. As a result reducing the permits and removing penalty for hawking without permit will encourage infiltration of County markets by hawkers whose revenue was expensive to collect.

3.3.2 *Non-Motorized Transport*

Hon. Speaker, the public proposed that:

- (i) Hand and ox-carts or donkey-drawn carts trade was carried out by low income earners and there was need to exempt them.
- (ii) Motorcycle permit per month which was similar to peri-urban and urban areas be reduced from Ksh. 2,000 to Ksh. 1,000. They also called for reduction of daily payment from Ksh. 20 to Ksh. 10. The operators complained of poor road network in rural areas making some areas impassable as well as increasing cost of maintenance while keeping fares low to attract customers.
- (iii) Bodaboda operators in urban areas especially Mlolongo requested the County to honour its agreement to construct sheds, toilets and repair roads before they could start charging them the proposed fees.

The Committee and the Members of the Assembly discussed this matter and observed that bodaboda transport needed to be regulated by ensuring the operators pay the proposed charges. Members however noted that bodaboda permit per year of Ksh. 2,000 was a bit high considering the challenges the operators go through and urged the Committee to consider reviewing them together with the daily charges.

Members also observed that operators in urban areas had a genuine demand for requesting sheds, toilets and road repairs and urged the Department of Roads and Transport to look in to the matter urgently.

3.3.3 *Sand Harvesting/Transportation Cess*

Hon. Speaker, members of the public observed that sand harvesting had contributed to environmental degradation and damaging of roads among other negative effects. The public proposed that:

- (i) Sand permits per month be increased and if possible doubled to discourage the activity.
- (ii) Sand harvesting be well coordinated and managed by putting in place policies and regulations that protect areas where the residents have banned sand harvesting, guard against sand scooping and regulate time of sand harvesting.
- (iii) Heavy penalty to be imposed on sand dealers who operated without permits.

The Members of the Assembly discussed the matter noting the concerns of the public and urged the Department of Environment and Natural Resources to ensure that the Machakos County Sand Harvesting Act 2014 was implemented and proper regulations put in place including encouraging citizens to form associations and SACCOs to regulate the activity. Members further agreed that sand from other Counties be levied some amount of money to discourage transporters from obtaining receipts from other Counties and using them to evade payment of cess.

3.3.4 *Red Soil, Pink and White Soil and Fodder*

Hon. Speaker, members of the public proposed that charges for these soils be increased by between 100 to 200 percent. They observed that excavation of the soils left deep holes which required rehabilitation and the amount charged was too little to enable the County to undertake rehabilitation after closure of the sites.

They also noted that pink and white soil had high value and the charges were very little. In addition, they observed that the lorries used to carry pink and white soil were usually overloaded thus causing damage to roads.

The public observed that there were bigger vehicles than a Canter that carry fodder and there was need to include them in the Bill and proposed that 7 tonne to be charged Ksh. 1,500, above 7 tonne Ksh. 2,000 and above 10 tonne to be Ksh. 3,000

3.3.5 Public Markets and Stalls

Hon. Speaker, members of the public proposed:

- (i) Bows, quivers and arrows be zero rated as they were mainly sold by the aged.
- (ii) Fees for 90 kgs of dry maize be reduced from Ksh. 50 to Ksh. 20 as a bag had very little profit margin.
- (iii) Separation of fees for new and second hand clothes.
- (iv) Inclusion of cess for avocados and if possible state charges in terms of tonnage to cater situations where produce was not in bags.
- (v) Stock fees for goats and sheep be reduced from Ksh. 30 to Ksh. 20.
- (vi) Movement permit per head be renamed livestock cess to differentiate it from movement permit issued by Veterinary Department.

3.3.6 Private, Residential and Commercial Rental Houses

Hon. Speaker, the public proposed deletion of words 'private residential' in the phrase 'private, residential and commercial rental house' to guard against misuse of the charges where private residents residing in their own houses may be forced to pay the charges yet they were not in business.

3.3.7 Muguka/ Miraa / Khat

Hon. Speaker, the public observed that consumption of *muguka* had negatively affected youth and families in the County. The public requested for total ban or increase of its charges while regulating time for selling the commodity just like alcohol. The public called on the Department of Finance and Revenue Collection to ensure it collects revenue from the dealers of the commodity and the County Inspectorate to enforce collection and adherence to consumption time.

3.3.8 Gambling Slot Machines

Hon. Speaker, members of the public observed that gambling slot machines were still in existence and public were gambling despite their ban by the National Government. The public called on the County Inspectorate to enforce the ban and penalize those found operating them as per the proposed charges. The public further called for of pool game regulation as school children were involved in playing the game even at night. Those playing the game were doing it all night and this could also be an avenue for abetting crime.

3.3.9 Parks and Open Spaces

Hon. Speaker, members of the public proposed the following views:

- (i) Deletion of traditional dance in the line 'traditional dance/ meeting per day (Mulu Mutisya Garden). Traditional dances were part of Kamba culture and should be promoted and preserved thus they should be free.
- (ii) Charges for political rally should be increased to Ksh. 20,000. This will ensure the garden was maintained and will also offset free charges for traditional dances.
- (iii) Religious meetings per day should be charged Ksh. 3,000. Crusades held at the venue collect a lot of money in form of offering and they also litter the place. Most of preachers were from outside the County.

3.3.10 Parking

Hon. Speaker, members of the public proposed the following views:

- (i) Parking per day for Canters be reduced from Ksh. 500 to Ksh. 300 as they have not been provided with parking area and have been taken outside the Central Business District (CBD) on the way to Nairobi near Kenya Power and Lighting Company (KPLC) offices where they cannot easily get customers. Most of their customers have been taken up by pick-ups which have been retained in the CBD.
- (ii) Parking for pick-ups be increased to Ksh. 150 to level out competition with Canters.
- (iii) Some wards proposed that parking fees at Municipalities (Mavoko, Tala/ Kangundo) should be Ksh. 100 for salon car and Ksh. 150 for pick-ups while others proposed parking fees to be reduced to Ksh. 50. Most of Nairobians leave their vehicles at Mlolongo near gateway mall to evade paying higher charges of Nairobi.

3.3.11 Distribution / Loading

Hon. Speaker, the public proposed that loading and parking charges be combined to one levy and an annual sticker issued to traders who pay this license. They proposed that if a trader has more than 20 vehicles they should be charged as a fleet. The sticker should be transferable in case of mechanical breakdown.

3.3.12 Building Plans

Hon. Speaker, the public observed that construction in the County was expensive and proposed the following:

- (i) That all charges should be reduced by half.
- (ii) Issuance of title deeds and plot transfers should be reduced to Ksh. 500 and Ksh. 1000 from Ksh. 2,000 and Ksh. 10,000 respectively.
- (iii) Development of agricultural structures be zero rated to encourage growth of the sector.

3.3.13 Parking Places and Omnibus/ Bus parks

Hon. Speaker, the operators of public vehicles requested to be allowed to continue paying the charges they were paying in 2019.

3.3.14 Licensing of Premises and Trade

Hon. Speaker, the public proposals were:

- (i) Fees for M-Pesa Agents in rural be reduced from Ksh. 2,000 to Ksh. 1,000. These small agents rarely get deposits in rural set up.
- (ii) Fees for M-pesa Agents and other Agents combined in peri-urban be reduced be reduced from Ksh. 6,500 to Ksh. 2,500 while charges for urban be reduced from Ksh. 8,500 to Ksh. 5,000.

3.3.15 Learning Institutions

Hon. Speaker, the public proposals were:

- (i) Inspection per annum be reduced from Ksh. 3,500 to Ksh. 2,000 in peri-urban and Ksh. 1,500 in rural.
- (ii) Hostel with over 20 students should be reduced from Ksh. 10,000 to Ksh. 7,000 to encourage growth.

3.3.16 Advertising

Hon. Speaker, the public made the following proposals;

- (i) Petrol station branding to be reduced from Ksh. 20,000 to Ksh. 15,000 in peri-urban and Ksh. 10,000 in rural.

- (ii) Posters per poster be reduced in peri-urban and rural as follows; A5 from Ksh. 10 to Ksh. 2; A4 from Ksh.10 to Ksh. 2; A3 from Ksh. 20 to Ksh. 5; and A2 from Ksh. 30 to Ksh. 10.
- (iii) Advertising on billboard p.a in urban and peri-urban to be increased as stated below:
Up to 3sq metre from Ksh. 10,000 to Ksh. 100,000; between 3-5sq metre from Ksh. 20,000 to Ksh. 150,000 and additional charges per sq metre from Ksh. 4,000 to Ksh. 5,000.
- (iv) Door to door promotions per person be reduced from Ksh. 200 to Ksh. 100.
- (v) Penalty for damaging of streetlight per pole to be increased from Ksh. 200,000 to Ksh. 300,000. This will reduce the cases where people maliciously destroy the streetlights.

3.3.17 Business Permits

Hon. Speaker, the public proposals were:

- (i) Fees for registration of Cooperatives be reduced from Ksh. 3,000 to Ksh. 2,000 to encourage growth of cooperatives and help the rural citizens.
- (ii) Interest rate per month (cumulative) be deleted. It amounts to double taxation.
- (iii) Penalty for non-payment of SBP by 30th March be moved to 31st May, 2020 since the Finance Bill was late. In addition the penalty be reduced by 20 per cent of SBP.

3.3.18 Quarrying

Hon. Speaker, the public proposals were:

- (i) Quarry cess; ballast and other crushed material be increased as follows:
 - Semi-trailer per trip be increased from Ksh. 4,300 to Ksh. 5,000.
 - Triple axle per trip be increased from Ksh. 2,400 to Ksh. 4,000.
 - Eight (8) tonne lorry and above be increased from Ksh. 2,300 to Ksh. 3,000.
 - Eight (8) tonne lorry and below be increased from Ksh. 1,500 to Ksh. 2000
- (ii) Application fees for quarry permit annually be increased from Ksh. 5000 to Ksh. 100,000.
- (iii) Quarry extraction fees per quarry annually be increased from Ksh. 3000 to Ksh. 200,000.

3.3.19 Pounds

Hon. Speaker, the public proposed that the release form fee be reduced to Ksh. 750 from Ksh. 200. Pounding of lorries, semi-trailers, Canters, buses, minibus, Nissans/ pick-ups, cars, sales vehicles and tractors should also be reduced by half all other charges be deleted. The public also expressed a concern that the County inspectorate officers were misusing these charges and harassing innocent wananchi while impounding their goods.

3.3.20 Slaughter Houses

Hon. Speaker, the public proposed that charges for the main slaughter houses be reduced to be consistent with those prescribed in the Meat Control Act and made the following recommendations.

- (i) Slaughter slab fee for Sheep/Goat per head be reduced from Ksh 100 to Ksh. 50; and Ksh. 200 to Ksh. 150 for cow per head.
- (ii) Slaughter house license be reduced from Ksh 1,000 to Ksh. 300.
- (iii) Slaughter slab fee for cattle/camel/pig 1-20 be reduced from Ksh. 100 to Ksh. 50.
- (iv) Slaughter slab fee for cattle /camel/pig 21-30 be reduced from Ksh. 130 to Ksh. 50.

- (v) Slaughter slab fee for cattle/camel/pig 31-50 be reduced from Ksh. 150 to Ksh. 100.

The public also noted that the movement permit per animal was misplaced and should be indicated under Agriculture. They recommended that the word veterinary should be added to differentiate it from movement permit for cess. The charges should also be aligned with the Veterinary Act.

3.3.21 Liquor

Hon. Speaker, traders highlighted that the process of acquiring liquor license was very expensive and tedious. Traders requested for re-looking at liquor management in the County and if possible consolidate all the licenses to one. The public gave different opinions from traders whereby they requested that charges for liquor be increased to discourage consumption. The following were the views given by traders:

- (i) Application fee for liquor be reduced from Ksh. 2,000 to Ksh. 1,000 and ensure that the Single Business Permit (SBP) applicable be issued in one inclusive license.
- (ii) Restaurant alcoholic drink license to be reduced from Ksh. 17,000 to Ksh. 15,000 in peri-urban.
- (iii) Wines and spirits general retail alcoholic drink license be reduced from Ksh. 15,000 to Ksh. 12,000 in peri-urban and from Ksh. 12,000 to Ksh. 10,000 in rural.
- (iv) Depot alcoholic drink license be reduced from Ksh. 50,000 to Ksh. 25,000 in peri-urban.
- (v) Temporary or occasional alcoholic drink license per day be zero rated.
- (vi) Bottlers alcoholic drink license be increased from Ksh. 250,000 to Ksh. 500,000.
- (vii) Night club charges be reduced from Ksh. 70,000 to Ksh. 30,000.

The following were the views given by the public:

- (a) Depot and Distributors alcoholic drink license be increased from Ksh. 50,000 to Ksh. 100,000. They were large scale businesses.
- (b) Penalty for unlicensed Alcohol pumps (KEG) per outlet of Ksh. 1,000,000 was very high. They proposed for reduction of the penalty to Ksh. 100,000.
- (c) Wines and spirits general retail alcoholic drink license be increased from Ksh. 15,000 to Ksh. 30,000.
- (d) Night club charges be increased from Ksh. 25,000 to Ksh. 50,000.
- (e) Alcohol pump license (Keg) be increased from Ksh. 15,000 to Ksh. 30,000.

3.3.22 Public Cemetery

Hon. Speaker, the public proposed that burial fee on a permanent grave for an adult citizen be reduced from Ksh. 20,000 to Ksh. 15,000 while that of a child who is a citizen be reduced from Ksh. 15,000 to Ksh. 10,000.

3.3.23 Environment

Hon. Speaker, the views of the public include:

- (i) Penalty for urinating in undesignated places be deleted. However, members of public in other wards proposed that the penalty be increased from Ksh. 500 and the County constructs more public toilets to take care of the plight of diabetic patients.

(Laughter)

- (ii) Penalty for dumping liquid or solid waste material be increased from Ksh. 100,000 to Ksh. 200,000 to discourage pollution.

- (iii) Reduce the environmental management approval fees from Ksh. 4,000 to Ksh 2,000.

3.3.24 Land Rates

Hon. Speaker, the public made the following proposals:

- (i) Land/plot search fee be reduced from 1000 to 500
- (ii) Regularization and issuance of allotment letters be reduced from 10 per cent to 2 per cent of the current market value.

3.3.25 Weights and Measures

The public made the following proposals:

- (i) Application for inspection be reduced from Ksh. 300 to Ksh. 200.
- (ii) Inspection and calibration of counter weighing machines with 5 stones p.a be reduced from Ksh. 400 to Ksh. 300.
- (iii) Fuel pump per annum be reduced from Ksh. 2000 to Ksh. 1000 in peri urban and Ksh. 500 in rural.
- (iv) The County Government should employ experts on the same who will be doing the inspection of the weights and measures.

3.3.26 Health

Hon. Speaker, the public made the following proposals:

- (i) That the exercise of registration for the universal health care (UHC) to be continuous. This would give an opportunity to those who have not registered to do so.
- (ii) That health was universal and thus the charges should be deleted as they were not anchored on any parent law or policy. Those citizens who report at the hospital and they are not registered should be registered at that time. The County should continue using the current charges. The proposed charges were high and discriminatory to persons from other counties who reside in the County where some have resided in the County for over five years. The charges may bring about animosity with neighbouring Counties noting that some of the residents have families in these Counties.
- (iii) Vehicle Transport: Ambulance to Kijabe should be reduced from Ksh. 9,000 to Ksh. 6,000 and to Nairobi from Ksh. 5,000 to Ksh 3,000
- (iv) Fees for students under attachment should be zero rated.
- (v) P3 forms completion and examination for rape and gender-based violence should be free and not Ksh. 1,000.
- (vi) Sanitary inspection of Schools/institution be reduced from Ksh. 3,000 to Ksh. 1,500.
- (vii) That charges for inspection health clearance and issuance of license for the following be reduced as shown:
 - Shop retailing (permanent) be reduced from Ksh. 1,500 to Ksh. 600.
 - Food wholesaler be reduced from Ksh. 2,000 to Ksh. 1500.
 - Eating House be reduced from Ksh. 2,000 to Ksh. 500.
 - Beer depot be reduced from Ksh. 5,000 to Ksh. 1,000.
 - Soda depot/container be reduced from Ksh. 3,000 to Ksh. 500.
 - Butchery be reduced from Ksh. 1,800 to Ksh. 1,000.
 - Medical clinic, nursing homes/ hospital hygiene license reduce from Ksh.13,000 to Ksh. 10,000 in peri-urban.

- Penalty for non-payment of public health license by a business be reduced from Ksh. 20,000 to Ksh. 10,000.
- Penalty for food handlers without medical examination and subsequent approval to be reduced from Ksh. 5,000 to Ksh. 1,000.

3.3.26 Agriculture

Hon. Speaker, the public recommended that soil testing per season to be reduced from 100 to 50. This will help in improving agriculture in the county. The public also noted that there is need to increase the agricultural offices in the ward. They also suggested that vaccination for poultry to should be zero rated.

3.3.27 Single Business Permits (Schedule 4, 5 and 8)

Hon. Speaker, traders in rural, peri-urban and urban areas made the following proposals:

- (i) The County Government be issuing them with licenses on top of payment receipts as they were required by other institutions such as banks among others.
- (ii) The Department of Finance and Revenue Collection should map out towns stated in Schedule 5 (peri-urban) and Schedule 8 (urban) to avoid over-charging traders outside these areas but within the ward which has a peri-urban or urban town. Traders cited Misakwani and Kusyomuomo markets in Machakos Central ward and Kivandini market in Matuu ward being charged urban and peri-urban fees respectively.
- (iii) Traders in kiosks, hawking, large trader/ retail shop, small filling station, small restaurant, butchery with roasted meat, medium eating house and small private educational facility requested their charges under Schedules 4 and 5 be reduced.
- (iv) The public also proposed SBP for large industrial plant be increased from Ksh. 50,000 to Ksh. 500,000; medium industrial plant from Ksh. 35,000 to Ksh. 250,000 and small industrial plant from Ksh. 20,000 to Ksh. 100,000.

3.4 Meeting with Executive Committee Member for Finance and Economic Planning

Hon. Speaker, the County Executive Committee Member (CECM) for Finance and Economic Planning was invited by the Committee on 14th and 15th January, 2020 to give recommendations on the Finance Bill 2019 pursuant to Section 132 (4) of the Public Finance Management Act.

The CECM for Finance and Economic Planning send the Chief Officer, County Treasury, the Chief Officer Finance and Revenue Collection and the Director, Revenue Collection to represent him in the meeting. The recommendations of the CECM, Finance and Economic Planning who is referred herein as the County Executive have been considered in the Bill.

3.5 Submission of Memoranda on the Bill

Hon. Speaker, members of the public and various organizations submitted memoranda on the Bill pursuant to Article 196(1)(b) of the Constitution of Kenya and Standing Order 120(3) of the County Assembly of Machakos Standing Orders. The memoranda were as follows:

1. Kenya Association of Manufacturers (KAM);
2. Dickson M – A concerned Machakos County resident on one Single Business Permit for Liquor Outlets.
3. Kenya National Chamber of Commerce and Industry (KNCCI) Machakos County.

3.5.1 Memorandum by the Kenya Association of Manufacturers (KAM)

Hon. Speaker, Kenya Association of Manufacturers (KAM) is an association whose membership is business organizations in the value addition industry. Its membership comprises of

over 1,000 manufacturing institutions from an array of sectors and services. The Association has a representation of over 100 industries who are major investors in Machakos County. The Association submitted a memorandum on the Machakos County Finance Bill, 2019 on 25th November, 2019 and also held a discussion with Committee on the 26th November, 2019. The Memorandum is annexed to the report as annex 2.

The proposed amendments by the association and deliberations of the Committee were as follows:

- (i) Single Business permits (SBP) on Fourth Schedule on industrial plants. The amount had been continuously hiked from Ksh. 50,000 to Ksh. 85,000 since 2017. The Association proposed for development of predictable tariff and pricing policy to be used as a basis of variations in licensing fees and levies.
- (ii) Distribution and loading fees in the Third Schedule. The Association requested these charges to be deleted as they amounted to double taxation of their members who had already paid SBP and were delivering goods to clients within the County. The Committee observed that manufacturing and distribution business were distinct and traders should pay license for each.
The Association amended the proposal and requested that charges for distribution for trailers per year which had been increased from Ksh. 30,000 to Ksh. 50,000 to be retained at Ksh. 30,000.
- (iii) Quarrying cess: Ballast and other crushed materials. The association requested for a development of a policy framework on cess collection and a percentage of cess collected be utilized in infrastructure development to facilitate ease of doing business. The association proposed deletion of quarry extraction permit per quarry annually as it had already been catered for by the SBP. The association also observed that cess for ballast had been increased contrary to a Memorandum of Understanding (MoU) entered between the Association and the Executive Committee Member for Finance and Economic Planning that the current rates of cess for ballast runs for two years. The association requested for status quo to remain and they continue paying the charges they were paying in 2019.
The Committee observed that the permit was for quarrying only, while SBP allowed the quarry owner to sell the products and the amount had been reduced from Ksh. 200,000 to Ksh. 3,000. The association dropped the proposal.
- (iv) Quarrying permit per acre in the third schedule of Ksh. 100,000 needed to be deleted. It was not clear whether it was for whole parcel of land owned by a client or the area being mined.
- (v) Murram royalties in the third schedule should be deleted as it amounted to double taxation since royalties were paid to National Government.
The Committee observed that the word royalties was an error as it should be murram cess. The association dropped the proposal and requested for the correction of the wording.
- (vi) Extraction Machines permit in the Third Schedule. The association observed that it would amount to double taxation if the operators paid for each machine they were using for quarrying.
The Committee observed that the charges were silent whether the permits were for quarrying machines or such machines that were used for hire and proposed to ensure that they were clear. The association proposed that the words 'for hire' be included to differentiate machines used for quarrying and those hired for other works.

3.5.2 Memorandum by the Mr. Dickson M – A concerned Machakos County resident on one Single Business Permit for Liquor Outlets

Hon. Speaker, the concerned Machakos County resident requested the multiple licenses required to operate liquor outlets be consolidated to one permit so as to maximize on revenue collection.

3.5.3 Memorandum by the Kenya National Chamber of Commerce and Industry (KNCCI)

Kenya National Chamber of Commerce and Industry (KNCCI) is the umbrella body for all business people. The Chamber of Commerce submitted memoranda on liquor licences, plot search, inspections fees, operating hours, police harassment and categorization of bars.

The KNNCI made the following proposals:

- (i) Alcohol pump license for KEG be scrapped as clubs were already paying liquor license thus double taxation. Penalty for unlicensed alcohol pumps (keg) was too punitive.
- (ii) Plot search fee be scrapped.
- (iii) Licenses for bars should be harmonized. Bars paid multiple licenses such as SBP, Liquor, Public health, MCSK and KRA among others.
- (iv) Inspection and application fees be reduced from Ksh. 2,000 to Ksh. 1,000.
- (v) Bar operation hours be increased to enable the businesses make some profits.
- (vi) The police were moving around businesses soliciting for bribes and harassing those who did not cooperate and the County Government should look in to the matter.
- (vii) The County Government should categorize bars according to sizes for purposes of charging licenses but not location alone.
- (viii) The County Government should issue permits to approved bars and restaurants only. There were very many wines and spirits joints selling beers illegally and were open all day thus posing undue competition.

4.0 COMMITTEE OBSERVATIONS AND RECOMMENDATIONS

Hon. Speaker, the Committee considered the views of the public collected during public participation, submissions of the CECM for Finance and Economic Planning and the Memoranda submitted by various bodies.

Based on these views, the Committee makes the following recommendations to be considered by the House during the Committee of the Whole House to amend the Bill:

4.1 Hawking

Hon. Speaker, the Committee observed that the public had requested small scale hawker permit per month be reduced from Ksh. 200 to Ksh. 50 and also all categories of motorized hawkers per day be reduced by 50 percent. The Committee noted that it is more costly to collect revenue from hawkers because they keep on moving from one place to another and they can easily evade payment of the permit. In addition, SBP is less costly to collect and fairly hard to evade. Based on these facts, the Committee does not recommend amendments to hawking charges.

4.2 Public Lavatories

Hon. Speaker, there were no proposals received from the members of the public on lavatories. The Committee is therefore not proposing amendment to public lavatories.

4.3 Non – Motorized Transport (Fees and charges on products)

Hon. Speaker, the Committee observed that the public had requested that traders using hand, oxen and donkey-drawn carts be exempted from paying fees because most of them were low income

earners. Bodaboda operators in rural areas also requested for reduction of yearly charges while those in urban areas requested for sheds, toilets and good roads. The Committee recommends that:

- (a) Fees and charges for hand, oxen and donkey-drawn carts per month be zero rated as the business was operated by low income earners.
- (b) Motorcycle permit per year in rural areas be reduced from Ksh. 2,000 to Ksh. 1,000.
- (c) Motorcycle permit per day be deleted as it was difficult to collect and the bodaboda operators would easily evade its payment.

4.4 Sand Transportation

Hon. Speaker, the Committee observed that some members of the public requested for increment of sand harvesting charges because of the negative effects associated with the activity while others requested for reduction of the charges as the activity was their occupation. The public further requested for proper management of sand harvesting including introduction of weighbridges in sand harvesting areas.

The County Executive informed the Committee that sand dealers were using sand receipts from other Counties to carry sand in the County for free. Kitui, Kiambu and Nairobi had introduced some fees to curb the practice in their Counties. The Committee took the middle ground by not increasing charges for sand permits and instead increasing the penalties.

Based on these views, the committee recommends as follows:

- (a) Payment of sand coming from all areas other than Machakos County be as follows:
 - i) Lorry below 7 tonne (Direct) Ksh. 1,200.
 - ii) Seven (7) tonne lorry (sample, FSR, FVR) Ksh. 1,500.
 - iii) Eight (8) tonne lorry and above (FVZ, KUNGIA, CXZ): Ksh. 2,000.
 - iv) Semi-Trailer: Ksh. 2,500.
- (b) Penalty on non-payment of sand permit be increased from Ksh. 30,000 to Ksh. 100,000.
- (c) Penalty for harvesting sand in un-designated areas be increased from Ksh. 30,000 to Ksh. 100,000.
- (d) Penalty for sand harvesting without sand permit per lorry be deleted as it was similar to penalty on non-payment of sand permit.
- (e) Insert the words 'for hire' immediately after the phrase 'extraction machine' to differentiate them from those used by quarry operators in their business.
- (f) Charges for Pink and white soils for all categories of lorries be doubled as proposed by the public.

Hon. Speaker: Hon. Steve Mwanthi, on (a)(i) to (iv) is it per trip per day or per what period maybe for clarification for the rest of it.

Hon. Mwanthi: It is per trip, Madam Speaker.

Hon. Speaker: Every trip.

Hon. Mwanthi: Yes; coming from other areas other than Machakos County.

4.5 Public Markets and Stalls

Hon. Speaker, the Committee observed that the public had proposed for zero rating of bows and related products, inclusion of cess for avocados and separation of fees for new clothes and second hand clothes. The Committee recommends that:

- (a) Bows, quivers and arrows be zero rated.

- (b) Cess for 90 kg bag of avocados to be: urban Ksh. 60, peri-urban Ksh. 40, rural Ksh. 30.
- (c) 'Movement permit per head' be renamed 'livestock movement cess per head' to distinguish it from permit issued by livestock officers certifying animals being moved from one area to another were healthy.
- (d) The other charges remain as proposed in the Bill.

4.6 Private, Residential and Commercial Rental Houses

Hon. Speaker, the Committee observed that permit on private residential and commercial houses was not clear who will pay the proposed fees. Residents may be forced to pay permit when living in their own homes. The Committee also noted that it was not clear how the County Executive will enforce payment of the permit as the landlords may refuse to pay which may affect the persons who have rented the premises. The Committee recommends:

- i) That the title of this part be amended to read 'rental houses.'
- ii) Deletion of the words 'private residential' in the sentence 'permit on private residential and commercial houses.'
- iii) The County should not bar tenants from paying for their licenses on the excuse that the landlord has not paid rental permit.

4.7 Miraa / Muguka / Khat

Hon. Speaker, the Committee observed that majority of the members of the public proposed banning of miraa / muguka / khat trade in Machakos County or increasing charges due to its negative effects to the residents. The Committee also noted that banning of the trade would affect relationship of the County with those Counties where the product was a cash crop.

The County Executive explained that they were not able to collect revenue when the charges were high because once the vehicles were impounded, the traders abandoned them and the product would spoil. The owners of the vehicles would then come to claim them explaining that they had been hired to transport the goods.

Based on the above observations, the Committee recommends:

- (a) That transportation permit per month of a vehicle be increased from Ksh. 10,000 to Ksh. 15,000.
- (b) Insertion of miraa sellers permit per month per basin (karai) at Ksh. 1,000.
- (c) That miraa health certificate per annum be increased from Ksh. 1,000 to Ksh. 1,500.
- (d) The other charges to remain as proposed.

4.8 Parks and Open Spaces

Hon. Speaker, the public proposed that traditional dance be zero rated at Mulu Mutisya garden to promote culture. The public also proposed increase of fees for political rallies to cushion the decrease. The Committee thus recommends the following amendments:

- (a) That the words 'traditional dance' be deleted in the sentence 'traditional dance/ meeting per day (Mulu Mutisya Garden).
- (b) That charges for Political rally per day be increased from Ksh. 10,000 to Ksh. 20,000.
- (c) That the other charges remain as proposed in the Bill.

4.9 Parking

Hon. Speaker, the Committee observed that KAM and some wards had proposed merging of parking fees and distribution / loading charges to be one for businesses that use own vehicles to deliver goods to their customers since they had paid SBP. The County Executive informed the

Committee that distribution was an independent business line just like manufacturing, wholesaling or retailing and required independent SBP.

In addition, the public proposed reduction of parking fees for Canters as they had been moved out of the CBD and increase of the proposed parking fees at the Tala/ Kangundo and Mavoko municipalities. The Committee recommends:

- (a) Parking per day for canters be reduced from Ksh. 500 to Ksh. 300.
- (b) Distribution/ loading for trailer per year be reduced from Ksh. 50,000 to Ksh. 30,000.
- (c) Parking at for Tala/ Kangundo and Mavoko Municipalities be increased from Ksh. 50 to Ksh. 100.
- (d) The other charges to remain as proposed in the Bill.

Hon. Speaker: So this parking in (c) are is for what? What kind of vehicles for Tala/Kangundo---

Hon. Mwanthi: All vehicles using the designated parking.

Hon. Speaker: Private vehicles? Saloon?

Hon. Mwanthi: Yes.

Hon. Speaker: We note that.

Hon. Mwanthi:

4.10 Building Plans

Hon. Speaker, the Committee observed that the public had requested for reduction of all building plan charges by half so as to reduce cost building and attract more investors. The Committee observed that building plan approval was a major source of revenue and reduction may not yield the targeted revenue. The Committee also observed issuance of title deeds was a National Government activity and it would be difficult to charge it. The Committee recommends:

- (a) Deletion of issuance of title deeds charges.
- (b) That the other charges to remain as proposed in the Bill.

4.11 Parking Places and Omnibus/ Bus parks

Hon. Speaker, the Committee observed that Matatu operators had requested for construction of bus parks before they could start paying the proposed charges. The Committee does not recommend amendments to the proposed charges but urges the County Executive to look at the plight of Matuu, Tala and Mlolongo bus park operators as they are in poor conditions among other areas.

4.12 Licensing of Premises and Trade

Hon. Speaker, the Committee observed that in 2019, revenue clerks charged traders in Peri-urban areas application fees for small scale businesses Ksh. 600 instead of Ksh. 300. The Committee urges the County Executive to charge the correct fees as proposed in the bill and disciplinary action to be taken against any officer who charges otherwise.

The committee further observed that there were proposals to reduce mobile money transfer and bank agencies charges. The Committee observed that the charges had been reduced in 2017 and reducing them further would be counterproductive. The Committee recommends that the charges remain as proposed in the Bill.

4.13 Learning Institutions

Hon. Speaker, the public proposed reduction of inspection fee and the Committee recommends that:

- (a) Inspection per annum be reduced from Ksh. 3,500 to Ksh. 2,000 in all areas.
- (b) The other charges to remain as proposed in the Bill.

4.14 Advertising

Hon. Speaker, the Committee observed that advertisement was main source of revenue for the County thus reducing charges as requested by the public would mean reverting back to charging *mama mboga*. The Committee therefore does not recommend amendments to the proposed charges.

4.15 Drainage and Sewerage

Hon. Speaker, the Committee did not receive proposals of amendments in this section and therefore does not recommend amendments to the proposed charges.

4.16 Taxi Cab

Hon. Speaker, the Committee did not receive proposals of amendments in this section and therefore does not recommend amendments to the proposed charges.

4.17 Business Permits

Hon. Speaker, the public had proposed deletion of three (3) percent interest rate paid by defaulters of SBP as it would amount to double taxation. The County Executive defended the interest rate noting that traders will delay paying for SBP if the interest rate was removed. The Committee engaged the County Executive on the Presumptive Tax and the Chief Officer, Finance and Revenue Collection informed the Committee that all County Chief Officers for Finance and Revenue Collection had informed KRA to collect the tax by itself. The Committee does not recommend amendments in this section.

4.18 Quarrying

Hon. Speaker, the public had requested cess for ballast and other crushed materials and application fees for quarry permit be increased. The County Executive informed the Committee that dealers in quarry materials had gone to court in 2019 to contest charges in the Machakos County Finance Act, 2019 but lost. Kenya Association of Manufacturers (KAM) informed the Committee that it had negotiated with County Executive to retain the rates which they were paying for two years.

The Committee further observed that Quarry extraction fees per quarry annually had been reduced from Ksh. 250,000 charged in 2019 to Ksh. 3,000. To cushion this reduction, royalties on sale of ballast or other crushed materials at the rate of Ksh. 150 per tonne had been introduced.

The Committee observed that changes to quarrying were minimal and proposes amendments as follows:

- (a) Deletion of the in the phrase 'royalties for sale of ballast / crushed materials per tonne (on site)' and replace it with the phrase 'Quarry extraction fees for sale of ballast / crushed materials per tonne (on site)
- (b) Deletion of the word 'royalties' in the phrase 'murram royalties' and replace it with the word 'cess.'
- (c) The other charges remain as proposed in the Bill.

4.19 Pounds

Hon. Speaker, the Committee observed that impounded goods were getting lost in the hands of inspectorate officers. The public said that inspectorate officers were misusing pounding fee and harassing them. The Committee recommends that:

- (a) Release form fee be reduced from Ksh. 750 to Ksh. 200.
- (b) Pounding of lorries, semi-trailers, Canters, buses, minibus, Nissans/ pick-ups, cars, sales vehicles, motorcycles and tractors should also be reduced by half.
- (c) Pounding for building items per item, other equipment, impounded goods/ items per item be deleted.
- (d) Storage for impounded vehicles per night be reduced to Ksh. 500.
Other charges remain as proposed in the Bill.

4.20 Slaughter Houses

Hon. Speaker, the Committee recommends that:

- (a) Movement permit per animal be deleted in this area and inserted in Agriculture.
Word 'veterinary' be inserted after permit to differentiate it from movement permit-
cess.
- (b) The other charges to remain as proposed in the Bill.

4.21 Liquor

Hon. Speaker, the Kenya National Chamber of Commerce and Industry (KNCCI) and Mr. Dickson (Concerned County resident) in their memoranda to the County Assembly requested that the various licenses required for operation of a liquor outlet be merged to one permit. The public in some wards called for increase of some liquor licences to discourage consumption while others requested for reduction so as to ease cost of doing business.

The KNCCI also requested for reduction of charges related to KEG. The Committee having considered these views recommends:

- (a) That all liquor related licenses be consolidated in to one permit.
- (b) Deletion of land / plot search fee. It is misplaced here.
- (c) Depot alcoholic drink license be reduced from Ksh. 50,000 to Ksh. 25,000 in peri urban and to Ksh. 20,000 in rural areas.
- (d) Deletion of outdoor advertising; application fee, inspection fee, bill board up to 4' x 4' and Bill board 5' x 5'. It is misplaced here.
- (e) Deletion of alcohol pump license (KEG)
- (f) Deletion of Penalty for unlicensed Alcohol pumps (KEG) per outlet.
- (g) The County Executive implements the Machakos County Liquor Licensing Act, 2014.

4.22 Control of Water Supplies

Hon. Speaker, the Committee recommends that the charges be retained as proposed in the Bill.

4.23 Refuse Receptacle and Collection

Hon. Speaker, the Committee recommends that the charges be retained as proposed in the Bill.

4.24 Restaurant, Eating House and Snack Bar

Hon. Speaker, the Committee recommends that the charges be retained as proposed in the Bill.

4.23 Public Cemetery

Hon. Speaker, the public proposed reduction of fees for permanent grave for adult and a child. The Committee observed that there was a cheaper option of temporary grave---

Hon. Masesi: Point of order, Madam Speaker.

Hon. Speaker: Hon. Cosmus Masesi.

Hon. Masesi: Madam Speaker, 4.23 is coming twice; it is a repetition, Madam Speaker.

Hon. Speaker: Yes; you are right. I expected another point of order.

PROCEDURAL MOTION EXTENSION OF TIME

Hon. Ndawa: Point of order, Madam Speaker. I am rising on Standing Order 27; it says that the morning sitting is supposed to be from 10.00 a.m. to 12.30 p.m. and in case the business is not likely to be concluded, a motion be moved that we extend. So in view of that, I seek that we move that we extend time to finalize the business at hand. Thank you, Madam Speaker. I call on Hon. Kisila to second my motion.

Hon. Speaker: Hon. Brian Kisila.

Hon. Kisila: Thank you, Madam Speaker. I second the motion.

Hon. Speaker: We proceed.

(The House resumed business as per the Order Paper)

Hon. Mwanthi: Thank you, Madam Speaker. Point of order from Hon. Masesi is taken so I propose that to be 4.31.

Hon. Speaker: No. It was 4.23, 4.24 then 4.23. So you re-number from 4.24 and it should be captured that there is that correction.

Hon. Mwanthi: Thank you, Madam Speaker.

4.25 Public Cemetery

Hon. Speaker, the public proposed reduction of fees for permanent grave for adult and a child. The Committee observed that there was a cheaper option of temporary grave. The recommends that the charges remain as proposed in the bill and the County Executive to fence all public cemeteries in the County and keep them neat to show some respect for the dead

4.26 Environment

Hon. Speaker, the Committee observed that there had been a lot of dumping of liquid waste in River Athi around Mavoko area and this should be discouraged. The Committee recommends that:

- (a) Penalty for dumping liquid or solid waste material be increased from Ksh. 100,000 to Ksh. 500,000 to discourage pollution.
- (b) The other charges to remain as proposed in the Bill.

4.27 Land rates

Hon. Speaker, the Committee recommends that:

- (a) Regularization and issuance of allotment letters be reduced from 10 per cent to 2 per cent of the current market value.

4.28 Weights and Measures

Hon. Speaker, the public requested for employment of County staff to be inspecting weighing scales. The public noted that the private inspectors were charging them high fees and proposed for reduction of some charges. The Committee recommends that:

- (a) Application for inspection be reduced from Ksh. 300 to Ksh. 200.
- (b) Inspection and calibration of counter weighing machines with 5 stones per annum be reduced from Ksh. 400 to Ksh. 300.
- (c) The other charges remain as proposed in the Bill.

4.29 Health

Hon. Speaker, the Committee observed that Universal Health Care (UHC) charges will be rolled out in the entire country starting February, 2020. The Committee also noted that instead of penalizing citizens who have not enrolled with the UHC, the County should register them at the first facility of call when they report for treatment.

The Committee further observed that there was need for a parent law on the UHC from which these charges can be drawn from. The Committee further noted that the charges were very many and needed more time to consider them and also undertake a benchmarking. This was informed by the demands of the public to amend certain items in the proposed charges like internship fees, P3 completion fees, postmortem costs among others.

The Committee therefore recommends for further consultation on the charges with the Committee on Health and Emergency Services, CEC – Health and other stakeholders.

4.30 Agriculture

Hon. Speaker, the Committee recommends the charges remain as proposed.

4.31 Single Business Permits (Schedule 4, 5 and 8)

Hon. Speaker, the public proposed reduction of SBPs for butcheries, small filling stations, large trader / shop, retail store, kiosks and medium eating house. The Committee observed that large business enterprises and large industrial manufacturing industries needed to contribute more to the development of the County.

The Committee recommends that:

- (a) Single Business Permit (SBP) code 805 for large industrial plant be increased to Ksh. 150,000 all areas.
- (b) Single Business Permit (SBP) in rural area for following codes to be reduced:
 - i) Code 105: large trader be reduced from Ksh. 8,000 to Ksh. 5,500.
 - ii) Code 120: kiosk light reduced from Ksh. 1,600 to Ksh. 1,400.
 - iii) Code 335: small filling station reduced from Ksh. 7,100 to Ksh. 5,500.
 - iv) Code 552: medium eating house reduced from Ksh. 4,000 to Ksh. 3,500.
 - v) Code 558: butchery with roasted meat reduced from Ksh. 4,000 to Ksh. 3,500.
- (c) Single Business Permit (SBP) in peri-urban area for following codes to be reduced:
 - i) Code 105: large trader be reduced from Ksh. 10,000 to Ksh. 7,000.

- ii) Code 120: kiosk light reduced from Ksh. 2,000 to Ksh. 1,900.
 - iii) Code 335: small filling station reduced from Ksh. 7,500 to Ksh. 6,500.
 - iv) Code 552: medium eating house reduced from Ksh. 5,000 to Ksh. 4,500.
 - v) Code 558: butchery with roasted meat reduced from Ksh. 5,000 to Ksh. 4,500.
- (d) The other charges remain as proposed.

5.0 GENERAL RECOMMENDATIONS

Hon. Speaker, the Committee makes general recommendations as follows:-

1. The County Government be issuing traders with permits and licenses after paying for them instead of asking them to display payment receipts in their premises as they were required by other institutions such as banks, application for government tenders among others.
2. The Department of Finance and Revenue Collection should map out towns stated in Schedule 5 (peri-urban) and Schedule 8 (urban) to avoid overcharging traders outside these areas but within the ward which has a peri-urban or urban town.
3. Revenue officers should charge what is provided in the Act once enacted and disciplinary action should be taken on those charging otherwise. The County should also train revenue officers on the use of the Act. Revenue officers should wear name tags and carry identification documents when they go round business premises collecting revenue.
4. Service delivery should be improved to match revenue collected from respective sectors of the economy. The County should improve roads leading to quarries, construct toilets in public markets, and construct bus parks and fence livestock markets. The Department of Finance and Economic Planning should ensure each ward had operational revenue office which was adequately staffed.
5. The County Executive should ensure proper policies for management of sand harvesting were in place before opening sand harvesting.
6. The County Executive should publicize the Act and make it available at the ward offices before its use.
7. The County inspectorate should avoid harassing and victimizing business people and they should act professionally. The officers should not move from one business premise to another without a Revenue Officer.
8. The revenue officers or inspectorate should not impound items and goods collected from traders who do not have trade licenses or have not displayed them in the premises.
9. Persons Living with Disabilities should be exempted from paying fees and charges prescribed in the Act once enacted subject to presentation of National Council for Persons with Disability Kenya (NCPDK) documents.

6.0 CONCLUSION

Hon. Speaker, the Committee is grateful to the Office of the Speaker and that of the Clerk to the County Assembly for the support accorded during the Committee sittings and facilitating the Committee to retreat. The Committee further acknowledges the valuable input given by the Hon. Members of the Assembly at different meetings held with them.

The Committee further appreciates the County Executive Committee Member for Finance and Economic Planning for his submissions and recommendations to the Bill. The Committee is thankful to the Kenya Association of Manufacturers (KAM), Mr. Dickson M (the Concerned Machakos County resident), the Kenya National Chamber of Commerce (KNCCI) and all members

of the public for submitting memoranda and giving valuable views on the bill during public participation.

I wish to express my appreciation to the Hon. Members of the Committee who sacrificed their time to participate in the activities of the Committee and in preparation of this report.

It is therefore my pleasant duty and privilege, on behalf of the Committee on Finance and Revenue Collection to table this report on the Machakos County Finance Bill 2019 in this Hon. House for consideration and adoption. Thank you, Hon. Speaker.

(Applause)

(Question proposed)

Hon. Speaker: Hon. Members, I believe now this is the time that you would proceed to debate of the report to discuss.... there is a mix up; just a moment.

Hon. Speaker consulted with the Clerk at the Table)

Hon. Members, I told you that people have been on long holiday but at least I did not go on long holiday mentally, so I have proposed the question Hon. Members and it is time for you to debate but allow me to give you some guidance Hon. Members as you go into the debate, particularly on the report.

Hon. Members remember the process that we are undertaking is seeking to raise funds for the County Government to be able to give services and you remember that the CRA makes a condition on how much revenue you raise locally would determine how much you get from the National Government; have that in mind.

Secondly, Hon. Members, you need to balance the need for raising fund with easing business or encouraging business in the county and having in mind the hard economic times that the government has always talked about and the people of Kenya are experiencing.

The other issue is consideration of the public views because you went round; the public should feel that you heard them and should see you putting into effect what is possible out of what they proposed and then Hon. Members there is also the issue of taking deterrent measures through finances.; you have concerns on environment you know that, you have concerns on the health-related issues particularly on issue of *Miraa* and the youth and children and then also you have the issue of gambling slots and pool tables.

Then on the report itself Hon. Members, just to guide you on needed corrections; if you look at page 25, on the issue of title deeds and building plans. I have noted that the proposal is a deletion of the charges for issuance of title deeds. Please, you cannot do that. Remember the County Government owns property and the County Government leases that property.

What is confusing is that the County Government will give leases but the person who process the lease is the National Government but the National Government remains the owner so that it would give leases to investors within the county of its land and that is title. So the County Government will still need charges to facilitate issuance of leases which you can call titles to facilitate issuance of titles to the people that it has given leases. So think about when you are debating the issues of deleting it is going to bring problems.

Then, on page 27, on the issue of quarrying; remember you have made your decisions and the House is still to debate but remember you need to think about a levy for correcting the damage that is done through this process. I know a number of you have lost electorates particularly children when they go to swim in abandoned quarry sites which are left open even cows get in there and other animals and they die. Think about rehabilitation of the land; think about the roads that you are loading on to the County Government.

Then on page 29 on public cemeteries; note there is a duty that you need to do as part of the County Government. In Machakos County, we don't have a legally-existing cemetery. There is a process of setting up a public cemetery in the law and there is also a process of setting up a dump site in the law so you don't have any legally set up cemetery or dump site.

Those are things you need to think about and what recommendations you can mark as you debate on this important law. So, Hon. Members, let us now go into the work. Hon. Ndawa's hand was up; please go ahead.

Hon. Ndawa: Thank you, Madam Speaker. I will start by congratulating the committee and more so the chairperson for bringing such an elaborate report. Madam Speaker, we have passed so many Finance Bills since we came here but for me the one before this House is now what we call business-friendly Finance Bill; so this is the best according to me.

(Applause)

Madam Speaker; the issues raised during the public participation have all been tackled and I have gone through when the Chairperson was reading or was taking us through we have seen that the views of the electorates and the business people were considered. So, Madam Speaker, I want to say *heko* to that committee for considering the views of the electorates.

Madam, Speaker there are some issues that I want to talk about which have been raised in the recommendations of the committee and I think all the recommendations given by the committee, I think these are the best remedies for the problems we have in Machakos.

Madam Speaker apart from being a Member of County Assembly for Matuu, I am also a business person and for a business person to survive in business, we must have a business-friendly Finance Bill and I believe it has come. Madam Speaker, recommendation No. 1 talks about issuance of the permit; for the last two years we have been paying for the licenses but we have not been issued with the permits.

The receipts that we get fade within a very short time. If you are asked to produce the receipt maybe after three months you cannot be able to read the contents of the receipt. So, Madam Speaker, the recommendation is very clear and I am very sure it's going to address the problem. That receipt is not an official document that you can present before any bank to secure a loan and Madam Speaker, you know in business you may not have all what is required in your business; you need to go and borrow somewhere so that permit is going to assist us to acquire loans from banks. Madam Speaker, I agree 100 per cent in that recommendation.

Recommendation No. 2, Madam Speaker, talks about some towns which are mapped and reflect as if they are in urban but they are not; they have cited an example of few towns one is in Matuu, that is Kavandini. Kivandini is a very small town and there is not much activity in that town and the way the Finance Bill has recommended I also agree with it, with the committee recommendation. If you charge that particular person the way you are charging in Matuu town, honestly we are going to be unfair so the recommendation is also accepted and agreeable.

Madam Speaker, the other issue which the committee has emphasized on is about the issue of the inspectorate officers confiscating goods from the traders. Madam Speaker, in this we need to get the clearance from you or the assurance from you; do the inspectorate officers have capacity to confiscate goods from the traders? If you are selling green vegetables, they pick them in the morning they keep them in their office then they return to you when they are dry. Do they have capacity to do so?

Hon. Speaker: You are the ones who are now passing the law; what is pounding? pounding or storage fees implies the situation that you find me selling this in the wrong place you take it away and go and charge me and find me then you collect it and you pay money for that.

Hon. Ndawa: Madam Speaker, thank you for the advice but there is something we call circumstantial or circumstances which lead to that. Maybe you have displayed your goods to sell, you have gone you have obtained the goods from somebody who.. you buy from somewhere to come and sell in the market, you give all you have to that seller, then you come with nothing in your pockets to sell---

Hon. Speaker: You will sell in the designated market.

Hon. Ndawa: Yes In the designated market then that particular time you are asked to pay Ksh. 100 and in your pockets you have nothing; you request that revenue officer to give you at least an hour to sell the first bunch---

Hon. Speaker: We don't go that way Mheshimiwa Ndawa. If you pass the law and say okay for anyone who have just gotten to the market they will be given time to sell a bit so that now the money they can pay; can you enforce that? Even as an officer, how will you know who has just come in and who has not? If you pass a law on tax, it must be paid when it is needed; either you borrow from somebody because you don't borrow from the government, you borrow from your friend and pay the government, you carry on with your business.

If not so you don't come so what we need to discuss now is it Ksh. 100 or is it Ksh. 50.

Hon. Ndawa: Thank you, Madam Speaker. You know we are in those markets and we see the problems that face our people, Madam Speaker. So I am just requesting that we are going to pass it as the committee has proposed but we kindly request our revenue officers to be human. If you come to me and there are other five traders after me, if I am not ready, why don't you get from that then you come to me without going far.

Hon. Speaker: Hon. Ndawa, there was a meeting that we sat with The Governor and the IG, and the Governor requested that the IG facilitates the training of enforcement officers. When you hear there is that forum, please go and talk to them so that they can also be humane. Now what you do this time is to pass this amount or that amount the rest will be left now for that other forum.

Hon. Ndawa: Thank you, Madam Speaker. my contribution is that whatever has been set by the committee or whatever has been agreed by the committee I do support because the county need funds to do a market shed in Matuu, do a bus park in Matuu, do something else and we if denying the county monies means that we are denying ourselves services.

So, Madam Speaker the other bit that I would wish to talk about is about this *Miraa* and Khat, the committee has set and the executive has set the fees for transportation of that Khat and that *Miraa*. Madam Speaker it is my proposal that the public health department should also come in and should be involved to set means of transporting that particular product. Madam Speaker this Khat is transported using these Probox cars and they are driven very fast so if the reason they are giving is that they just want to reach the market before the product becomes dry, why don't we improvise we say that we have a big vehicle which can carry *Miraa* and we have a fridge in that particular *ninii* so that even if you travel the whole day, your product is secure.

So, Madam Speaker, I am requesting so as to save the lives of our people on our roads, if we can come up or we can propose that we set and we declare that the speed limit should be observed and we come up with that idea of vehicles fitted with fridges, I am very sure we will have saved ourselves and we will have saved our people. Madam Speaker, the document is 100 per cent correct and I do support it. Thank you.

Hon. Speaker: Thank you, Hon. Ndawa. I will come to you Hon. Minority Leader; Hon. Majority Leader.

Hon. Muendo: Thank you, Madam Speaker. Let me also applaud the committee of finance and the Chairmanship for the good work they have done in a short time. As you know Madam Speaker, this was done in two weeks so I applaud them on that. Madam Speaker, I am a bit concerned on the quarry; this is on page 27. Madam Speaker, as we all know the people of Kiambu will talk about coffee, the people of Kiambu will talk about tea because that is what makes them have revenue to run their counties.

Madam Speaker, in Machakos County we produce a lot of ballast and sand and mostly in these quarries, as I have experience because most of them are in Mavoko municipal and most of them are in my ward, I will feel they are not doing justice to this county; the quarry miners. Madam Speaker, in Kinanie we had proposed the license of mining any quarry to be paying permit of Ksh. 500,000 and the reason was.....those are the views of the people of Kinanie.

The reason was we feel that they are doing a lot of damage on our houses because they are using substandard explosives which are not recommended by the government and they have done damage to the houses. When you go to Kinanie dispensary some of the rooms we are not using because they are condemned because of the mining which is going around. Madam Speaker, same people of Kinanie are complaining about the roads. As their Hon. Member, every day and every time, they call me talking about the roads. Who is damaging these roads? These roads are damaged by lorries carrying ballast and quarry materials.

Madam Speaker, let me be frank. Unless there is some hidden agenda on quarries, we are getting nothing on quarries. With my first experience and Hon. Kisini who was a worker when I was councilor in Mavoko Municipality in 1997 to 2000, Hon. Kisini was working that office of revenue and he can ascertain how much we used to collect. Madam Speaker, the quarries were about 20 that time, we have about 40 quarries which are doing mining in Athi River.

Madam Speaker, unless we get good revenue from these miners to make our roads, we will blame the government of today for nothing. Those lorries most of them they don't pass through the weighbridge and they are overloaded. So, Madam Speaker, for I said that we must collect revenue based on what God has given us. I said Kiambu were given coffee and tea, here in Machakos County we were given ballast that is we have the best ballast in Kenya.

So, Madam Speaker, as I come from that area whereby every day and night we don't sleep because of lorries carrying ballast, as far as we are also talking about investment, yes but when you go to those quarries most of them they are using machineries we cannot talk of them having employed anybody. You will find in the quarries there are about two people because they use the machinery they do the crushing, they put on a crusher then there is a loader to load then you come with your lorry, so we cannot say these investors are helping Machakos people.

Madam Speaker, let this House will focus on where to collect revenue and what is coming from that and what advantage we have from those companies. Madam Speaker, sometimes back I was talking about these quarries and I said we can find a way of getting a lot of revenue from.....Last year the same time we had the Finance Bill, I had talked much about these quarries.

Madam Speaker, if we can focus on these quarries very well, we can collect enough revenue and then the *mama mboga* will be free. I believe a *Muhindi* sitting in Nairobi or any investor of those areas and then making more billions because everybody who want to know about the quarries which is going on in Mavoko, just go to Kangundo road and then you go to Kinanie road; you will see lorries after every minute---

Hon. Mwanthi: Point of information.

Hon. Speaker: Point of information from Hon. Steve Mwanthi

Hon. Mwanthi: Thank you, Madam Speaker and I appreciate that member is so much concerned on that and it is an issue that has been taken care of very well by the committee by the introduction of Ksh. 150 per tonne on that same page. This is money that should be paid by the

quarry owners and Madam Speaker, if you calculate Ksh. 150 by 15 tonnes, you will find each and every lorry will now be supposed to pay Ksh. 2250 over and above what was being paid.

If you calculate that you will find a quarry maybe doing like 50 trucks per day that quarry will be paying over Ksh. 100,000 per day other than even getting the half a million per year that means we will even be earning more than whatever the members of public had anticipated.

(Applause)

So it is very well taken care of and the other charges the older charges for the cess of the trucks have remained. That will mean a lorry will be paying like almost Ksh. 5,000 per trip and that will make more money than even we anticipated. My calculation shows me that it will be more, we will be getting Ksh. 700 million from those quarries each and every year. Thank you, Madam Speaker.

Hon. Muendo: Thank you, Madam Speaker. I am very much informed.

Hon. Speaker: Hon. Majority Leader, that was a point of information. Hon. Ngunga, you have another point of information on the same issue?

Hon. Ngunga: Thank you, Madam Speaker and the whole House. I want to appreciate the committee for the good work they have done but while at that again I want to caution the House that while we are talking about raising revenue, remember again the consumers of the products we are talking about are also local. Suffice to understand that most of us use these quarry materials in our building.

I understand that as you put it, the owner of the quarry will actually pass the same to the consumer and the consumer is me and you and the people we represent so that we have to do a very serious business. While I agree with the Leader of Majority that our roads are at stake, while we also agree our environment is at stake, we need to balance as a House and realize the same excess we are talking about is going to be passed to us.

Most of us are in construction business and we know what is taking place. Today what used to be Ksh. 20,000 delivery of ballast is now going to turn out to be Ksh. 30, 000; who is going to be paying this, Madam Speaker? It is me and you. Thank you.

Hon. Speaker: Hon. Member, Majority Leader and the members who have just spoken, what we are discussing here is about balancing interests and very soon I will also ask the House here to make a fact-finding mission on the effects of quarrying activities in Kinanie. I live there myself and I am not hiding that I am already in court having sued because my House is crumbling.

What they do is blast, I guess they use excessive blast and the whole place shakes. Even five kilometers away; you cannot hide your responsibilities because very soon you will be called to address catastrophes in the area and I am actually glad the Hon. Member Majority Leader mentioned even the health center not even individual homes even the health center. These are some of the things you need to balance perhaps and also rehabilitating the environment. I mentioned to it you know Haller Park in Mombasa.

Why do you not insist that once a quarry is decommissioned, let them plant trees what do they give back to the public? What is their corporate social responsibility? Do they dig boreholes for that area to give to the people water? Some of these things you cannot run away from. As for the damage to the homes and so on a number of us are in court so let the court make a decision but again there is also a role you need to address and you would not know until you are there and see and see an establishment like this one crumbling because the whole earth is shaking every time a blast is done.

You saw what happened in Thika. I think the County Government in Thika...Kiambu the people rioted and took action. They said no you cannot do this so that is part of the debate some of the considerations we make and we can continue the points of information having being given. We are still on Majority Leader; Hon. Jacinta if it is not part of the debate let the Hon. Majority Leader finish and then we will come to the Hon. Minority Leader and the other members.

Hon. Muendo: Thank you, Madam Speaker. The information which I got from the chairperson and from Hon. Ngunga; yes I have gone through I have seen the Ksh. 150 per tonne. Madam Speaker, what I am talking about here I am talking with a lot of experience and Madam Speaker, the weight the people of Kinanie and Mavoko are feeling could not be felt by somebody else who is away from Kinanie. This is a document but what I am saying Madam Speaker, the damage to our roads has been done is very big.

Madam Speaker, yes I agree Ksh. 150 per tonne will be more than the Ksh. 500,000 permit but in Kinanie we said they pay the Ksh. 500,000 and also because this is cess also pay cess. There is a difference between cess and permit, Madam Speaker. The business permit we said should be Ksh. 500,000 then a cess of Ksh. 150 per tonne and I can read very well and I know what we recommended. So, you cannot say because you are collecting Ksh. 150 per tonne then say that a license should be Ksh. 3,000. To me, my observation is that it is not clear.

Secondly, the committee could have come out and said the method of collecting this Ksh. 150; yes I have seen somewhere but it is not clear Madam Speaker, because as we are talking we might sit here pass the Bill and we pass it for somebody to make money. For example, the method being used now; when I was a councillor in Mavoko 1997, we used to have vehicles moving, lorries and everything which municipal had and we had no other revenue other than the quarries. In 2002, revenue from ballast and quarries was Ksh. 2.5 million a day and the records are there.

Today if we go very high is Ksh. 800 (??) a day and today Hon. Speaker, we have more quarries than those times. What happened? That is the question. Madam Speaker, I agree with the committee Ksh. 150 but the method of collecting that Ksh. 150; are we going to have those workers we see them with yellow *kabuti* coming on the roadside and instead of being given a receipt, they take the money, they put in the pocket and the lorry goes. Are we going to collect the money for this county?

The Committee should also think of recommending how that money will be collected. Madam Speaker, still on that because that is where I feel we should leave the *mama mboga* in Machakos free and get that money from those investors. The information from Hon. Ngunga I receive it well but what percentage are we consuming in Machakos of those materials? It is actually two percent.

We are not talking about the stones from Kathaana, we are not talking about building materials from Karusha we are talking about the ballast that is now building Nairobi, Kiambu and Kirinyaga and around Muranga. This is where Machakos can collect a lot of revenue. Madam Speaker, I am talking about this with a lot of authority and experience on those quarries.

I also do construction but when you compare the percentage consumed locally and we also we have our old ladies who do manually and they do better because it is on a limestone they do better ballast that the one we get from Athi River. They have done it in Mwala, Katangi and I have seen it all over those are also investors because they are doing it and we are building with those materials so the issue Madam Speaker, of saying it will be passed to the consumers of Machakos the percentage is very small.

The lorries which come down here; there is one out of 20 and 20 going to Nairobi/ Kiambu. I challenge the Hon. Members to calculate the price of tea leaves one packet, you calculate a packet of coffee because we do not grows those commercially then now you come back do Kiambu people say a pack of Ksh. 20 of *majani* will be passed to the consumer. It is irrelevant. Let us be realistic and collect revenue.

(Applause)

What we have in Machakos and what God gave us it is better stone for quarries. Better stones for construction and then in Kinanie we propose that Madam Speaker, for the building stones which are locally here, those are small miners. We do not want to collect anything there because they pay permit at a lower rate because we all need the stones. When you go to Kiambu they have their own mining area. They have a lot of quarries around Thika.

Madam Speaker, I want to make our people free from chasing these *mama mboga* for Ksh. 10 and the committee of finance can do it and make it the *mama mboga* can go free so for Hon. Ngunga for the burden to be passed to the consumer so he can buy *sukuma* free; instead of Ksh. 5, he can now buy at Ksh. 2.

Hon. Speaker: So that the *mama mboga* does not pay but Mheshimiwa Ngunga will still pay for the *sukuma*.

Hon. Muendo: *Sukuma* but instead of Ksh. 10, Ksh. 2 because *mama mboga* is not paying rate. I mean---

(Laughter)

Hon. Speaker: Hon. Members, I personally attended the public participation in Mlolongo/Syokimau. Mlolongo has also part of the quarries and the quarry association members attended and we were trying to find out how many lorries visit those quarries. A member of that quarry said over 1,000 one day and I asked him one day? He said yes because he was saying the charge of Ksh. 1,600; what is Ksh. 1,600 they were paying per lorry and then he told us that one lorry makes three trips in a day so if you do just a simple math Ksh. 1,600 they were saying that is what they were paying. He was trying to argue on reduction of the charges. We asked how much you pay and how many lorries visit the quarry in a day.

He said over 1,000 and so if you take just the minimum of 1,000 lorries and then remember they are passing on those roads which are never done; in fact, they also said they want the roads done that is the people who operate the lorries because they are saying they are getting a lot of break down on the lorries. So they said Ksh. 1600 multiply by three and 1,000 it comes to Ksh. 4.8 million per day. That is just the minimum per day that is what should come to the county if we were collecting by way of...what do you call that charge? Cess, yes by way of cess and that is the bare minimum actually he was saying 1,500, 2000 lorries per day.

So you can see we are sitting on gold mines; we are so rich Machakos. If we emphasized and collected the money we would have really good roads and hospitals. Maybe Hon. Majority Leader can be going towards winding up so that then....Members just hold your horses you contribute on your points so that---

Hon. Muendo: Thank you, Madam Speaker. I thank you because you attended and you heard yourself what I am saying here is the truth on the ground in our area. Madam Speaker, I will propose on these quarries that we collect that cess on site. The method of doing it is very easy. Every quarry had got a weighbridge which is electronic and the moment an investor or a customer comes and buys the ballast, it has to go through the weighbridge. It is for this county to invest a bit on IT whereby they can link those electronic weighbridges with their revenue collection office in Athi River so you just see what is happening daily.

(Applause)

If we continue this way of getting Ksh. 150 on a receipt to somebody wearing a yellow *kabuti* on the way. In fact, most of the people they wear yellow *kabutis* and then they collect cess because nobody knows who is there and who is coming from the county. So Madam Speaker, I propose also that this county government of Machakos because that is where we need a lot of revenue, we do all the roads which are going to the quarries and then we do central point we put our own weighbridge also if the owners of the quarries maybe thinking of dealing with kind of fraud then we will be knowing how many lorries in a day have passed there.

It is very easy in this digital world; you can have a weighbridge with a camera which will be seeing in the office of Jacinta when she is sited in the office; the lorry registration number and the time and the tonnage when you are still in Machakos. So it is very easy it is only because we do not want to invest in that I suppose there should be someone within these quarries; sorry to say. So Madam Speaker, on quarries I think we need also to be serious on that. Madam, Speaker, I am not through, I want to go to industries.

Hon. Speaker: Okay just try to hurry up so that we can also have other views.

Hon. Muendo Yes, but you know Majority Leader Hon. Speaker, has got a lot of time because what I am talking here is sense and should be taken with a lot of weight.

(Laughter)

Hon. Speaker: Let us go on Hon. Majority Leader.

Hon. Muendo: Madam Speaker, let us go to page 30 on the industries. The committee, (a) single business permit code 805 when you go to you booklet you will see for large industrial plants be increased to Ksh. 150. This is large; what are large industries? Golden Africa is in my ward and most of them are in my ward Kinanie. Golden Africa has got 3,000 workers. I went there to see the human resource manager about enquiring whether they have employed from Machakos. You just wonder when you go there.

The personnel manager is a Luhya, the assistant manager is a Luo and I think the other person third is a Kikuyu. How are they going to employ a Kamba? No way. They also have their people so Madam Speaker, when I look and say we recommend and the KAM comes and then says we are blah blah blah. If the committee could have gone there because that is a private entity, it is a company we are not chasing anybody, they could have asked for the turn out in a year how much money they make comparing to what they pay to this county.

Madam Speaker, the same I am talking about whereby we can collect a lot of revenue; Golden Africa is supplying cooking oil, cooking fat and also soap. I was just giving an example then you say that company should pay Ksh. 50,000 for 12 months. We are seated here and Hon. Dan has a club called 3Ds he pays also Ksh. 50,000 with 20 workers. That is 3,000 workers; six lines of different oil being manufactured exported to Uganda, given to our Armed Forces. It is all over Africa then we sit here and say *mama mboga* Ksh. 10, bodaboda Ksh. 200.

Hon. Ngunga: Point of order.

Hon. Muendo: Madam Speaker, let me finish I am almost winding up.

Hon. Ngunga: Madam Speaker, I feel obliged.

Hon. Speaker: Just a moment.

Hon. Ngunga: I feel obliged to correct the Hon. Member on the floor that here we are talking about revenue and there is a difference between revenue and you know there are bodies here. This is a county government and we have the Kenya Revenue Authority. It is the KRA that will be doing what Hon. Majority Leader is saying. When you go for example you talked about...what body is this you talked about that employs 3,000...Golden Africa. Golden Africa the KRA will be there at their gates---

Hon. Speaker: Hon. Ngunga, you are also out of order. We are not talking of taxation; we are talking of license to do business.

Hon. Ngunga: That is where I am.

Hon. Speaker: Hon. Ngunga, hold on. We are saying that if it is a big enterprise and it is making money, there is a way you can charge the license to cushion the small traders who are within the county and who are most likely the majority. If you look at Kenya Power its billing system you notice that for industries like that, they charge a lot of money but for you who is in the house and using one bulb almost nothing you pay because they subsidize your rate.

That is how they do it in the business so we are talking of permits to do business in the county and not taxation on the profits that you make. We need to be clear about that but remember we also said we need to be sure that we can have, retain investors we must be friendly. We must make it possible for them to do business but they should also pay for doing business in the county.

Hon. Muendo: Thank you, Madam Speaker. Sometimes Hon. Ngunga who I respect---

(Laughter)

Hon. Speaker: Hon. Majority Leader can you finish your submissions because we also have---

Hon. Muendo: Who is a teacher---

Hon. Speaker: Please finalize do not go in that direction.

Hon. Muendo: Thank you, Madam Speaker. I was saying; thank you for that guidance. I was saying the permit not the work of KRA in this business. The permit which is supposed to come from the county should not be as little as Ksh. 50,000 a year. Madam Speaker, I would like also to request the county government of Machakos, the executive, that when they want to bring this Finance Bill to bring it when there is time so that the committee can go benchmarking.

The committee could go to Nairobi County and know how much we collect from Firestone which is a big industry then come to KAPA which is just about 500 meters and see how much they pay. That will guide us on quarries they go here in Kitengela, there is a quarry, Kajiado there is a quarry they compare the prices because I know they are higher. So Madam Speaker, on industries I am a bit not happy because first of all, the question of large industries Ksh. 150,000; what is a large industry? We need also to clarify.

Hon. Mwanthi: Point of information.

Hon. Speaker: Point of information on large industry; what is it?

Hon. Mwanthi: Yes. Thank you, Madam Speaker.

Hon. Speaker: On the number of persons employed.

Hon. Mwanthi: You see you will realize that code 2805---

Hon. Speaker: They will give the numbers; population.

Hon. Mwanthi: They have given the population and it is meant for factories that are in peri-urban areas and again on the same all those big companies, when you go to the Bill itself, there is the payment for social cost of harmful behaviour for environmental health pollution (noise and air) and safety management to the community by cement and other polluting entities per annum is put at Ksh. 11 million, Madam Speaker.

Hon. Speaker: So that is on the other charges?

Hon. Mwanthi: Yes, other than the Ksh. 150,000 that is for SBP.

Hon. Speaker: Let us finalize on this aspect Hon. Majority Leader because we need to move forward.

Hon. Muendo: Yes, Madam Speaker. I will still go back to the chairperson; this is very important because when we say Ksh. 11 million, can you be clear who is going to collect the Ksh. 11 million.

Hon. Speaker: It is still the county government nobody else. It is still part of the taxation by the county government. It is still to come from the county government.

Hon. Muendo: Madam Speaker, Ksh. 11 million is collected on what? Is it on permit---

Hon. Speaker: You will go back to the Bill Hon. Majority Leader because there is still a penalty when you damage the environment and they say the polluter pays heavily even in the national law on environment. Is that what you are talking about Hon. Chair.

Hon. Mwanthi: In fact, Madam Speaker, this is not a penalty; the penalty to companies dumping liquid is Ksh. 25 million. The Ksh. 11 million will be a charge and it is on page 133; it is a levy so they are supposed to pay.

Hon. Speaker: When you pay an insurance cover Hon. Majority Leader, when you pay insurance cover all of you who have vehicles; there is a levy that you are charged to facilitate training on insurance matters. So this is a kind of levy to take care of the environment.

Hon. Muendo: Thank you, Madam Speaker. There is still a grey area on that because I am talking about the permit which is paid in a year by the industries and that is what I am looking for because there is a lot of talk in that area that there are some industries who will do what we call corporate social responsibility to the people but Madam Speaker, to me it is not clear, these industries, how much do they pay to this county.

The reason, I have been to Mavoko where the industries are for the last 30 years and I can tell you even some of the industries don't pay cess; I don't want to quote any because it was passed in this House that they will be doing some things for the county government so they should not be paying and that is in record. Madam Speaker, when we talk about this and that, I know what is going on these industries. Our people are not employed but we are not getting enough revenue from these industries.

As I wind up, I would like, we are not competing but I am talking of something which can help this county to collect more money; the best thing is for the committee also to go benchmarking first and find out how many industries we have and how much money because it is not something which is hidden, comes in the county in a year from those industries. That is what I am saying, Madam Speaker. Thank you.

Hon. Speaker: How much do you propose for the Business permit, from Ksh. 150 to how much?

Hon. Muendo: Madam Speaker, this is money which we know will be paid because our inspector will see whether the permit has been paid, I propose in Kinanie Ksh. 500,000.

Hon. Speaker: That is quarrying and we are now on the industries.....that is Golden something.

Hon. Muendo: Golden Africa.

Hon. Speaker: How much in your view would be proper?

Hon. Muendo: Should be Ksh. 1 million per year.

Hon. Speaker: Hon. Steve, what is the permit you said the industries pay? Is it Ksh. 50,000 or Ksh. 150,000? So we move from Ksh. 150,000 to?

Hon. Mwanthi: This is for the companies in peri-urban areas, I was trying to get the ones for Mavoko to see how much and I understand I think it is Ksh. 250,000 the one which is indicated here.

Hon. Speaker: What we are debating here must be captured well also for purposes of the amendment that we are going to have going forward. For Mavoko is urban. Yes it is Ksh. 150,000 for all areas and now the majority Leader in his contribution he is proposing how much per permit?

Hon. Muendo: I am proposing Ksh. 1 million for urban for the large industries because the small ones are scattered all over but we have major ones. We can start with the ones which are making a lot of money.

Hon. Speaker: I am being told last year it was Ks. 50,000 so now the proposal was to increase to Ksh. 150,000. We are talking in English and we don't talk like that. Hon. Jeremiah you are not in the market; you are in the Assembly.

Hon. Munguti: My opinion, I propose they pay Ksh. 1 million.

Hon. Speaker: But we are just guiding you in the last year it was Ksh. 50,000 now it was proposed Ksh. 150,000 and now the opinion of the Member who is on his feet finalizing is Ksh. 1 million. Capture that.

Hon. Muendo: Thank you, Madam Speaker. As I wind up, I want to give an example of how those industries treat us. We went to one of the industries as a House---

Hon. Speaker: Hon. Majority Leader, take my guidance. Let us not bring other issues so that if it is about the employment and how it is, let us be fair to them. You can do a motion but not in this sitting.

Hon. Muendo: Okay, Madam Speaker. I propose Ksh. 1 million and for the committee to do an audit and know how many industries we have in Machakos and how much how they pay and they categorize big or medium, because that has not been done and there are others that are growing. So, Madam Speaker, with all that, I say the committee has heard what they should improve and what they should do. Thank you, Madam Speaker.

Hon. Speaker: Thank you, Hon. Majority Leader. Hon. Minority Leader.

Hon. Kamitu: Thank you very much, Madam Speaker. I want to be very brief because the Majority Leader has really given us a brief and it is on this strength that when we are talking about the committee for finance, it is a committee that is mandated to bring such a report so that we may have good revenue collection.

I want to give my comments on the general recommendations on page 32; this is also in relation to the revenue collected and I would kindly ask the Members to check on recommendation No. 4 where they are asking about service delivery should be improved to make revenue collected from respective sectors of the economy. I am also to what the Majority Leader has said, those areas if the county government is collecting money from those quarry or ballast areas, and in our residential areas Madam Speaker you are aware we have got the quarry areas where we mine items like stones and hardcores.

I am saying this because the county is not giving out a return in regard to those roads. Those lorries, in fact, pay the taxes to our revenue officers and when you ask for remedy like improving the roads because I am talking about residential areas where it is densely populated and the problem we get is that the roads have been made impassable.

So, my question; as a committee what is our oversight mandate in regard to where such lorries are paying a lot money to the county and the roads that are used by those lorries are impassable, they are in a very deplorable state. So, Madam Speaker, my humble request is that revenue collected in those areas there should be a kick back to the residents.

(Applause)

I am talking of a good example like Katine in my area in Tala and in Kathaana where Hon. Ikusya belongs; in our area, the temperatures on the ground like now in the rainy season are very high because some in instances like when we have burial functions, we are even using ox carts to carry coffins Madam Speaker, and the government is collecting money from the lorries. So what are we going to do?

My humble request is that, we have made very good recommendations but then as a House what are we supposed to do as a committee. You have given us very good recommendations but you should also come out in our recommendations the way we are supposed to oversight because that is one duty of this Assembly. Those returns that are supposed to be made in those areas as a committee we should also have an Oversight committee which should be going round to see---

Hon. Mulatya: Point of information, Madam Speaker.

Hon. Speaker: You want to inform him that we have an implementation Committee?

Hon. Mulatya: No.

Hon. Speaker: Hon. Whip, why don't you just let the Hon. Minority Leader finish.

Hon. Mulatya: It is important for him.

(Laughter)

Hon. Speaker: Okay, go ahead. Is it for Hon. Minority Leader or for the House?

Hon. Mulatya: Yes, the government representative. Madam Speaker, I think what he is talking about, the committee has elaborated very well but the committee has said let them form some Saccos there to monitor all these things for the kickbacks he is talking about. All those Saccos---

Hon. Speaker: A kick back is a negative thing.

Hon. Mulatya: Yes because in my ward we have cooperative Saccos so they are working very well down there so I am telling him to tell his people to go and form---

Hon. Speaker: Hon. Mulatya, you are not even assisting. You are making things worse because Hon. Minority Leader is very much on point. Personally, you House have also failed me as your Speaker; I had to pay money out of my pocket to repair my road because it had been damaged by the same trucks you are talking about. So what he is saying is, if those trucks have paid money, let the money be ploughed back to those roads so that you don't have to pay money out of your pockets to do the roads and I think that is what you are talking about on oversight.

Hon. Mulatya: Point of information, Madam Speaker.

Hon. Speaker: No I will not take it Hon. Whip; please rest.

Hon. Kamitu: As I continue, Madam Speaker, look at No. 4; the county should improve roads leading to the quarries, construct toilets in the public markets because our traders there are also paying money. So we need the toilets. Construct bus parks, the matatus they are also paying and fence livestock markets because people who trade with livestock they are paying money. So something should be ploughed back to the community.

Madam Speaker, on the same note, very good recommendations by the committee and we are talking about the Executive ensuring proper policies. Who are supposed to make these policies? The Executive and us as an Assembly. So is there any follow up in regard to those policies because as legislators, we are the people who are supposed to legislate on those policies that regard revenue collection.

You have also said the revenue officer should also be trained---

Hon. Speaker: Hon. Minority Leader, there is information coming and let it be information in one second; Hon. Majority Leader.

Hon. Muendo: I wanted to inform the Minority Leader that these policies originate from Executive and then we tackle them; the first time we came in to the Assembly there were about 16 policies which were listed by the Governor, we have not seen any. Thank you Madam Speaker.

Hon. Speaker: Now, Hon. Majority Leader, that information is also offside because I heard the Minority Leader say well that the Executive and this Assembly and the Assembly as an

oversight body; have you written to ask for those policies. What have you done? That is why I said you are failing in your oversight as an Assembly.

Hon. Kamitu: Thank you Madam Speaker for the same guidance; I don't know whether my point well. We are also saying that the Executive should train the revenue collectors. As an Assembly there should also be a follow up to ensure that revenue officers who are on employment are well-trained so that they do their mandate how it is supposed to be done.

You heard what the Majority Leader what he was saying that in areas where you see these revenue collectors, they are only wearing the uniform but are they actually carrying out their rightful duty in regard to revenue collection because in any Government revenue is paramount to run the economy of the county. So my contribution was as an Assembly, as oversight and legislators, we should go out and ensure that policies made by the Executive are implemented and followed by this Assembly. Thank you, Madam Speaker.

Hon. Speaker: Thank you Hon. Minority Leader. Hon. Museku, Chair of Chairs.

Hon. Museku: Thank you, Madam Speaker

Hon. Speaker: Members kindly, just a moment Hon. Museku; let us start summarizing our contributions because if it has been said, let the government use money which it collects, do you need to say it again because I will be forced now to cut you short; remember we still have a report on appointments today as another business. If we go at this rate we will not finish. So, Members if I find you are taking unnecessary long, I will cut you short because we need to save on time. Hon. Chair of Chairs.

Hon. Museku: Thank you, Madam Speaker, for giving me this time to air my views. I am giving thanks to the Chair and the committee of finance for the report they have done on finance issues or how our government is going to collect finances. A few issues I would like to highlight; one of them is sand harvesting. We have talked about sand harvesting, permits, penalties and all these. Remember we also are supposed to be having sand harvesting sites or areas specifically demarcated for sand harvesting.

We need to be seeing in this Finance Bill licences being issued to authorize sand harvesting areas so that we can be able to curb sand scooping along the roads. If we come up with a permit and we say we are going to be designating specific areas as sand harvesting areas, which will mean therefore that we are giving licenses for an area to be able to give sand, then if a lorry wants to carry sand from a specific area, then it will have to be quoting the permit of the truck will be saying the specific permitted area where the truck is supposed to carry; not just a permit because the minute you are given a sand permit you even collect from along the road.

So, I would like the committee to have a look at that and see whether we can be able to introduce permits for sand harvesting itself.

Hon. Speaker: Hon. Chair of chairs, you can do that as a House. How much would you propose from your view to be charged for such sites so that it can be included in the Bill. You know you are the ones who are making this law; insert what you think we should include.

Hon. Museku: Yes. My suggestion would be, because it depends on the site, the committee will need to do verification on the ground and go and find out the size of the areas that are permitted for sand harvesting because if you charge a flat fee and then you find for example there is somebody who is carrying in Mwala or Masinga as an example---

(Hon. Kisila spoke off record)

Hon. Speaker: Hon. Kisila, nobody gave you the permission to respond and remember he is not addressing Hon. Chair of Chairs

Hon. Museku: Thank you, Madam Speaker. I was just giving an example; that some areas will have more sand than others so maybe we can say if it is this area; the fee is this much; if it is this area the fee is this much. This will also force our youth who have been harvesting that sand to form Saccos so that they can be able to jointly get a permit for their area and that will end up giving those Saccos legal employment and avoid sand scooping all over the place if the committee could be able to do that this will be able to assist.

Hon. Speaker: The proposal Hon. Chair of Chairs is that the committee has an assignment and we are capturing this on the HANSARD to go back and do more work on the Bill which will call now for an amendment to the Bill which we will have to pass today. Are we in agreement on the issue of charges on sand sites? Remember on the time you have for application of this Act. Have that in mind. Hon. Chair of Chairs you can continue.

Hon. Museku: Thank you, Madam Speaker. The other item which I needed to talk about I think you have already mentioned it is on the CSR issue, in as far as the Companies who are being given licenses for quarrying. The large Companies doing quarrying need to have a corporate social responsibility which needs to be directed by us. Normally what they do is that they will go and take a wheelchair, buy two wheelchairs for the physically disabled and go and then their PR person will go and take a photo handing over two wheelchairs and it will be out in their office as part as their cooperate social responsibility.

I know there is the Ksh. 11 million which has been put there for licensing but that is for the large manufacturing farms. I am talking about the quarries; they need to be directly told these quarries here construct a school here, construct a health facility here, construct a polytechnic here so that the quarries which are there can contribute jointly and actually come out with the public utility which once the quarries are gone and the holes are left gaping, we can say we have holes gaping but at least we have a hospital here which was constructed by these people.

(Applause)

I am talking from experience because I was working in Tanzania when Buhemba gold mine, Nyamongo, Kabangoniko gold mine were being commissioned and two years down the line, the Government had to enforce to force those companies who are mining gold there to come out to build schools, construct hospitals for the local people there otherwise the gold goes and the local people are left with gaping holes.

So, it is important for us to ensure we enforce cooperate-social responsibility not leaving them to determine what CSR to do but for us to guide them in what CSR we intend them to put up because I have said that they always take small pictures and they put them in the newspapers and they show they are doing CSR which is not correct.

The other final thing which I would like to talk about is, we have talked about echoing what the Chair of finance has said, yes it is a good thing that now we have introduced Ksh. 150 per tonnage which will definitely double the revenue which we are collecting from the quarries. There is a report which is going to be tabled before this Assembly soon by the *ad hoc* committee on how to enforce that. We have come out with recommendations on how to collect both the revenue which is being collected from outside and how to make sure that the Companies themselves are remitting this Ksh. 150 which we are supposed to be collecting.

If it is implemented, we should be collecting Ksh. 5 million a day from those quarries. Ksh. 2.5 million from the trucks, Ksh. 2.5 million from the quarry owners, that is Ksh. 5 million and that

is Ksh. 1.8 billion a year from one source. Even if the other source gives you Ksh. 2 billion, you are talking about an average revenue collection of Ksh. 4 billion.

Our budget this year was Ksh. 4.6 billion. So we should have been able to finance our own budget from our own local revenue collection but as the Majority Leader said, the biggest challenge we are going to have is to ensure that we come out with internal controls, systemic controls which are going to ensure that the county Government collects all the revenue that it is supposed to collect from those areas.

(Applause)

If that happens, Hon. Members, I am very sure we are going to be able to come out with good policies that can be able to assist this Government. So, Hon. Members, I do not have much to say but to thank the Committee and say that they have done a good job and if this Bill is implemented I am very sure we will be heading in the right direction. Thank you, Madam Speaker.

Hon. Speaker: Thank you, the Chair of Chairs. Hon Mueni.

Hon. (Ms.) Mueni: Thank you, Madam Speaker. I am supporting the words of the Majority Leader of forgetting about the *mama mboga* revenue because we are having so much money in the sand and in quarries. Madam Speaker, by December the people of Mheshimiwa Chair of Chairs at my place in Mumbuni were carrying sand and putting at my gate. I went to the executive---

Hon. Speaker: They were protesting?

Hon. (Ms.) Mueni: Yes. I went to the Executive and I was given two vehicles. When I came with them they just went down to the river. The whole river is at Manza, they are carrying sand there. So, I was about to be killed the following night because they just told me they want the lorries which are carrying the sand. I had to keep quiet because over the night they were saying we do not want that *kamama* to hear us and they are at my gate.

So, they did nothing but even now if you go there, you will find those people carrying that sand. So, those people at the market or those people who are having the yellow *kabutis* can go to all the rivers around and they will be getting the money that they are looking for from the market. They will get hundreds and millions of money from the rivers but not going around disturbing the women who gave you people the votes.

(Applause)

They are just giving you the Ksh. 5 that they have and they are the women who stood on the line for a whole day even the Mheshimiwa for Kiima Kimwe, they are there and they are not talking about those *mamas* of *sukuma*. So, you have to consider the people who brought you here but not the rich men who are.....if Mheshimiwa Ngunga was here, they are considering the people who are carrying the *changarawe*; the big people and the *changarawe* for building the houses.

Hon. Speaker: Hon. Mueni, you are mixing the language. *Changarawe*, you mean the sand?

Hon. (Ms.) Mueni: Yes.

Hon. Speaker: Okay.

Hon. (Ms.) Mueni: So, Madam Speaker, mine is to say that, the committee of finance need to think about what the Majority Leader has said about the women for *mbogas* that they should

forget about that money and they go round. Even on the roads, there are people getting sand and I think Mheshimiwa Chair of Chairs, you have to go to that place of yours and see. Even very soon my house will be carried away by water. The water is coming down so you need to be very careful and go there and check.

Hon. Museku: Point of information!

Hon. Speaker: Hon. Museku, you have been challenged on the environmental degradation caused by sand scooping or harvesting in your Ward.

Hon. Museku: Yes, Madam Speaker. I am thanking the Hon. Member, for what she has said. If you heard in my contribution, it was geared towards the elimination of that. I talked about, we need to give licenses to permitted sand harvesting areas. The rivers which are in my area cannot qualify to be a sand harvesting area.

Hon. Speaker: They scoop?

Hon. Museku: They scoop. All the rivers there are scooping.

Hon. Speaker: That is why Mheshimiwa Mueni is saying the river is coming towards her house because it is being dug.

Hon. Museku: That is why I am saying we need to introduce that so that we can ensure that nobody is given a permit to do sand scooping in areas that are like that. Otherwise, unless we do that, these are called Kasinga people and they are a little bit tough. We are trying to find ways of enforcing it. Thank you, Madam Speaker.

Hon. Speaker: Hon. Museku, when you are at that, there is a page that I was shown on this Bill which is supposed to address the issue of sand yard but by the way, it is but I do not think it is what Mheshimiwa Museku is talking about because you have seen the sand yards are put around Mlolongo and other places that gave the name to Mlolongo, I do not know whether this what is addressed on page 133? It does not look very adequate in the line of the submissions of the Hon. Chair of Chairs.

Hon. (Ms.) Mueni: Madam Speaker.

Hon. Speaker: Hon. Mueni, you will finish. Let him finish because he was on a point of information.

Hon. Museku: Thank you, Madam Speaker. I think these are two different things. What you are talking about there is a sand yard or sand deposit business. Sand yard, you know the people on the roadside who bile sand there? That is what we call a sand yard; sand deposit, same thing. Those are the people who are being targeted here. What I am talking about here is sand harvesting permits or licenses for the people who are going to get it from the source. That is what we need to put here.

Hon. Speaker: So, Hon. Mueni, please finalize.

Hon. (Ms.) Mueni: Madam Speaker, I do not know whether there are people who talked like the Minority Leader who can tell those people of the Executive because he is the one who is from the side of the Government to go just now to my place and see the people who are there. Every

day they take more than 20 lorries and the water is coming down to my place. So, Madam Speaker, I think you have to take action about this.

Hon. Speaker: That is the work we also have the Committee on Environment and I have challenged that committee to also visit areas like Kinanie where there is a problem of quarrying. That committee should also visit the area of Hon. Mueni who is talking about the issue of scooping and the river moving towards her house. It is a serious challenge that we have, Hon. Members. So, Hon. Majority Whip.

Hon. Mulatya: Thank you, Madam Speaker. Mine is very short. One, there is this issue of sand coming from other places other than Machakos. That means maybe if the lorry is coming from Embu County coming to another, that passing through. It is very good that they have brought this idea of charging them but we should also check these people have already paid cess in those other Counties and we might also overcharge them and they go to court and then we end up not getting any money from them.

Like now they have indicated that we get Ksh. 1,200 from them. I feel if these people have also paid, we are supposed to be a little bit lenient with them so that they will not go to court and we will not get that money.

Hon. Munguti: Point of information.

Hon. Speaker: I will just ask the Hon. Whip to suggest the amount.

Hon. Mulatya: Ksh. 800 will be appropriate. There is also this other issue of extraction machines. They have talked of a permit for excavator. You know there are different machines or excavators; we have the large, mini, so it was also good to put like which one? If it was the bigger machine, it is this amount, like my own, it is the mini-excavator and paying Ksh. 10,000 I think will be unfair also.

To wind up, we have the best document right here and I applaud the Chair and the Committee and we know the Chair is very hardworking and very smart; we applaud you for that. Madam Speaker, after we finish this document we are going down for implementation by the Executive and this is where corruption comes in.

I do not like corruption; you will find out down at the roots, Village Administrators, Ward Administrators do not know their work and they will take this document and they start implementing themselves by extorting money from people who are constructing and all these kind of things.

So, it is the work of the Executive to put down even if it means to train these people so that at least the revenue clerks are the ones implementing this document because the work of Village Administrators is unknown and you find they are extorting too much money from there. Thank you.

Hon. Speaker: Implementation is an issue. Hon. Kiteng'u.

Hon. Kiteng'u: Thank you, Hon. Speaker. Mine is on liquor and it is brief because I want to go directly to the night club charges and this is on page 15; (iii), (ii) and (i) on liquor. Hon. Speaker, I will go with the proposals of the Executive for night club Ksh. 70,000 which also the traders had requested that also although as a committee we used the guidance from the Clerk Assitants because of the public participation that we had but most of the Committee Members also agreed that we just do it at Ksh. 50,000 but as a House, I have a different opinion with the amount being Ksh. 50,000 per night club charges, we will have night clubs everywhere and we will find most of the peri-urban they will also have night clubs and a lot of noise and to control this issue of drinking in our

community, I will go with the proposal of and I requested the House we will go with the proposal of the Executive which is Ksh. 70,000 so that we can be able to control this business.

The other one is health. Hon. Speaker, as a committee we saw that it is not good as per the people's views of these charges that have been imposed but in my Ward whereby I am at the border of two Counties whereby in the side of Kivaa Location, I have a Level III facility and I border Embu County, in Kithyokoo Location I border Kitui County. Hon. Speaker, I must attest like on 15th December, 2019 we received medicine from the County Government of Machakos whereby we received enough that can be able to cater for my people for like three months but in three weeks because 70 percent we were treating people from Kitui County and in that connection I see to it that as a House we make sure that we agree with the rates and charges which have been put or imposed by the Executive and we try to advise the people of Machakos, people who reside from Machakos, to register with the Universal Health Coverage so that they can enjoy free treatment. Thank you, Hon. Speaker.

Hon. Speaker: Thank you, Hon. Kiteng'u. Hon. Members, I call upon the Mover of the Motion to reply.

Hon. Mwanthi: Thank you, Hon. Speaker and Hon. Members. As a committee, many of the things that have been raised by the Hon. Members, have or will be captured in the report as we move on at making sure that the County Government of Machakos gets the best rates for Development. But Madam Speaker, I would like to highlight on something small before I sit on the issue of sand harvesting. You see we have the Sand Harvesting Act, 2014 that has been highlighted on our document that it should be followed especially No. 3.

It is indicated just on top after the headline and this is what number three states; the object and purpose of this Act is to provide for a legislative framework for regulating sand harvesting and in particular to:

- a. Require the registration of sand dealers and sand harvesting associations. That is one, it has been captured by the committee and Members have also raised the same.
- b. Estimate sand harvesting areas, sand harvesting hours and sand transportation methods. That is something we feel if followed well, if implemented we can be heading somewhere on that issue.
- c. Provide for an institutional framework for management and regulation of sand harvesting
- d. Provide for rehabilitation and protection of the environment from harmful effects of sand harvesting and related activities.
- e. Provide for benefit sharing and investing back to the community part of the revenue collected from sand harvesting.
- f. Enable communities to participate in the management of sand harvesting.

I believe if all that is followed and then the inclusion of sand harvesting permit, we will go somewhere and that issue will not be there. So, thank you, Madam Speaker and Hon. Members.

(Applause)

Hon. Speaker: Thank you, Hon. Chair, Finance.

(Question put and agreed)

(Applause)

*(The Bill was read a Second Time and committed to a Committee
of the whole House today by leave of the House)*

Mr. Clerk, proceed. Hon. Members, I believe that we are on Order No. 10? We are just through with Order No. 2. Sorry, we are on Order No. 9 which is going to lead us to the Committee of the Whole House.

(Then)

COMMITTEE OF THE WHOLE HOUSE

(Order for Committee read)

[Hon. Speaker left the Chair]

IN THE COMMITTEE

[The Chairperson (Hon. Museku) took the Chair]

THE MACHAKOS COUNTY FINANCE BILL, 2019

Hon. Chairperson: Hon. Members, I think we are finalized with the consultations we were doing here and we may just go ahead and continue with the Committee of the Whole House. Mr. Clerk, proceed.

(Clause 2 agreed to)

(Clauses 3 to 356 agreed to)

(Schedule 1 and 2 agreed to)

Schedule 3

Hon. Mwanthi: Mr. Chairman, I beg to move:-
THAT, Schedule 3 be amended as follows:-

1. NON-MOTORIZED TRANSPORT

THAT under “**NON-MOTORIZED TRANSPORT**” classification and category be amended by as follows—

- (a) By deleting the figure “**100**” relating to non-motorized transport (fees and charges shall only be applicable on the product) “**for hand carts per month**” in urban areas ;
- (b) By deleting the figure “**100**” relating to non-motorized transport (fees and charges shall only be applicable on the product) “**for hand carts per month**” in peri-urban areas;
- (c) By deleting the figure “**100**” relating to non-motorized transport (fees and charges shall only be applicable on the product) “**for hand carts per month**” in rural areas;
- (d) By deleting the figure “**100**” relating to non-motorized transport (fees and charges shall only be applicable on the product) “**for Ox- Cart (Donkey) per month**” in urban areas;

- (e) By deleting the figure “**50**” relating to non-motorized transport (fees and charges shall only be applicable on the product) “**for Ox- Cart (Donkey) per month**” in peri-urban areas;
- (f) By deleting the figure “**50**” relating to non-motorized transport (fees and charges shall only be applicable on the product) “**for Ox- Cart (Donkey) per month**” in rural areas;
- (g) By deleting the figure “**30**” relating to “**boda-boda Motorcycle per day**” in Urban areas;
- (h) By deleting the figure “**30**” relating to “**boda-boda Motorcycle per day**” in peri-urban areas;
- (i) By deleting the figure “**30**” relating to “**boda-boda Motorcycle per day**” in rural areas;
- (j) By deleting the figure “**2,000**” relating to “**boda-boda Motorcycle per year**” in rural areas and substituting therefor the figure “**1,000**”

2. SAND HARVESTING/TRANSPORTATION CESS

THAT under “**SAND HARVESTING/TRANSPORTATION CESS**” categorization be amended —

- (a) By deleting the expression “Payment (Registration)of sand coming from All Areas other than Machakos County.8 Tonne Lorry and above”
- (b) By deleting the figure “ **1,200**” relating to “Payment (Registration) of sand coming from All Areas other than Machakos County.8 Tonne Lorry and above in urban areas;
- (c) By deleting the figure “ **1,200**” relating to “Payment (Registration) of sand coming from All Areas other than Machakos County.8 Tonne Lorry and above in peri-urban areas;
- (d) By deleting the figure “ **1,200**” relating to “Payment (Registration) of sand coming from All Areas other than Machakos County.8 Tonne Lorry and above in rural areas;
- (e) By deleting the expression “Payment (Registration)of sand coming from All Areas other than Machakos County.8 Tonne Lorry and above”
- (f) By deleting the figure “ **1,500**” relating to “Payment (Registration) of sand coming from All Areas other than Machakos County.8 Tonne Lorry and above in urban areas;
- (g) By deleting the figure “ **1,500**” relating to “Payment (Registration) of sand coming from All Areas other than Machakos County.8 Tonne Lorry and above in peri-urban areas;
- (h) By deleting the figure “ **1,500**” relating to “Payment (Registration) of sand coming from All Areas other than Machakos County.8 Tonne Lorry and above in rural areas;
- (i) By deleting the figure “**20,000**” relating to “**penalty on non-payment of sand**” in urban areas and substituting therefor the figure “**100,000**”
- (j) By deleting the figure “**20,000**” relating to “**penalty on non-payment of sand**” in peri-urban areas and substituting therefor the figure “**100,000**”
- (k) By deleting the figure “**20,000**” relating to “**penalty on non-payment of sand**” in rural areas and substituting therefor the figure “**100,000**”
- (l) By deleting the figure “**30,000**” relating to “**penalty for harvesting sand in undesignated areas**” in urban areas and substituting therefor the figure “**100,000**”
- (m)By deleting the figure “**30,000**” relating to “**penalty for harvesting sand in undesignated areas**” in peri-urban areas and substituting therefor the figure “**100,000**”
- (n) By deleting the figure “**30,000**” relating to “**penalty for harvesting sand in undesignated areas**” in rural areas and substituting therefor the figure “**100,000**”

- (o) By deleting the figure “**100,000**” relating to “**Penalty for sand harvesting without sand permit per lorry**” in urban areas
- (p) By deleting the figure “**100,000**” relating to “**Penalty for sand harvesting without sand permit per lorry**” in peri-urban areas
- (q) By deleting the figure “**100,000**” relating to “**Penalty for sand harvesting without sand permit per lorry**” in rural areas

3. PINK SOIL AND WHITE SOIL

THAT under “**PINK SOIL AND WHITE SOIL**” categorization be amended —

- (a) By deleting the figure “**1,000**” relating to “**permit per 7 tonne Lorry per trip**” in urban areas and substituting therefor the figure “**2000**”
- (b) By deleting the figure “**1,000**” relating to “**permit per 7 tonne Lorry per trip**” in peri-urban areas and substituting therefor the figure “**2000**”
- (c) By deleting the figure “**1,000**” relating to “**permit per 7 tonne Lorry per trip**” in rural areas and substituting therefor the figure “**2000**”
- (d) **By** deleting the figure “**1,000**” relating to “**permit per 8 tonne Lorry per trip**” in urban areas and substituting therefor the figure “**2000**”;
- (e) **By** deleting the figure “**1,000**” relating to “**permit per 8 tonne Lorry per trip**” in peri-urban areas and substituting therefor the figure “**2000**”;
- (f) **By** deleting the figure “**1,000**” relating to “**permit per 8 tonne Lorry per trip**” in rural areas and substituting therefor the figure “**2000**”;
- (g) **By** deleting the figure “**2,000**” relating to “**permit above 8 tonne Lorry per trip**” in urban areas and substituting therefor the figure “**4000**”;
- (h) **By** deleting the figure “**2,000**” relating to “**permit above 8 tonne Lorry per trip**” in peri-urban areas and substituting therefor the figure “**4000**”;
- (i) **By** deleting the figure “**2,000**” relating to “**permit above 8 tonne Lorry per trip**” in rural areas and substituting therefor the figure “**4000**”;
- (j) **By** deleting the figure “**3,000**” relating to “**permit for trailer per trip**” in urban areas and substituting therefor the figure “**6000**”;
- (k) **By** deleting the figure “**3,000**” relating to “**permit for trailer per trip**” in peri-urban areas and substituting therefor the figure “**6000**”;
- (l) **By** deleting the figure “**3,000**” relating to “**permit for trailer per trip**” in rural areas and substituting therefor the figure “**6000**”;

4. PUBLIC MARKETS AND STALLS

THAT under ‘**PUBLIC MARKETS AND STALLS**’ categorization be amended —

- (a) By deleting the figure “**5**” relating to “**bow and arrow**” in urban areas
- (b) By deleting the figure “**5**” relating to “**bow and arrow**” in peri-urban areas
- (c) **By** deleting the figure “**5**” relating to “**bow and arrow**” in rural areas
- (d) **By** deleting the figure “**3**” relating to “**bow**” in urban areas
- (e) **By** deleting the figure “**3**” relating to “**bow**” in peri-urban areas
- (f) **By** deleting the figure “**3**” relating to “**bow**” in rural areas
- (g) **By** deleting the figure “**3**” relating to “**arrow**” in urban areas
- (h) **By** deleting the figure “**3**” relating to “**arrow**” in peri-urban areas
- (i) **By** deleting the figure “**3**” relating to “**arrow**” in rural areas
- (j) **By** deleting the figure “**3**” relating to “**quiver**” in urban areas
- (k) **By** deleting the figure “**3**” relating to “**quiver**” in peri-urban areas
- (l) **By** deleting the figure “**3**” relating to “**quiver**” in rural areas

- (m) **By deleting the expression “movement permit per head” and substituting therefor the words “livestock movement cess per head”**

5. PRIVATE, RESIDENTIAL AND COMMERCIAL RENTAL HOUSES

THAT under ‘**PRIVATE, RESIDENTIAL AND COMMERCIAL RENTAL HOUSES**’ categorization be amended —

- (a) **By deleting the words “PRIVATE, RESIDENTIAL &” from the expression “PRIVATE, RESIDENTIAL AND COMMERCIAL RENTAL HOUSES”**

6. MIRAA/MUGUKA/KHAT

THAT under ‘**MIRAA/MUGUKA/KHAT**’ categorization be amended by—

- (a) **By deleting the figure “10,000” relating to “transportation permit per month” in urban areas and substituting therefor the figure “15,000”;**
- (b) **By deleting the figure “10,000” relating to “transportation permit per month” in peri-urban areas and substituting therefor the figure “15,000”;**
- (c) **By deleting the figure “10,000” relating to “transportation permit per month” in rural areas and substituting therefor the figure “15,000”;**
- (d) **By deleting the figure “1,000” relating to “miraa health Certificate per annum” in urban areas and substituting therefor the figure “1,500”**
- (e) **By deleting the figure “1,000” relating to “miraa health Certificate per annum” in peri-urban areas and substituting therefor the figure “1,500”**
- (f) **By deleting the figure “1,000” relating to “miraa health Certificate per annum” in rural areas and substituting therefor the figure “1,500”**

7. PARKS AND OPEN SPACES

THAT under “**PARKS AND OPEN SPACES**” categorization be amended by—

- (a) **Deleting the words “Traditional Dance” appearing immediately before the expression “Meeting per day (MULU MUTISYA GARDEN)”**
- (b) **By deleting the figure “10,000” relating to “Political rally per day” in urban areas.**

8. PARKING

THAT under “**PARKING**” categorization be amended by—

- (a) **By deleting the figure “500” relating to “canter per day” in urban areas and substituting therefor the figure “300”;**
- (b) **By deleting the figure “50” relating to “parking fee(street) at Mavoko,Tala/Kangundo municipalities saloon car per day” in urban areas and substituting therefor the figure “100”;**
- (c) **By deleting the figure “50” relating to “parking fee(street) at Mavoko,Tala/Kangundo municipalities saloon car per day” in peri-urban areas and substituting therefor the figure “100”;**
- (d) **By deleting the figure “50” relating to “parking fee(street) at Mavoko,Tala/Kangundo municipalities saloon car per day” in rural areas and substituting therefor the figure “100”;**
- (e) **By deleting the figure “50” relating to “parking fee(street) at Mavoko,Tala/Kangundo municipalities pick-up per day” in urban areas and substituting therefor the figure “100”;**
- (f) **By deleting the figure “50” relating to “parking fee(street) at Mavoko,Tala/Kangundo municipalities pick-up per day” in peri-urban areas and substituting therefor the figure “100”;**
- (g) **By deleting the figure “50” relating to “parking fee(street) at Mavoko,Tala/Kangundo municipalities pick-up per day” in urban areas and substituting therefor the figure “100”;**

- (h) By deleting the figure “**50,000**” relating to “**distribution/loading trailer per year**” in urban areas and substituting therefor the figure “**30,000**”;
- (i) By deleting the figure “**50,000**” relating to “**distribution/loading trailer per year**” in peri-urban areas and substituting therefor the figure “**30,000**”;
- (j) **By deleting the figure deleting the figure “50,000” relating to “distribution/loading trailer per year” in rural areas and substituting therefor the figure “30,000”;**

9. BUILDING PLANS

THAT under “**BUILDING PLANS**” categorization be amended —

- (a) By deleting the phrase “**title deed issuance/registration**”
- (b) By deleting the figure “**2,000**” relating to “**title deed issuance/registration**” in urban area;
- (c) By deleting the figure “**2,000**” relating to “**title deed issuance/registration**” in peri-urban area;
- (d) By deleting the figure “**2,000**” relating to “**title deed issuance/registration**” in rural area;

10. LEARNING INSTITUTIONS

THAT under “**LEARNING INSTITUTIONS**” categorization be amended by —

- (a) By deleting the figure “**3,500**” relating to “**inspection per annual**” in urban areas and substituting therefor the figure “**2,000**” in urban areas;
- (b) By deleting the figure “**3,500**” relating to “**inspection per annual**” in urban areas and substituting therefor the figure “**2,000**” in peri-urban areas;
- (c) By deleting the figure “**3,500**” relating to “**inspection per annual**” in urban areas and substituting therefor the figure “**2,000**” in rural areas;

11. QUARRYING

THAT under “**QUARRYING**” categorization be amended —

- (a) **By deleting the expression “Murram royalties” and replacing it with the word “Cess”**
- (b) By deleting the expression “**royalties for sale of ballast / crushed materials per tonne (on site)**” and replacing it with the expression “**Quarry extraction fees for sale of ballast / crushed materials per tonne (on site)**”

12. POUNDS

THAT under “**POUNDS**” categorization be amended —

- (a) By deleting the words “**enforcement/security fee**”
- (b) By deleting the figure “**5,000**” relating to “**enforcement/security fee**” in urban areas;
- (c) By deleting the figure “**5,000**” relating to “**enforcement/security fee**” in peri-urban areas;
- (d) By deleting the figure “**5,000**” relating to “**enforcement/security fee**” in rural areas;
- (e) By deleting the figure “**30,000**” relating to “**lorries**” and substituting therefor the figure “**15,000**” in urban areas
- (f) By deleting the figure “**30,000**” relating to “**lorries**” and substituting therefor the figure “**15,000**” in peri-urban areas
- (g) By deleting the figure “**30,000**” relating to “**lorries**” and substituting therefor the figure “**15,000**” in rural areas
- (h) By deleting the figure “**40,000**” relating to “**semi-trailer**” and substituting therefor the figure “**20,000**” in urban areas
- (i) By deleting the figure “**40,000**” relating to “**semi-trailer**” and substituting therefor the figure “**20,000**” in peri-urban areas

- (j) By deleting the figure “40,000” relating to “**semi-trailer**” and substituting therefor the figure “20,000” in rural areas
- (k) By deleting the figure “15,000” relating to “**canter**” and substituting therefor the figure “7,500” in urban areas
- (l) By deleting the figure “15,000” relating to “**canter**” and substituting therefor the figure “7,500” in peri-urban areas
- (m) By deleting the figure “15,000” relating to “**canter**” and substituting therefor the figure “7,500” in rural areas
- (n) By deleting the figure “10,000” relating to “**buses**” and substituting therefor the figure “5,000” in urban areas;
- (o) By deleting the figure “10,000” relating to “**buses**” and substituting therefor the figure “5,000” in peri-urban areas;
- (p) By deleting the figure “10,000” relating to “**buses**” and substituting therefor the figure “5,000” in rural areas;
- (q) By deleting the figure “10,000” relating to “**matatu mini bus**” and substituting therefor the figure “5,000” in urban areas;
- (r) By deleting the figure “10,000” relating to “**matatu mini buses**” and substituting therefor the figure “5,000” in peri-urban areas;
- (s) By deleting the figure “10,000” relating to “**matatu mini buses**” and substituting therefor the figure “5,000” in rural areas;
- (t) By deleting the figure “10,000” relating to “**Nissan/pick-ups**” and substituting therefor the figure “5,000” in urban areas;
- (u) By deleting the figure “10,000” relating to “**Nissan/pick-ups**” and substituting therefor the figure “5,000” in peri-urban areas;
- (v) By deleting the figure “10,000” relating to “**Nissan/pick-ups**” and substituting therefor the figure “5,000” in rural areas;
- (w) By deleting the figure “6,000” relating to “**Car/taxis**” and substituting therefor the figure “3,000” in urban areas;
- (x) By deleting the figure “6,000” relating to “**Car/taxis**” and substituting therefor the figure “3,000” in peri-urban areas;
- (y) By deleting the figure “6,000” relating to “**Car/taxis**” and substituting therefor the figure “3,000” in rural areas;
- (z) By deleting the figure “7,000” relating to “**sales vehicle**” and substituting therefor the figure “3,500” in urban areas;
- (aa) By deleting the figure “7,000” relating to “**sales vehicle**” and substituting therefor the figure “3,500” in peri-urban areas;
- (bb) By deleting the figure “7,000” relating to “**sales vehicle**” and substituting therefor the figure “3,500” in rural areas;
- (cc) By deleting the figure “20,000” relating to “**Tractors/Earth movers, plant equipment**” and substituting therefor the figure “10,000” in urban areas;
- (dd) By deleting the figure “20,000” relating to “**Tractors/Earth movers, plant equipment**” and substituting therefor the figure “10,000” in peri-urban areas;
- (ee) By deleting the figure “20,000” relating to “**Tractors/Earth movers, plant equipment**” and substituting therefor the figure “10,000” in rural areas;
- (ff) By deleting the figure “200” relating to “**handcraft/wheelbarrow**” and substituting therefor the figure “100” in urban areas;
- (gg) By deleting the figure “200” relating to “**handcraft/wheelbarrow**” and substituting therefor the figure “100” in peri-urban areas;
- (hh) By deleting the figure “200” relating to “**handcraft/wheelbarrow**” and substituting therefor the figure “100” in rural areas;

- (ii) By deleting the figure “400” relating to “Ox-cart” and substituting therefor the figure “200” in urban areas;
- (jj) By deleting the figure “400” relating to “Ox-cart” and substituting therefor the figure “200” in peri-urban areas;
- (kk) By deleting the figure “400” relating to “Ox-cart” and substituting therefor the figure “200” in rural areas;
- (ll) By deleting the figure “500” relating to “bicycles” and substituting therefor the figure “250” in urban areas;
- (mm) By deleting the figure “200” relating to “bicycles” and substituting therefor the figure “100” in peri-urban areas;
- (nn) By deleting the figure “200” relating to “bicycles” and substituting therefor the figure “100” in rural areas;
- (oo) By deleting the figure “1000” relating to “motorcycle” and substituting therefor the figure “500” in urban areas;
- (pp) By deleting the figure “800” relating to “motorcycle” and substituting therefor the figure “400” in peri-urban areas;
- (qq) By deleting the figure “800” relating to “motorcycle” and substituting therefor the figure “400” in rural areas;
- (rr) By deleting the figure “750” relating to “release form fee” and substituting therefor the figure “200” in urban areas;
- (ss) By deleting the figure “750” relating to “release form fee” and substituting therefor the figure “200” in peri-urban areas;
- (tt) By deleting the figure “750” relating to “release form fee” and substituting therefor the figure “200” in rural areas;
- (uu) By deleting the words “other equipment”
- (vv) By deleting the figure “250” relating to “other equipment” in urban areas;
- (ww) By deleting the figure “100” relating to “other equipment” in peri-urban areas;
- (xx) By deleting the figure “100” relating to “other equipment” in rural areas;
- (yy) By deleting the words “building items per item”
- (zz) By deleting the figure “500” relating to “other equipment” in urban areas;
- (aaa) By deleting the figure “250” relating to “other equipment” in peri-urban areas;
- (bbb) By deleting the figure “250” relating to “other equipment” in rural areas;
- (ccc) By deleting the words “impounded goods/item per item”
- (ddd) By deleting the figure “500” relating to “impounded goods/item per item” in urban areas;
- (eee) By deleting the figure “250” relating to “impounded goods/item per item” in peri-urban areas;
- (fff) By deleting the figure “250” relating to “impounded goods/item per item” in rural areas;
- (ggg) By deleting the figure “2,000” relating to “Storage of impounded vehicles per night per vehicle” and substituting therefor the figure “500” in urban areas
- (hhh) By deleting the figure “2,000” relating to “Storage of impounded vehicles per night per vehicle” and substituting therefor the figure “500” in peri-urban areas
- (iii) By deleting the figure “2,000” relating to “Storage of impounded vehicles per night per vehicle” and substituting therefor the figure “500” in rural areas.

13. LIQUOR

THAT under “LIQUOR” categorization be amended by —

- (a) By deleting the figure “application/inspection fee”
- (b) By deleting the figure “2,000” relating to “application/inspection fee” in urban area;

- (c) By deleting the figure “**2,000**” relating to “**application/inspection fee**” in peri-urban area;
- (d) By deleting the phrase “land/plot search fee”
- (e) By deleting the figure “**1,000**” relating to “**land/plot search fee**” relating to urban areas;
- (f) By deleting the figure “**1,000**” relating to “**land/plot search fee**” relating to peri-urban areas;
- (g) By deleting the figure “**1,000**” relating to “**land/plot search fee**” relating to rural areas;
- (h) By deleting the figure “**2,000**” relating to “**application/inspection fee**” in rural area;
- (i) **By** deleting the figure “**50,000**” relating to “**Depot alcoholic drink license**” in peri-urban area and substituting therefor the figure “**25,000**”;
- (j) **By** deleting the figure “**50,000**” relating to “**Depot alcoholic drink license**” in peri-urban area and substituting therefor the figure “**20,000**”;
- (k) By deleting the phrase “**outdoor advertising**”
- (l) **By** deleting the phrase “**application fee**”
- (m) By deleting the figure “**2,000**” relating to “**application fee**” in urban area;
- (n) By deleting the figure “**2,000**” relating to “**application fee**” in peri-urban area;
- (o) By deleting the figure “**2,000**” relating to “**application fee**” in rural area;
- (p) deleting the phrase “**inspection fee**”
- (q) By deleting the figure “**2,000**” relating to “**inspection fee**” in urban area;
- (r) By deleting the figure “**2,000**” relating to “**inspection fee**” in peri-urban area;
- (s) By deleting the figure “**2,000**” relating to “**inspection fee**” in rural area;
- (t) **By** deleting the phrase “**Bill Board up to 4’ x 4’**”
- (u) By deleting the figure “**5,000**” relating to “**Bill Board up to 4’ x 4’**” in urban area;
- (v) By deleting the figure “**5,000**” relating to “**Bill Board up to 4’ x 4’**” in peri-urban area;
- (w) By deleting the figure “**5,000**” relating to “**Bill Board up to 4’ x 4’**” in rural area;
- (x) **By** deleting the phrase “**Bill Board up to 5’ x 5’**”
- (y) By deleting the figure “**5,000**” relating to “**Bill Board up to 5’ x 5’**” in urban area;
- (z) By deleting the figure “**5,000**” relating to “**Bill Board up to 5’ x 5’**” in peri-urban area;
- (aa) By deleting the figure “**5,000**” relating to “**Bill Board up to 5’ x 5’**” in rural area;
- (bb) **By** deleting the phrase “**Alcohol pump license(KEG)**”
- (cc) By deleting the figure “**30,000**” relating to “**Alcohol pump license(KEG)**” in urban area;
- (dd) By deleting the figure “**15,000**” relating to “**Alcohol pump license(KEG)**” in peri-urban area;
- (ee) By deleting the figure “**10,000**” relating to “**Alcohol pump license(KEG)**” in rural area;
- (ff) By deleting the phrase “**penalty for unlicensed Alcohol pumps (KEG) (Per outlet)**”
- (gg) By deleting the figure “**1,000,000**” relating to “**penalty for unlicensed Alcohol pumps (KEG) (Per outlet)**” in urban area;
- (hh) By deleting the figure “**1,000,000**” relating to “**penalty for unlicensed Alcohol pumps (KEG) (Per outlet)**” in peri-urban area;
- (ii) By deleting the figure “**1,000,000**” relating to “**penalty for unlicensed Alcohol pumps (KEG) (Per outlet)**” in rural area;

14. PUBLIC CEMETERY

THAT under “**PUBLIC CEMETERY**” categorization be amended by—

- (a) By deleting the figure “**15,000**” relating to “**child**” in urban areas and substituting therefor the figure “**10,000**”

- (b) By deleting the figure “15,000” relating to “child” in peri-urban areas and substituting therefor the figure “10,000”
- (c) By deleting the figure “15,000” relating to “child” in rural areas and substituting therefor the figure “10,000”

15. ENVIRONMENT

THAT under “ENVIRONMENT” categorization be amended by —

- (a) By deleting the figure “100,000” relating to “penalty for dumping liquid or solid waste material ” in urban areas and substituting therefor the figure “500,000”;
- (b) By deleting the figure “100,000” relating to “penalty for dumping liquid or solid waste material ” in peri-urban areas and substituting therefor the figure “500,000”;
- (c) By deleting the figure “100,000” relating to “penalty for dumping liquid or solid waste material ” in rural areas and substituting therefor the figure “500,000”;

16. LAND RATES

THAT under “LAND RATES” categorization be amended

- (a) By deleting the figure “10” relating to “10% of current market value” and substituting therefor the figure “2%” in urban areas;
- (b) By deleting the figure “10” relating to “10% of current market value” and substituting therefor the figure “2%” in peri-urban areas;
- (c) By deleting the figure “10” relating to “10% of current market value” and substituting therefor the figure “2%” in rural areas;

17. WEIGHTS AND MEASURES

THAT under “WEIGHTS AND MEASURES” categorization be amended

- (a) By deleting the figure “300” relating to “application for inspection” and substituting therefor the figure “200” in urban areas;
- (b) By deleting the figure “300” relating to “application for inspection” and substituting therefor the figure “200” in peri-urban areas;
- (c) By deleting the figure “300” relating to “application for inspection” and substituting therefor the figure “200” in rural areas;
- (d) By deleting the figure “400” relating to “inspection and calibration of counter weighing machines with 5 stones p.a” and substituting therefor the figure “300” in urban areas;
- (e) By deleting the figure “400” relating to “inspection and calibration of counter weighing machines with 5 stones p.a” and substituting therefor the figure “300” in peri-urban areas;
- (f) By deleting the figure “400” relating to “inspection and calibration of counter weighing machines with 5 stones p.a” and substituting therefor the figure “300” in rural areas

18. HEALTH

THAT under “HEALTH” categorization be amended by deleting the following fees and charges in PART 27 relating to Universal Health Care—

PART 27	HEALTH		
ITEM DESCRIPTION	UNIT OF MEASURE		CHARG ES 2019

PART 27	HOSPITALS LEVEL 3,4 & 5		
Universal Health care	Per household		Free
OXYGEN FILLING			
Oxygen filling 8.5	cubic meters (M3)		2,500.00
Oxygen filling 6.8	cubic meters (M3)		2,000.00
Oxygen filling 3.4	cubic meters (M3)		1,500.00
Oxygen filling 1.3	cubic meters (M3)		1,000.00
RENAL SERVICES			
Haemodialysis	Per session (NHIF)		8,500.00
	Per session (cash payers)		7,500.00
Central line/catheter insertion	Once		13,000.00
INTENSIVE CARE UNIT SERVICES			
Bed charges	Per day		9,000.00
I.C.U deposit	Per person		30,000.00
Cardiac Monitoring	Per day		1,000.00
Ventilator	Per day		1,000.00
Nursing care	Per day		500.00
Blood. Gas. Analysis	Per day		2,000.00
PART 27	MACHAKOS COUNTY HEALTH CARE		
ITEM DESCRIPTION	UNIT OF MEASURE		CHARG ES
NB: Drugs and consumables to be charged separately			
LABORATORY SERVICES			
Blood gas analysis	3 parameters		1,500.00
Blood gas analysis	5 parameters		3,000.00
RADIOLOGY			
Skull/CT head	Per session		6,000.00
Abdomen	Per session		6,000.00

Pelvis		Per session		5,000.00
Spine		Per session		6,000.00
Chest		Per session		5,000.00
Extremities		Per session		5,000.00
CT head with contrast		Per session		7,500.00
Abdomen with Contrast		Per session		7,500.00
Chest with contrast		Per session		7,500.00
Absconders				
Index	Code	Item/Service		Rate KSH
1	ABS001	Absconders	-

19. AGRICULTURE

That under the category of “AGRICULTURE” be amended —

- (a) By deleting the figure “100” relating to “Soil testing per shamba per season” and substituting therefor the figure “50” in urban areas;
- (b) By deleting the figure “100” relating to “Soil testing per shamba per season” and substituting therefor the figure “50” in peri-urban areas;
- (c) By deleting the figure “100” relating to “Soil testing per shamba per season” and substituting therefor the figure “50” in rural areas;
- (d) By deleting the expression “domestic animal/poultry/pet vaccination ”
- (e) By deleting the figure “50” relating to “domestic animal/poultry/pet vaccination ” in urban areas;
- (f) By deleting the figure “50” relating to “domestic animal/poultry/pet vaccination ” in peri-urban areas;
- (g) By deleting the figure “50” relating to “domestic animal/poultry/pet vaccination ” in rural areas;

(Question of the amendment proposed)

Hon. Muendo: Thank you, Hon. Chair. I wanted to propose some amendment on the fees which the Chair said of industries of Ksh. 11 Million which is supposed to be paid in a year that before they get the normal permit of Ksh. 150,000 which was proposed by the committee, they should produce the receipts on the Ksh. 11 Million to show that they have paid. Thank you, Hon. Chair. I call upon Hon. Ndawa to second my amendment.

Hon. Ndawa: Thank you, Mr. Speaker, Sir. I do second.

Hon. Chairperson: Before I put the question, I just want to give a bit of clarification so that you understand what has happened is that the Hon. Majority Leader has moved an amendment and it has been seconded that the Ksh. 11 Million being charged on the large manufacturing firms, and here we are talking about the cement factories and all those, who are supposed to pay Ksh. 11 Million as part of their environmental impact cushioning for the County is moved that before they are issued with a single business permit of Ksh. 150,000 to operate, they must show proof of payment of the Ksh. 11 Million, and he has been seconded and therefore that amendment has been taken into place. Is there any other amendment because when I put the question I will put it at once?

Hon. Muendo: I can elaborate a bit. Hon. Members, don't think these figure of Ksh. 11 Million is new; it has been there all the years. What is supposed to be done, they should give receipts to the Executive showing that they have paid the Ksh. 11 Million. It is not something which is being introduced but this has not been happening, so we are saying that if they want to get the business permits, they should show the receipts that they have paid the Ksh. 11 Million to the County Government before they get the license. It is not something which I have introduced; it has been there for years and years but it is not collected.

Hon. (Ms.) Ndeti: What happens?

Hon. Muendo: Pardon?

Hon. (Ms.) Ndeti: You are trying to tell us that---

Hon. Chairperson: Hon. Helen, your machine is off and the other thing is that procedurally, you need to seek permission from the Chair when there is a Member on the floor, but Majority Leader has yielded, so go ahead and give your contributions, but put on the machine.

Hon (Ms.) Ndeti: Mr. Chairman, I am very sorry for breaking the rules of the House. Mine was to say that I just wanted to add to what Majority Leader is stating because I know there are some companies in this county that are polluting our environment and we are not strong enough to ensure that we collect this fee of Ksh. 11 Million. So, I agree with Majority Leader that as they pay the single business license, they must also pay the Ksh. 11 Million. That one I fully support.

Hon. Chairperson: Thank you, Hon. Member. Any other Member with another amendment? Hon. Judas Ndawa.

Hon. Ndawa: Mr. Speaker, it is just to put more weight on what the Majority Leader and the previous contributor has said. We are going to use this as a requirement. Before you come and apply for the permit, it is going to be a requirement that you table the receipt of that money that is for that environmental degradation that you are causing. Thank you, Mr. Speaker.

Hon. Chairperson: Hon. Kisila.

Hon. Kisila: Mr. Chairman, there is what Majority Leader proposed on single business permit for these industries. I would like us to put that amount, because Ksh. 150,000 is too low and we need to agree on an amount. Personally, I am proposing, big industries to pay Ksh. 1 Million, medium industries Ksh. 750,000 and small industries Ksh. 500,000 for single business permits for industries.

Secondly, there is what you proposed about designated sand harvesting sites. That is a very important thing because anywhere where there will be no designated site means it is a no-go zone and no one is supposed to go there and they need a permit, a special permit to do that sand harvesting. So, those are the two amendments I am proposing, Mr. Chair.

Hon. Chairperson: You need to be seconded, and then before you are seconded, I just want to make a clarification. I think for the sand harvesting, we need to come out with a figure so that we don't have to sit back again here. I would propose every sand harvesting site to pay Ksh. 50,000 a year. The implication of that is that there has to be major, because the minute you put Ksh. 5,000 or Ksh. 2,000, those boys will, even the truck owners will pay for them and say that you can now be able to go ahead and become a sand harvesting area.

We need first of all, because the Chair of Finance Committee pointed out that the Sand Harvesting Act stipulates that there has to be designated areas, so the designated areas which have been designated for sand harvesting, we are saying they pay Ksh. 50,000 per annum and those areas be actually identified and gazetted as designated areas so that everybody knows which are the designated, gazetted areas for sand harvesting, mentioning the river and the area where it comes from. Hon. Francis.

Hon. Kalumu: I am supporting your argument but the only way we can achieve that is through registration of those people who harvest sand into SACCOs and make sure that... because if you say that they must pay Ksh. 50,000, who will pay? They are just people who have come in terms of a group. They are not registered in any way. So for us to get this money, the only way we can do is to suggest in this Bill that we need them to form SACCOs so that now we can be able to get money from them. Thank you.

Hon. Chairperson: Hon. Kisila.

Hon. Kisila: Mheshimiwa is right. The Sand Act is actually there and it talks about the required registration of sand dealers and sand associations, but this must go through a public participation process where *wananchi* agree and then what the Deputy Speaker is saying, they must be gazetted, and personally, I think Ksh. 50,000 is too low.

I propose Ksh. 100,000, and it has to be paid, not to individuals, but through the registered SACCOs. You are proposing Ksh. 50,000, I am proposing Ksh. 100,000 annual fee for those SACCOs.

Hon. Chairperson: Thank you Hon. Kisila. Just for procedural purposes, what we are having right now is implementation of the Sand Harvesting Act and ensuring that we have got registered SACCOs who are being licensed to harvest sand in designated sand harvesting areas. Is that the correct statement? And then the charge to be Ksh. 100,000 per SACCO or per designated site area. Is that correct?

So that needs to come out clearly in the final Bill so that now it can be enforced. Hon. Kisila you might need to have somebody to second you. Hon. Johanna you had something before he finishes?

Hon. Munyao: Chair, maybe, I don't know, I am only trying to think aloud, I don't know what the Act says in terms of the parameters which inform an area to be termed as a designated sand harvesting area, and if it is not there, maybe that is something which ought to be taken into consideration before we come up with the figure. I don't know the potential, whether it has been stated.

Hon. Chairperson: I agree with what you are saying. The Act talks about designated sand harvesting areas. Now, NEMA is the one that is supposed to give the go-ahead on the area... it is one of the requirements that NEMA has to do what you call an Environmental Impact Assessment report of the area and come back and say based on the impact assessment, this area can be licensed to be issuing sand. They must be having criteria which they follow in terms of volume, in terms of the area and what it is.

So we are saying that ours will come into effect after the area has already been designated as a sand harvesting area. So, the enforcement or the determination of this area as a sand harvesting area falls under NEMA who have to do an impact assessment. So we are saying, if an area has been given a permit as a sand harvesting place, then public participation must be done so that that Environmental Impact Assessment is endorsed by the locals. So, I think we leave it as Ksh. 100,000 which has been proposed, based on the designated sand harvesting areas. Yes?

Hon. Kisila: This Act even goes further and talks about harvesting areas, harvesting hours and transportation methods. It is actually very detailed; even at night, you are not supposed to harvest sand in these areas. So, this is a very detailed Act which actually we can enforce and it will work very well. So, Chair, I think all Members need to acquaint themselves with this, it will be very good.

Hon. Chairperson: Hon. Minority Leader.

Hon. Kamitu: Chair, I just want to reinforce the statement made by Hon. Members because I was in the First Assembly and this Act was passed in 2014, and it is giving out very clear policies on what is supposed to be followed so I totally support the sentiments put in this Assembly by the Hon. Members. Thank you.

Hon. Chairperson: The seconder, so that we can be able now to put the question?

Hon. Kisila: I call upon Minority Leader to second my amendment.

Hon. Kamitu: Hon. Speaker, I stand to second.

Hon. Chairperson: Thank you. Any other amendment in this Schedule? They are two and he has seconded both of them. Your proposal is for two amendments; the first amendment is for the single business permit: Ksh. 1 Million, Ksh. 750,000 and Ksh. 500,000. The second amendment, which he has also seconded, is the one for sand harvesting. Hon. Majority Leader.

Hon. Muendo: Hon. Chair, I still stand on amendment on the section on quarries. I still maintain the permit quarries pay is too low. As we say we are collecting Ksh. 150 per tonne, that is collection from the business people who are dealing with ballast; it is not from the quarry. So, as we are collecting Ksh. 150 which I agree, which is okay, I suggest an amendment of increment of quarry permit to Ksh. 1 Million per year and I ask Hon. Kisini to second my amendment.

Hon. Kisini: I second the proposal.

Hon. Chairperson: Any other amendments? Your amendment applies to the 30 major quarries; the Ksh. 1 Million, so that the normal quarries are not affected by the Ksh. 1 Million. Any other amendment?

(Question of amendment put and agreed to)

Schedule 4

Hon. Mwanthi: Mr. Chairman, I beg to move:-

THAT, Schedule 4 be amended as follows:

UNDER SCHEDULE 4- ANY OTHER MARKET NOT CLASSIFIED AS URBAN OR PERI Urban as relates to “code 805” for “Large Industrial Plant: Over 75 employees or premises over 2,500 m²” by deleting the figure “40,000” and substituting therefor the figure “150,000”

(Question of the amendment proposed)

*(Question, that the figure to be inserted in place thereof
be inserted, put and agreed to)*

Schedule 5

Hon. Mwanthi: Mr. Chairman, I beg to move:-

THAT, Schedule 5 be amended as follows:

Under **SCHEDULE 5- MATUU, PERI-URBAN MARKETS** as relates to “**code 805**” for “**Large Industrial Plant: Over 75 employees or premises over 2,500 m2**” by deleting the figure “**50,000**” and substituting therefor the figure “**150,000**”

(Question of amendment proposed)

Hon. Chairperson: Hon. Kisini, you have issues relating to Athi River?

Hon. Kisini: Yes, Chair of Chairs. I am just requesting you add Athi River small scale to that schedule 5.

Hon. Chairperson: Hon. Member, I have asked whether there is anything to do with Athi River in that Schedule I am talking about. When I was naming, I did not hear myself pronouncing Athi River.

Hon. Kisini: And I am requesting we add it there. The reason is that---

Hon. Chairperson: Athi River is in Schedule 8. Go to page---

Hon. Kisini: I am trying to say the for small scale, it is very punitive and last year---

Hon. Chairperson: We will discuss that when we reach Schedule 8.

Hon. Kisini: Okay.

*(Question, that the figure to be inserted in place thereof
be inserted, put and agreed to)*

Schedule 8

Hon. Mwanthi: Mr. Chairman, I beg to move:-

THAT, Schedule 8 be amended as follows:

Under **SCHEDULE 8 URBAN MARKETS** as relates to “**CODE 805**” by deleting the figure “**85,000**” for “**Large Industrial Plant: Over 75 employees or premises over 2,500 m2**” and substituting therefor the figure “**150,000**”

(Question of amendment proposed)

Hon. Chairperson: Hon. Kisini you had something to put here?

Hon. Kisini: Yes, Chair of Chairs. I was only requesting we categorize Athi River, especially the small-scale traders in Schedule 5. The reason is that there was a problem, even it was solved by the Chairman, Finance, with his team and those people if moved to Schedule 8, they will be highly taxed and they cannot afford. There was a demonstration on that, so I am requesting only the small scale traders be moved to Schedule 5, not Schedule 8, because the charges are very high for them, but for the large scale it is okay.

Hon. Chairperson: I think one of the issues which I believe maybe, unless the Finance Chair can direct otherwise, is that if you move a town from one Schedule to another Schedule, then you are opening a loophole because now as far as I am concerned, they will be claiming that they are now Schedule 5. What you are saying is that you need to give a specific code.

Are we saying for example, 115, 120, 195, 205.....the specific code in the Schedule, because we need to move specific codes from here backwards so that we don't move the whole thing. Hon. Kisila and then Hon. Johanna.

Hon. Kisila: Bw. Chair, these Schedules are gazetted. If we want to move any town from any Schedule, we must go through the process of gazetting those Schedules, otherwise we are opening a serious can of worms in our discussions and we are shooting ourselves in the foot. Otherwise, even now, we are going to have a lot of towns complaining that we moved one town... there is a procedure to be followed for a town to be moved from one Schedule to another. I suggest we don't move it here.

Hon. Chairperson: That has been noted. Hon. Johanna.

Hon. Munyao: Chair, I don't know, Schedule 8 talks of Mavoko large scale enterprises, meaning that there could also be a provision for small scale enterprises which Mheshimiwa is requesting. So I buy what Hon. Kisila is saying is if there is a process of relocating or categorizing or moving---

Hon. Chairperson: Can I give a suggestion? Maybe what the Hon. Member should be saying, because the lengthy way he has talked about is gazettelement, could I suggest maybe he should be suggesting the fees to go down? They remain in the Schedule but the fees go down. Hon. Chair.

Hon. Mwanthi: Hon. Members, I think if you go to the committee recommendation No. 2, it reads that the Department of Finance and Revenue Collection should map out towns stated in Schedule 5, which are peri-urban and Schedule 8, which is urban, to avoid overcharging traders outside these areas but within the ward which has peri-urban or urban towns.

I think if you go there you will find some of the markets that had such cases. Some of the markets are in Kiima-Kimwe and Machakos Central and the ones we are talking of Athi River. It is true, when we are talking of some of these figures, when we are adding some companies even up to Ksh. 1 Million, remember Athi River is in Schedule 8, there are those small scale enterprises in his ward that need to be checked on.

The Department is aware of that case; we met there with them and they also told us that they want it to be formalized, but we even met with the department there and it is true that there is something which needs to be done to those small scale traders because... and remember, Athi River is just like a settlement area; there are those indigenous people who were there from before and they are also being charged the same as those big and wholesale shops that we have in the same urban areas.

So that was their request that we see how best we can do for those small scale traders who are there and factor their issue. I don't know whether it should be captured in our report, maybe not in the Act, but we can capture that in our report. Thank you.

Hon. Chairperson: Hon. Thomas.

Hon. Mutinda: Mine is just to advise the Hon. Member that I think it is important that he leaves the small scale traders at that level because the moment you move those people from the urban and you take them down to peri-urban, they'll lose out on the benefits of the municipality funds, so the most important thing is to try to see that they get the services of the municipality funds so that they are upgraded.

Otherwise, he can deal with the issue administratively because they are small scale traders and leave it as it is, because at this level, the moment it is dropped to peri-urban, then no development will go to those people, so they will stay there forever. Thank you, Chairman.

Hon. Chairperson: That's an important point which I also wanted to highlight, in that the minute we touch Athi River, you touch Machakos Town, because they are in the same schedule, and the reason why you are hearing we are putting Ksh. 100 Million in Athi River and Ksh. 150 Million in Machakos Town for the municipality, it is because their businesses are being primed up.

For example the kiosks which were there before which were on.....Hon. Dan is not here, but I hear him calling it Madharau Street, is that an official name? Which he now says has been upgraded to Heshima Street by the putting up of the cabro works.

So, remember that person is enjoying services which are being designated for a town of his class, so we cannot now start comparing him with somebody who is in Tumba, my area there where they are selling grass. So, I think I would suggest that it comes as a note to the document; we leave it as it is but the committee notes that that needs to be researched and given attention to see how it can be treated legally, and we need this document. Hon. Judas.

Hon. Ndawa: I think as the wise men says, a document can only be changed by the writer or the author of the document. The person reading the document cannot change it to mean something else. In that schedule, I think the committee of Finance was very clear and it was very fair. It listed Machakos Town, Mavoko large scale enterprises, Athi River; I believe the word large scale enterprises will also apply for Machakos, Athi River, Mlolongo and Syokimau, so as long as small scale is not appearing in this column, I think there is no cause for alarm, Hon. Member.

So, what we are requesting is that the revenue officers should also be human; they charge according to the size of the business. Thank you, Chair.

Hon. Chairperson: Let us continue. Hon. Francis.

Hon. Kalumu: Here, there is a code in the large scale Mavoko and... The only thing to deal with here is the code, not the larger schedule, because when you transfer, you have heard from Hon. Kisila what will happen. So, if you look at Schedule 8, you will find that there is a code for small scale shops.

The only thing, if it is punitive for them, because we still want to grow those people to become large scale businessmen, the only thing, maybe to assist Mheshimiwa, is to say let that code go down a bit. Thank you.

(Question, that the words to be left out be left out,

put and agreed to)

(Title agreed to)

(Clause 1 agreed to)

Hon. Mwanthi: Mr. Chairman, I wish to move that the Committee do report to the House its consideration of the Machakos County Finance Bill and its approval thereof with amendments.

(Question proposed)

(Question put and agreed to)

(The House resumed)

[Hon. Speaker in the Chair]

CONSIDERATION OF REPORT AND THIRD READING

THE MACHAKOS COUNTY FINANCE BILL, 2019

Hon. Museku: Hon. Speaker, I wish to report that the Committee of the whole House has considered The Machakos County Finance Bill No. 7 of 2019 and approved the same with amendments.

Hon. Speaker: Thank you, Hon. Chair of Chairs. Hon. Chair, Finance committee.

Hon. Mwanthi: Madam Speaker, I beg to move that the House do agree with the committee in the said report. I call upon Hon. Brian Kisila to second.

Hon. Kisila: Madam Speaker, I wish to second that the House agrees with the committee in the said report.

Hon. Speaker: Thank you, Hon. Kisila and Hon. Stephen Mwanthi and Hon. Chair of Chairs.

(Question proposed)

(Question put and agreed to)

Hon. Mwanthi: Hon. Speaker, pursuant to Standing Order 131(2), I wish to move that The Machakos County Finance Bill No. 7 of 2019 be now read the Third Time. I call upon Hon. Helen Ndeti to second.

Hon. Ndeti: I second.

Hon. Speaker: Thank you. Hon. Chair, you wish to thank the Hon. Members for what they have done so far?

Hon. Mwanthi: Thank you, Madam Speaker. It has been a long day for both the Finance Committee and even the whole House for the work that we have had, and so I congratulate Members for all what we have done. Making such a Bill is not a small job. We met preparing on how best we can do to our people and that with over 90 per cent from Members, we feel as the committee appreciated. Thank you, Madam Speaker.

(Question proposed)

(Question put and agreed to)

(The Bill was accordingly read the Third Time and passed)

Hon. Speaker: Hon. Members, you have now passed the Machakos County Finance Bill No. 7 of 2019 and now it will go to the Governor for assent. I wish to thank you Members for the dedication you have shown in the exercise we have just completed. The views which you expressed in the debate which were very robust, we take it that the Executive will be able to implement. Thank you.

MOTION

REPORT ON VETTING OF NOMINEES TO THE POSITION OF COUNTY PUBLIC SERVICE BOARD

Hon. Speaker: Hon. Members on this Order, we have a report and the Leader of the Majority Party Hon. Mark Muendo is the one who is going to prosecute.

Hon. Muendo: Thank you, Madam Speaker. I want to present the report of---

Hon. Ndawa: Point of order, Madam Speaker.

Hon. Speaker: Point of order Hon. Ndawa.

Hon. Ndawa: Madam Speaker, I am requesting if we can be provided with the report so that as he takes us through we can be able to see the contents.

Hon. Speaker: Table Clerks, where are those reports?

Hon. Mulatya: Madam Speaker, I think it is uploaded.

Hon. Speaker: They are on the.....Hon. Ndawa where is your *jembe*, your hoe? You came to the farm without an implement. Yes, because we are delaying. In fact, we were going to ask Hon. Members, I wanted to guide particularly now on the report you notice you have been sitting here since morning but because we must do the business and because the report is there we will be able to go to just sections of it which we need to discuss as you will be required also to look at this report on your own and also on the hard and soft copies you have.

So I believe that the Majority Leader has been guided accordingly. Things like background and mandate and so on we go just to the salient points. Is it recommendation yes or recommendation no and I think that is where your most importance is. So you have the report with you; Hon. Ndawa you have the report with you. So let us carry on Hon. Members. We must finish this within the shortest time possible.

Hon. Muendo: Thank you, Madam Speaker, for the guidance but I have to move the motion first.

Hon. Speaker: Yes.

Hon. Muendo: Thank you, Madam Speaker.

Hon. Speaker, that aware that Article 235 of the constitution section 8(1)(a) of the County Governments Act No. 17 of 2012 provides that the County Assembly shall vet and approve nominees for appointment to county public offices as maybe provided for the Act or any other law;

Madam Speaker, aware that pursuant to section 57 and 58(1) of the County Governments Act No. 17 of 2012, the County Secretary and head of public service forwarded to the Hon. Speaker, of the County Assembly notifications on nomination of three persons vide letter reference GMC/2/CS/CA/Vol./60 dated 21st August, 2019 and received on 22nd August, 2019 for consideration and subsequent approval by the County Assembly for appointments as members of Machakos County Public Service Board;

Hon. Speaker, I wish to move the motion that this House discusses and approves the report of the committee on appointment on vetting of nominees to the position of County Public Service Board.

Thank you, Madam Speaker. I propose Hon. Kisila to second my motion.

Hon. Speaker: Yes Hon. Kisila, you have been requested or proposed to second.

Hon. Kisila: Thank you, Madam Speaker. I second the motion.

Hon. Speaker: Thank you, Hon. Brian Kisila. Hon. Majority Leader, guide us on the pages you want us to look at of the report.

Hon. Muendo: Thank you, Madam Speaker. Let me start by thanking the committee for doing the vetting and the recommendations. Let me say, Madam Speaker, as you guided this is

just employment; so if we have recommended our recommendations you can put amendment or you can adhere with what the committee has recommended.

Madam Speaker, I will start with preface because the other pages are just the normal ones which we normally have and knowing that Members have been there doing a lot of business I think we are in agreement. So I will not take long.

PREFACE

Hon. Speaker, Section 8(1)(a) of the County Governments Act No.17 of 2012 provides that the County Assembly shall vet and approve nominees for appointment to County public offices as may be provided for in the Act or any other law.

Section 58(1) of the same Act states that the County Public Service Board shall comprise of:

- a) A chairperson nominated and appointed by the County Governor with the approval of the County Assembly;
- b) Not less than three but not more than five other members nominated and appointed by the County Governor, with the approval of the County Assembly; and
- c) A certified public secretary of good professional standing nominated and appointed by the Governor, with the approval of the County Assembly, who shall be the secretary to the board.

9 1.1 Message from Office of the County Secretary, Machakos County

Hon. Speaker, pursuant to Article 235 of the Constitution, Section 57 and 58(1)(b) of the County Governments Act No. 17 of 2012 the County Secretary and Head of Public Service forwarded to the Hon. Speaker of the County Assembly notifications on nomination of the following three persons vide letter Ref: GMC/2/CS/CA/Vol./60---

Hon. Speaker: Volume 5/60. Volume V in Roman letters.

Hon. Muendo: Dated 21st August, 2019 and received on 22nd August, 2019, appendix attached, for consideration and subsequent approval by the County Assembly, for appointment as members of the Machakos County Public Service Board.

1. Mr. John Kimeu Kumbu.
2. Dr. Jane Mutheu Mutune.
3. Mr. Franklin Musila Makola.

1.2 Committal to the Committee on Appointments

Hon. Speaker, in a sitting of the Assembly held on 4th September, 2019, the Hon. Speaker communicated to the House the message from the County Secretary, the notification on the nominations. Pursuant to Standing Order 42(1) and (2), the matter was committed to the Committee on Appointments and in line with the Public Appointments (County Assemblies) Approval Act, 2017.

1.3 The Committee on Appointments

Hon. Speaker, the Committee on Appointments is established pursuant to the Machakos County Assembly Standing Orders 184(1), with the Hon. Speaker as the Chairperson, the Leader

of the Majority Party, the Leader of the Minority Party and three other members nominated by the House Business Committee, on the basis of proportional party membership in the Assembly taking into consideration the numerical strength of the parties and interests of independent members.

1.4 Membership of the Committee

Hon. Speaker, the Committee on Appointments comprises the following Members:

1. Hon. Florence Muoti Mwangangi - Speaker (Chairperson)
2. Hon. Mark Kimanathi Muendo - Leader of the Majority Party
3. Hon. Alex Peter Kamitu - Leader of the Minority Party
4. Hon. John Brian Kioko Kisila - Member
5. Hon. Tariq Mulatya Muema - Member
6. Hon. Winfred Syonindi Mutua - Member

1.5 Committee recommendations

This is what the committee recommended. Hon. Speaker, the assessment of the nominees was guided by Section 58(3)(a), (b) and (d)(i) and (ii) of the County Governments Act, 2012 and Sections 7, 8, 9 and 10 and assessment form set out in the Second Schedule of the Public Appointments (County Assemblies Approval) Act, 2017. The Committee set the pass mark for assessment at 75 per cent.

The Committee therefore recommends as follows:

1. Dr. Jane Mutheu Mutune scored 91 per cent and therefore recommended to be appointed a member of the County Public Service Board.

Hon. Speaker: Hon. Mark Muendo Majority leader, have you referred to the pass mark agreed?

Hon. Muendo: Yes.

Hon. Speaker: 75 percent?

Hon. Muendo: Yes.

Hon. Speaker: Alright go ahead

Hon. Muendo: Thank you, Madam Speaker. Maybe you did catch my eye---

Hon. Speaker: I did not catch your---

Hon. Muendo: The ear. Just above there it says the committee set the pas mark for assessment at 75 percent.

Hon. Speaker: Thank you.

Hon. Muendo: The committee therefore recommends as follows:

1. Dr. Jane Mutheu Mutune scored 91 per cent and therefore recommended to be appointed a member of the County Public Service Board. (Refer to pages 8 to 12)

Hon. Speaker: For the hearing on her approval.

Hon. Muendo:

2. Mr. John Kimeu Kumbu scored 73.4 per cent and therefore he is not recommended to be a member of the County Public Service Board. (Refer to pages 12 to 19)
3. Mr. Franklin Musila Makola scored 78 per cent and therefore he is recommended to be appointed a member of the County Public Service Board. (Refer to pages 19 to 30)

1.5 Acknowledgement

Hon. Speaker, I take this opportunity to thank all the Members of the Committee for their dedication, undivided attention and contributions during the entire approval hearings. The Committee also appreciates the Office of the Hon. Speaker and that of the Clerk to the County Assembly for the administrative support accorded to it during the exercise.

Further, the Committee is grateful to the members of the public who found time to attend the proceedings. The Committee appreciates the media fraternity for having been available to cover the proceedings of the Committee, thus enhancing accountability and transparency in the exercise.

On behalf of the Committee on Appointments and pursuant to the provision of Section 58(1)(b) of the County Governments Act No. 17 of 2012; Sections 7, 8, 9 and 10 of the Public Appointments (County Assemblies Approval) Act, 2017 and Standing Order 42(2), it is my pleasure and duty to present to this Hon. House the Committee report on the approval hearings. Thank you, Hon. Speaker.

(Applause)

Hon. Speaker: Thank you, Hon. Majority Leader for that presentation which has taken a reasonably short while but with all the details with you and I notice that the office of the Clerk has furnished again each member with a written report. So you have been guided on the presentation when the chair was reading and so you will be able to take a debate now on that report.

(Question proposed)

Hon. Members, I am inviting you to debate the motion. Hon. Museku.

Hon. Museku: Thank you, Hon. Speaker. First and foremost, I would like to thank the committee on Appointments, the Chair and the entire membership of that committee for having worked diligently to ensure that they rated the nominees to the various appointments to ensure that our CPSB becomes functional.

As you are all aware, the CPSB has been without membership since the last one was dissolved after expiry of its term in August 2018, which means we are now going to almost seven months without a fully constituted County Public Service Board. So I would like to thank the committee for having done that.

Secondly, I would like to congratulate the nominees who have been vetted and accepted as members of the CPSB; we have a doctor there, we have a Mr. Makola there and also tell them one thing that; as you are all aware, we have a much ballooned wage bill. We have a payroll which is skewed which therefore means that their work is cut out for them.

They will need to move with due diligence and speed and look at the recommendations and the various issues which have been raised by this Hon. House concerning the manpower or employment status in our county. We know we have very many challenges; we have payrolls, some in IFMIS, others in worksheets, their work is cut out for them. Mine is to advise them to move in with diligence and be able to give us a streamlined workforce in Machakos, give us a wage bill which is within the statutory requirements of utmost 30 per cent so that we can be able to guide this county to better ways.

I have also seen that there is one slot which was not filled; I will request His Excellency the Governor to nominate another nominee as quickly as possible so that they can be vetted by the Appointments Committee and have all the slots filled up in the CPSB. Otherwise, I want to congratulate the entire committee and say that it is a good thing that we have a functional CPSB. Thank you, Madam Speaker.

Hon. Speaker: Thank you, Hon. Museku. Hon. Ngunga

Hon. Ngunga: Thank you, Madam Speaker. I also rise to thank the committee for the good work they have done. I am sure issues of vetting are not simple; sometimes it becomes very emotive, because these are people who are tasked with very important tasks that of ensuring that we have a lean and performing workforce.

However, I want to state that from what the Leader of Majority has said, the minimum composition of the CPSB would be a chairman and three other members. So, from the foregoing, is to say that even after this exercise we do not have a complete CPSB. Madam Speaker, looking at the report, and I am waking up to plead for one John Kimeu Kumbu; I am pleading on behalf of this gentleman because when I look at his work experience, the committee agrees this man is experienced, he has 25 marks on that.

I look at his education background and the committee agrees that John has 25 marks; that means he is competent in that line he is interested has 15 marks and so forth and he can also communicate well. That is page 18, Madam Speaker.

When he appeared before the committee, John was able to present himself well and the committee gave him 10 marks and so he has a total of 73 per cent. Madam Speaker, I think the committee must have set this pass mark at about 75 per cent which is really a high threshold. From my background as a high school teacher, I would mark composition and I would mark grammar and any student in my opinion who scored anything roughly around the expectation of a grammar teacher like me, 73 per cent in my opinion would be really a nice 'A.'

With this connection Madam Speaker so that we fill the void that is ahead of us because you know if we are to start again, this exercise, it will be about six months away from constituting a Board. I want to ask Hon. Members, if we can be able to agree so that we can plead on behalf of John so that we have the three members in place so that we plead with the

Governor again so that we have the chairman CPSB being brought to us so that we look at him so that at least we have the board in place.

Madam Speaker, the last time we had a meeting with the Executive, we engaged and members were in agreement that we have challenges and especially in our health centres. Nurses have retired, doctors too and services are not been rendered. We cannot be able to employ because of the absence of a CPSB. Madam Speaker, one and half a mark is something I would want to ask my colleagues to close their eyes and imagine John had scored what is actually 70 per cent and above.

(Applause)

This is a plead and I am asking the House so that this exercise and I am sure Madam Speaker you must have been very thorough and so I am sure for you and I know you Madam Speaker and for anybody to score 73 he must have been really thorough.

Hon. Speaker: Hon. Ngunga, allow yourself to be informed by Hon. Mueni. Hon. Mueni, go ahead.

Hon. (Ms.) Mueni: Thank you Madam Speaker. Thank you, Madam Speaker. I think if we close our eyes to any name, we will be letting the committee which was doing the work down because they must have discussed and come to a conclusion of not getting that nominee. So, this House is not just for formality of getting somebody who has not succeeded so Mheshimiwa Ngunga with all the respect, I think we have not to let our committee of Appointments down by just closing our eyes and bringing somebody who is not able.

If somebody is beyond 75 per cent, even in class, if your son comes down on that, think twice about getting the marks to go to secondary school which is better. Thank you.

Hon. Speaker: Thank you, Hon. Mueni. Hon. Ngunga you were finalizing.

Hon. Ngunga: Thank you, Madam Speaker. But I think while we are at that.....I will ask for your protection so that---

Hon. Speaker: Hon. Kamulu, just a moment. Let Hon. Ngunga finalize then I will come to you.

Hon. Ngunga: Yes, kindly if you allow me Members, I had made my points in such a way that I wanted them to flow, so that the House can go with me.

Hon. Speaker: Then Hon. Ngunga you also need to ask to House whether, even with the three they will perform because the chairperson is still lacking.

Hon. Ngunga: Thank you Madam Speaker. I think what I am trying to plead for is we will be able to clear this hurdle of the three members like I had indicated earlier that for the board to be properly constituted we need the three members and a chair and the chair I am sure, Madam Speaker, is already with us and the thing is just a process of vetting that is going to

be there. It will be easier for us Madam Speaker to finish up with the three so that we wait for the chair.

For the purpose of those who doubt, I am sure and I know this House has the powers to ask for amendments, the powers to plead and ask the committee to agree with us that we think John can also perform the duty. The idea here is not really the marks, is whether this person is competent to discharge the duties. I am sure Madam Speaker, if you allow us, of the course, we have the capacities if eventually we realize this gentleman cannot be able to perform, we have the capacity to recall and recommend otherwise.

So the purposes of time and being constructive, this is my plea to the House and the Committee so that we agree and move together. Madam Speaker this special sitting that you convened must bear fruits; I am happy the Finance Bill has gone through and in the same spirit I am asking that this report goes through 100 per cent. Thank you.

(Applause)

Hon. Speaker: Hon. Ndawa, I will come to you Hon. Kiteng'u. I am looking at Members who never uttered a word in the previous Order.

Hon. Ndawa: Thank you, Madam Speaker. I will start by congratulating the committee for the hard work they did and the report they brought to us; it is self-explanatory. The only issue I have is on the same nominee, Mr. Kumbu. Even the national exam, the pass mark is supposed to be set after the exam has been done.

If you set pass mark before the sitting of the exam and all the kids perform poorly we may not have any child joining university the following year. So, I want to say that the committee erred when it sat down and set marks before interviewing the nominees.

Hon. Speaker: Hon. Ndawa, be guided by the law. This is a Schedule that is provided for in the Act; it is not the committee that set them. So it only said from this because if the law gave this, you must also qualify professionally, experience-wise and communication and all these are important. So if each of the members is ranking the candidate independently and then somebody comes down with what they have come with and the committee has set a pass mark, then it is unfortunate. Please make your point quickly so that we can move on.

Hon. Kieti: Point of information.

Hon. Speaker: There will be no point of information; you do not inform the Speaker Hon. Kieti; I will give you an opportunity to contribute.

Hon. Ndawa: Thank you, Madam Speaker. Just as my colleague has said, if the pass mark was 75 and this gentleman scored 73, Madam Speaker, this week on Monday we had a meeting with the Executive, the elected Members and some of the issues that came up---

Hon. Speaker: Do we have the minutes tabled here in the House?

Hon. Ndawa: Madam Speaker, it was not a meeting that I would have taken minutes

Hon. Speaker: There were no minutes taken; so it is hearsay?

Hon. Ndawa: It was an interaction between the Members and the Executive pertaining the status of Machakos County.

Hon. Speaker: So then now it is hearsay for the House; you table a Paper if you refer to some minutes but you just want to tell us there is need for this and this.

Hon. Ndawa: Yes. One of the issues that came out is that Members of this House have proposed some projects to be done in their respective Wards but there is no one to give out the BoQs because we have very few Quantity Surveyors in the County. We have only two and the two we have are working in every department within the County.

So there is an urgent need for the Quantity Surveyors to be employed and the only person who has the authority to employ is the County Public Service Board. So, I think the House has the mandate to accept the report or reject it.

Hon. Speaker: It as powers and not mandate. It will look at the report of a committee and please remember, objectively contribute and pass it in the interest of the people you represent. So, can we go on and have the views on that particular aspect; Members, without repeating?

Hon. Ndawa: Yes. Madam Speaker, to terminate or to conclude my contribution is that, we reconsider our decision and if possible we amend the report to include that particular nominee so that we can move forward. Thank you, Madam Speaker.

Hon. Speaker: Hon. Kiteng'u, please be very brief.

Hon. Kiteng'u: Thank you, Hon. Speaker. Mine will go also on the same Mr. John Kimeu Kumbu. Hon. Speaker, I will just tackle two points as the marks were awarded and Hon. Speaker, one is, I pray that the County Government of Machakos has a properly-instituted County Public Service Board because in every department even the ECDE teachers are not enough but again also the Engineers and each time we visit those offices demanding for Engineers and all those clerks, they always tell us that they do not have enough officers.

Hon. Speaker, if I go to work experience on page 16, I can see that he got 25 marks, 25 marks, 20 marks, 20 marks, and 20 marks; page 18, sorry. That is work experience where this person shows clearly that this person has got proper work experience. If you go again to decision making and problem-solving skills, which is awarded 15 and---

Hon. Speaker: This is the mark that is set by the law; the ones which are not in bold are the ones which are awarded.

Hon. Kiteng'u: Yes. I am saying the maximum is 15 which is set by the law and you can see one he was awarded 5 marks and again there were 13, 12 and 10. If you try to compare decision-making and work experience, I am just concerned you cannot be able to make a proper decision but you have a work experience whereby you are scoring the best in work experience

but on decision making so I fail to understand, how was the person making the decision---

Hon. Speaker: It can happen, Mheshimiwa Kiteng'u.

Hon. Kiteng'u: That according to me, Madam Speaker. I am trying to think. The on education training and relevant to the position, I can see one Mr. John Kimeu, there is one member who was awarded zero, then there are 25, 20 and 15 and 20. So, Hon. Speaker, here I fail to understand, with the respect I have for the appointments committee, all of it which is Chaired by you Hon. Speaker; is that, is it one John Kimeu who does not understand exactly what is going on or there was one Member who just acted out of jealousy to issue 0 on experience?

(Applause)

That means with zero, he nominee had no papers on the table because if the pass mark is a degree, then he must have presented the degree in every Member of the Committee. So, for the benefit of Machakos County, I pray to the committee and the whole House that we consider this person by just amending the pass mark to 70 because 73, I can see he just missed 1.6 per cent.

(Applause)

So, I plead to the House, we consider this person. Thank you, Hon. Speaker.

Hon. Speaker: Thank you, Hon. Kiteng'u. Hon. Kieti.

Hon. Kieti: Thank you, Madam Speaker for giving me this opportunity. One of the areas that I had noted is the area that, Hon. Kiteng'u has addressed and my main concern is on Assessor 1 from page 17 to 18. When you look at the scoring of Assessor one against the candidate Mr. John Kimeu Kumbu, I think that Assessor, I do not know whom it was but when you look at the way the Assessor awarded marks against the other Assessors, I think this is something that as a House we should challenge and awarding a candidate a zero, even in the National Examination, as a trained and experienced teacher, you are not supposed to give a candidate a zero. No one can score a zero because the handwriting itself is a mark.

(Applause)

So, having a Degree and this area is talking about education, training and after looking at his training, it is as if he has done something---

Hon. Speaker: Hon. Kieti, the Assessors do it independently and I told you it is one of them otherwise we would influence if you tell them to award this. So, in the view of this Assessor, they looked at the education and the training relevant to the position and they felt that it is not relevant so, you cannot fault them. Another Assessor looks at it and feels like it is relevant and gives it 25 percent.

So, just do your work now if you must do it, leave the Assessors alone and let the committees do their work and now do your work. Why does the report come to you? So, let me have another contribution, Members.

(Applause)

Hon. Kieti: Thank you, Madam Speaker. I strongly support the report for the three candidates but I am only requesting the House to consider that candidate because looking at the Assessor, I think there is something wrong with that Assessor. Thank you, Madam Speaker.

(Applause)

(Loud consultations)

Hon. Speaker: Hold on Hon. Kieti. Order, Members! Hon. Kieti, look at the presentation; the same Assessor has given 100 percent to that candidate. So, let us not challenge how an Assessor awards because at one time they will feel this one gets 10 out of 10 which is 100 percent but in another one, they will feel this one gets zero percent which is in their view. So, I told you to do your work and if you do not have anything different, I am going to ask the Mover of the Motion to reply. Hon. Johanna.

Hon. Munyao: Thank you, Madam Speaker. I wish to applaud the committee for the good work done and I will not fail to touch on Mr. John Kimeu Kumbu. Madam Speaker, I was an examiner for Kenya National Examination Council before I joined these other careers.

Hon. Speaker: Why can't you, Hon. Members, wait we hear what he was doing when he was an examiner, please?

(Laughter)

Hon. Munyao: That is just some background on my contribution.

Hon. Speaker: I am telling the Members when you say you are an examiner they start clapping. You may be saying the opposite of what they are expecting. So, let them give you time to contribute. Go ahead Hon. Johanna.

Hon. Munyao: So, Madam Speaker, I want to believe that going by the training of Mr. Kumbu, I am not sure whether the committee requested for even the transcripts because you find you may be trained as a nurse or a doctor and in the training, you find you even do administration in that field, you do psychology and other aspects which make you an all-round person and that is why you find other than a person being a doctor you find the person is also the MoH co-ordinating the entire department and therefore we cannot totally say that Mr. Kumbu with all that training lacked training relevant to the position of being a member of the Public Service Board.

In my training as an examiner, there are cases where you are faced with a situation where we refer to as a benefit of doubt and in such cases the benefit is supposed to go to the child. In

this case, the benefit is supposed to go to Mr. Kumbu so I request that we review the case and also we save the County another tussle of investing again in the recruitment process of getting another person. Thank you, Madam Speaker.

(Applause)

Hon. Speaker: Thank you, Hon. Johana. I call upon the Mover of the Motion to reply.

Hon. Muendo: Thank you, Madam Speaker. Let me say---

(Hon. Maitha spoke off record)

Hon. Speaker: Hon. Members, did somebody shout the name of the Kisila? I do not know who Kisila is because we do not have a Kisila here. Who shouted Kisila? I thought it was Hon. Maitha. That is very wrong. The holiday is over; we are back to serious business.

Hon. Muendo: Thank you, Madam Speaker. The report in front of you is a report from a committee and some of us are saying marks were awarded this way and that way. I think the committee is competent; this is not the first time they have done vetting. We have done the CECs, we have done the COs and mostly relevance of the job is very important. This person, Madam Speaker, is going to work for the entire County, this person is going to be responsible for what we call ballooning wage bill, for what we call lack of well-coordinated personnel.

Therefore Madam Speaker, the committee felt that they gave the best but it is the House to decide what you want. Mine was just to give you and tell you that this committee was committed and they wanted to give the best, there was no competition, there was nothing like competition because the same people are going to work for the county government of Machakos. Let me that the committee and the members for their support on this report. Thank you, Madam Speaker.

(Loud consultations)

Hon. Speaker: Thank you, Hon. Members. I have heard the reply by the mover of the motion and from the debate of the record; it appears that the members are headed towards having the report amended, to approve the member who has not been recommended for the appointment.

(Question, that the words to be left out be left out, proposed)

Hon. Members, can I have a very short debate on that particular proposed question. Hon. Museku; very quick.

Hon. Museku: Thank you, Madam Speaker. Madam Speaker, the House has spoken and I do believe that I am in agreement with the House. that, considering the pass mark which was achieved by this gentleman one John Kimeu Kumbu, I do believe that one and half marks as Hon. Francis Ngunga said might not be enough for us to go back and redo the entire exercise again.

(Applause)

Hon. Speaker, as I pointed out, there is need for speed in this issue of getting the County Public Service Board in place. So, I therefore strongly agree with the rest of the House that we go ahead and include this gentleman as part of the people who passed so that we can be able to get this County moving forward again. Thank you, Madam Speaker.

(Applause)

Hon. Speaker: Thank you. Hon. Ikusya; briefly.

Hon. Kaloki: Thank you, Madam Speaker. I strongly want to stand or rather agree with the House that we move the amendment; 73 marks is equally a good mark and I don't want to dwell on that. It is the high time we pass these team of competent service board members so that the county can move forward. We had the last board which really never served us at all; it was always divided whenever they came into this House and it is the high time that we put our own team that we have vetted, a team that we trust to manage our county employment affairs for the next five years. Thank you, Madam Speaker.

Hon. Speaker: Thank you, Hon. Ikusya. Hon. Kisini.

Hon. Kisini: Thank you, Madam Speaker. The House has spoken and to save the situation I support this Kumbu.

(Laughter)

Hon. Speaker: Thank you, Hon. Kisini. That is brief and to the point; Hon. Mwikali.

Hon. (Ms.) Mwikali: Thank you, Hon. Speaker. I wish to join the rest of the Members in this House in supporting with amendment the report on the appointments committee. It is very clear that this House wants these members to go down to business and start serving the county in that position of County Public Service Board. Therefore, I support, Madam Speaker.

Hon. Speaker: Thank you, Hon. Mwikali. Hon. Maitha, very briefly.

Hon. Maitha: Thank you, Madam Speaker. Madam Speaker, I start by thanking you for reading the mood of the House.

Hon. Speaker: I always do.

(Laughter)

Hon. Maitha: That amendment was overdue to these Members. Madam Speaker, as the other Members have said, a shortage of one mark is not all that bad for someone to be approved

but again Madam Speaker, although you are saying that we should not speak, I would wish to request the Appointments Committee---

Hon. Speaker: Hon. Maitha, I did not say you should not speak.

Hon. Maitha: To ask the appointments committee; it is not in the interest of us here to see a member being awarded zero and Madam Speaker, we know now where that man---

Hon. Speaker: Hon. Maitha, you are out of order! Hon. Maitha, can you resume your seat;

(Laughter)

Hon. Maitha, resume your seat. Hon. Cosmus Masesi.

Hon. Masesi: Thank you, Madam Speaker. Madam Speaker, I stand to support the mood of the House bearing in mind the Committee has clearly said that this person one John Kumbu has experience of managerial post of 26 years.

Hon. Speaker: We are talking of amendments.

Hon. Masesi: So, Madam Speaker, I fully stand with the amending the report and having this one John Kumbu recommended as a member of County Public Service Board.

Hon. Speaker: Thank you. Hon. Kamulu.

Hon. Kamulu: Nimefikiria sana nikiketi hapa nikaona huu mjadala huwezi kuisha bila sisi kuongea kiswahili, kwa hivyo ninaunga mkono ya kwamba Bw. Kumbu achukue hii nafasi kwa sababu sisi zote tumejua ya kwamba kenda karibu na kumi. Kwa hiyo, Bi. Spika nashukuru sana, na sana sana Bw. Franklin Makola ambaye ametoka wodi yangu; yeye ni mzee ambaye anajua kazi kabisa---

Hon. Speaker: Hon. Kamulu, we are talking about Mr. John Kimeu Kumbu; Hon. Kamulu, continue in English.

Hon. Kamulu: Hapana.

Hon. Speaker: Hon. Kamulu! We are talking about Mr. John Kimeu Kumbu.

Hon. Kamulu: Nataka pia kumshukuru Bw. Kiongonzi wa Bunge Mheshimiwa Muendo kwasababu ya yale maneno ambayo ameanza nayo mwanzoni; alisema kwamba sio mwisho ya yale alikuwa ameanzika katika *committee* na ameyarudia tena na Bi. Spika akaonelea kwamba tufanye hayo mabadiliko. Kwa hivo hayo ni mabadiliko mazuri ili tuache hiyo *committee* ichukue nafasi na iendeleze kazi hiyo kwa uzuri. Asante sana, Bi. Spika.

Hon. Speaker: Thank you, Hon. Kamulu.

*(Question, that the words to be left out be left out,
put and agreed to)*

Hon. Members, with the amendment of the report as per your view, the report will be sent to the Governor as per your resolution, which you have just passed so that the people that you have recommended can be appointed.

I can see Hon. Museku is putting up his hand. I am being guided and it is good that I still have to put the question; Remember we started by proposing and in the process you did an amendment and now you still need to go back but now you remember I will have to put the question in the manner that is including the amendments.

(Question of the Motion as amended put and agreed to)

So, Hon. Members, as I had indicated, the report will be send now to the Governor for implementation and just allow me to make this announcement from the Appointments Committee that it appreciated that we need a County Public Service Board in the office; it has been long overdue and that we noted even with the three members who had been brought, we would still need another member and the Chair.

That communication was brought to the Assembly and the Committee has already set a date from 3rd of February if I remember so that it can prosecute that report because there is a process of advertising to the public so that it can come for the hearing. The Clerk Assistant to that committee is already assigned a role to start playing; I believe he must have already advertised so that now we have the hearings on the date, 5th of February, so from third of February the committee is meeting to prepare for the interviews from 5th of February, 2020. Then we can bring again the report before you so that you are able to make a decision on going forward.

Then the final announcement Members; there is the issue of the pending bills and the issue of implementation of Ksh. 10 million and Ksh. 15 million project wards. Hon. Stephen Mwanthi and I had a discussion as well as the Majority leadership and Minority leadership and we agreed that the House leadership will need to take time and engage the executive on that issue effectively and the soonest so that the matter is brought for the information of this House. That is where we stand at that particular matter.

ADJOURNMENT

Hon. Speaker: Finally, Hon. Members with that, the sitting that you are having is adjourned. Of course, it was automatically after today it would end but remember I need to remind you that on the 11 of February, 2020, we are now coming back to the usual sittings of the House after the long recess. I wish you a good finalization of the recess in the remaining period. Thank you, Hon. Members.

The House rose at 3.52 p.m.
