## Foreword

The preparation of this County Fiscal Strategy Paper is a requirement under Section 117 of the PFM Act 2012. The document reviews the County's financial position and performance in FY 2022/2023 and in the medium term and outlines the County government's strategic objectives, priorities, programmes and development agenda for FY 2024-2025 and in the medium term.

The development theme for this paper is *Consolidating Economic Gains to Enhance Sustainable Growth through Socio-Economic Empowerment and Infrastructure Development* which is guided by the Governors clarion call of '*Chakula mezani, pesa mfukoni*'. This is anchored on the three-pillar manifesto of Food Security, Socio-Economic Empowerment and Infrastructure Development.

This document aligns with the National Fiscal Objectives in the Budget Policy Statement 2024, Fourth Medium Term Plan (MTP IV) 2023-2027, Vision 2030, Bottom Up Economic Transformation Agenda (BETA), Sustainable Development Goals (SDGs), County Integrated Development Plan (CIDP) 2023-2027, County Annual Development Plan 2024/2025 and the Governor's manifesto.

The National economy in the first half of 2023 remained strong at 5.45% a demonstration of resilience. This growth is well above the estimated global and Sub-Saharan African region average of 2.9% and 3.3% respectively. The Kenyan economy is projected to expand by 5.5% in 2023 and 2024 from 4.8% in 2022.

Despite the challenging global economic environment, the County has embarked on a journey of economic transformation which aims at turning around the local economy through direct investments and creation of job opportunities. This will include establishment of various industries in the existing industrial parks, agriculture, health, water, and infrastructure and learning institutions.

Given the budgetary constraints, hard decisions have been made while coming up with the sector and departmental ceilings contained herein which have been provided for the FY 2024/2025 Budget and the Medium Term. These ceilings will form the basis of the detailed budget allocations for submission to the County Assembly by 30th April 2024.

The FY 2024/2025 budget will be funded from four main sources namely; Equitable share Ksh.9.7billion, Own Source Revenues Ksh.2.9billion, Conditional Allocations, Loans and Grants Ksh897million and Equalization Fund of Kshs.12.9million Totaling to Ksh.13.5billion

Recurrent expenditure is projected to be Ksh. 9.5billion while Development expenditure is projected to be Ksh.4billion translating to 70% and 30% of the total budget respectively.

We are grateful for the collective effort and the valuable input we received while preparing this document from the County Executive Committee Members, Accounting Officers, other technical officers, the general public and other stakeholders.

I am particularly grateful for the tireless efforts and dedication from the team at the County Treasury who burnt the mid-night oil putting together this CFSP led by Chief Officer in charge of Finance, CPA Julius Kasanga.

**Hon. Onesmus Kuyu**

**County Executive Committee Member – Finance, Revenue Management, Economic Planning and ICT**

## **Acknowledgement**

The development of the 2024 CFSP was a collaborative effort involving all County entities, which provided essential and reliable information for its formulation. I extend our heartfelt gratitude to H.E. Governor Wavinya Ndeti, H.E. Deputy Governor Francis Mwangangi, and County Secretary Dr. Muya Ndambuki for their steadfast support throughout this process and the broader budgeting endeavor.

Special acknowledgment is extended to Mr. Onesmus Kuyu, CECM-Finance, Economic Planning, Revenue Management, and ICT, for leading the preparation process. Gratitude is also extended to all County Executive Committee Members and Chief Officers for their invaluable support.

I wish to particularly acknowledge the dedicated work of our directors and technical Officers, led by Ms. Stella Miriti (Director Budget), for their invaluable contributions and technical input in the preparation of this paper. Additionally, I express appreciation for the efforts and input of the public and all stakeholders involved.

Lastly, Special thanks are reserved for the staff at the Directorate of Budget, including Winfred Muema, Sylvester Juma, John Kioko, Lucia Wanza, all Budget Officers in various county entities, as well as the Accounts and Economic Planning departments, for their tireless efforts in bringing the 2024 CFSP to fruition.

Thank you all for your unwavering support and dedication.

**CPA Julius Kasanga**  
**Chief Officer – Finance**

## CHAPTER ONE

### INTRODUCTION

#### 1.0 COUNTY FISCAL STRATEGY PAPER OVERVIEW

1. The County Fiscal Strategy Paper (CFSP) outlines the County Government's strategic framework and priorities for a given Financial Year and in the Medium Term. It is usually developed by the County Treasury and serves as a guide for the County government's budget process and acts as a key decision-making tool around resource allocation and spending priorities.
2. The fiscal strategy paper contains Performance Reviews, Economic analysis, Revenue projections, Expenditure priorities, Sector ceilings, Fiscal risks and constraints, Fiscal Responsibility, Alignment to National Objectives and with other County policy documents, Public Participation report and how the County plans to manage its Pending bills over the Medium term.
3. The fiscal strategy paper contains the following elements:
  - **Economic analysis:** An overview of the current economic situation in the County, including economic performance, trends and projections.
  - **Revenue projections:** An estimate of the expected revenue sources for the County i.e. Equitable share, Own Source Revenue, conditional grants and other sources of income.
  - **Expenditure priorities and ceilings:** A statement of the County Government's expenditure priorities for the coming financial year, including a breakdown of planned expenditures by sector and program.
  - **Fiscal risks and constraints:** An assessment of the potential risks and constraints that could impact the County Government's ability to meet its expenditure priorities, including external factors such as economic shocks or internal factors such as budgetary constraints.
  - **Alignment with other policy documents:** The CFSP strategies should align with the National Development Agenda, Regional and International Development Frameworks, County Integrated Development Plan (CIDP) 2023-2027 and Annual Development Plan (ADP) 2023.

- **Public Participation report:** This is the input received from the public on the projects they need implemented in their various villages and wards

### **1.1 County Fiscal Strategy Paper Process**

4. As per the requirement of the Public Finance Management Act, 2012 section 117(5) the County Government will take into consideration the views of various stakeholders during the formulation of the 2024 County Fiscal Strategy Paper. In relation to this the County Treasury carried out Public Participation from 19<sup>th</sup> to 24<sup>th</sup> February, 2024 as per the advert and report presented in annex VII and VIII respectively.

### **1.2 Legal Basis for Preparation of County Fiscal Strategy Paper**

5. Section 117(1) of the Public Finance Management Act (PFMA), 2012 requires the County Treasury to prepare and forward the Fiscal Strategy Paper to the County Executive Committee for approval and subsequently submit the approved CFSP to the County Assembly, by 28<sup>th</sup> February of each year.
6. Section 117(2) of PFM Act, also requires the County Treasury to align the proposed revenue and expenditure plan to the national financial objectives in the Budget Policy Statement. (BPS)
7. The County Treasury shall incorporate in its County Fiscal Strategy Paper the financial outlook to County Government revenues, expenditures and borrowing for the coming financial year and over the medium term.
8. The preparation of CFSP and the proposed strategic policies and priorities for the financial year has taken into consideration the views and opinions of the public, the Commission on Revenue Allocation, interested persons/groups and other forums established by legislation.

### **1.3 Rationale for the Fiscal Strategy Paper**

9. This strategy paper articulates priority socio-economic policies as well as sectoral expenditure programs to be implemented in the fiscal year 2024/2025 and the medium term. Specifically, the County Fiscal Strategy Paper desires to;

- i. Specify the broad strategic priorities and policy goals that will guide the County Government in preparing its budget for the forthcoming financial year and over the medium term;
- ii. Provide linkage with the national objectives in the Budget Policy Statement;
- iii. Provide the financial outlook with respect to County Government revenues, expenditures and borrowing over the medium term; and
- iv. Provide a basis for stakeholder engagement in the preparation and execution of the County priorities and budgeting.

#### **1.4 Outline of the 2024 County Fiscal Strategy Paper**

10. The report is organized into four sections as follows;

- a) Chapter One provides an overview of the report
- b) Chapter Two outlines the recent economic development and fiscal outlook at the Global, National and County Levels.
- c) Chapter Three outlines the County strategic objectives and the various programmes that the County is implementing to achieve her objectives.
- d) Chapter Four covers the fiscal and budget framework with projected resource envelop and departmental ceilings.

## CHAPTER TWO

### RECENT ECONOMIC DEVELOPMENTS AND MEDIUM-TERM OUTLOOK

#### 2.1 Introduction

11. Achieving the County's medium-term strategic objective is dependent on the performance of both the global and the national economy. This section therefore gives an overview of the recent economic developments at the global, national, County levels and the impact that these occurrences have on County economic development.

#### 2.2 Global and Regional Economic Developments

12. After a strong initial rebound from the depths of the COVID-19 pandemic, the pace of recovery has moderated amid the long-term consequences of the pandemic, Russia's war in Ukraine, and increasing geo-economic fragmentation. Despite signs of economic resilience earlier in 2023 and progress in reducing headline inflation, economic activity is still generally falling short of pre-pandemic projections, especially in Emerging Market and Developing Economies (EMDEs).
13. The strongest recovery among major economies has been in the United States, where GDP in 2023 is estimated to exceed its pre-pandemic path. The Euro Area has recovered, though less strongly with output still 2.2 percent below pre-pandemic projections, reflecting greater exposure to the war in Ukraine and the associated adverse terms of trade shock, as well as a spike in imported energy prices.
14. In China, the pandemic-related slowdown in 2022 and the property sector crisis contribute to the larger output losses of about 4.2 percent, compared with pre-pandemic predictions. Other emerging market and developing economies have seen even weaker recoveries, especially low-income countries, where output losses average more than 6.5 percent.
15. Overall, global output for 2023 is estimated at 3.4% compared with a year earlier, outperforming forecasts while inflation has more than halved, from its peak of 11.6% in the second quarter of 2022 to 5.3% in the second quarter of 2023. However, global

growth is projected to fall from 3.5% in 2022 to 3% in 2023 and 2.9% in 2024 on an annual average basis. At the same time, there are more sizable changes in the underlying growth trajectories of major economies, with stronger projections for the United States and downward revisions for China and the Euro Area.

**Table 1: World Economic Outlook Projections**

Economy	Growth (%)			
	Actual		Projected	
	2021	2022	2023	2024
<b>World</b>	<b>6.3</b>	<b>3.5</b>	<b>3.0</b>	<b>2.9</b>
<b>Advanced Economies</b>	<b>5.4</b>	<b>2.6</b>	<b>1.5</b>	<b>1.4</b>
<i>Of which: USA</i>	<i>5.9</i>	<i>2.1</i>	<i>2.1</i>	<i>1.5</i>
<i>Euro Area</i>	<i>5.3</i>	<i>3.3</i>	<i>0.7</i>	<i>1.2</i>
<b>Emerging and Developing Economies</b>	<b>6.8</b>	<b>4.1</b>	<b>4.0</b>	<b>4.0</b>
<i>Of which: China</i>	<i>8.4</i>	<i>3.0</i>	<i>5.0</i>	<i>4.2</i>
<i>India</i>	<i>9.1</i>	<i>7.2</i>	<i>6.3</i>	<i>6.3</i>
<b>Sub-Saharan Africa</b>	<b>4.7</b>	<b>4.0</b>	<b>3.3</b>	<b>4.0</b>
<i>Of which: South Africa</i>	<i>4.7</i>	<i>1.9</i>	<i>0.9</i>	<i>1.8</i>
<i>Nigeria</i>	<i>3.6</i>	<i>3.3</i>	<i>2.9</i>	<i>3.1</i>
<i>Kenya*</i>	<i>7.6</i>	<i>4.8</i>	<i>5.5</i>	<i>5.5</i>

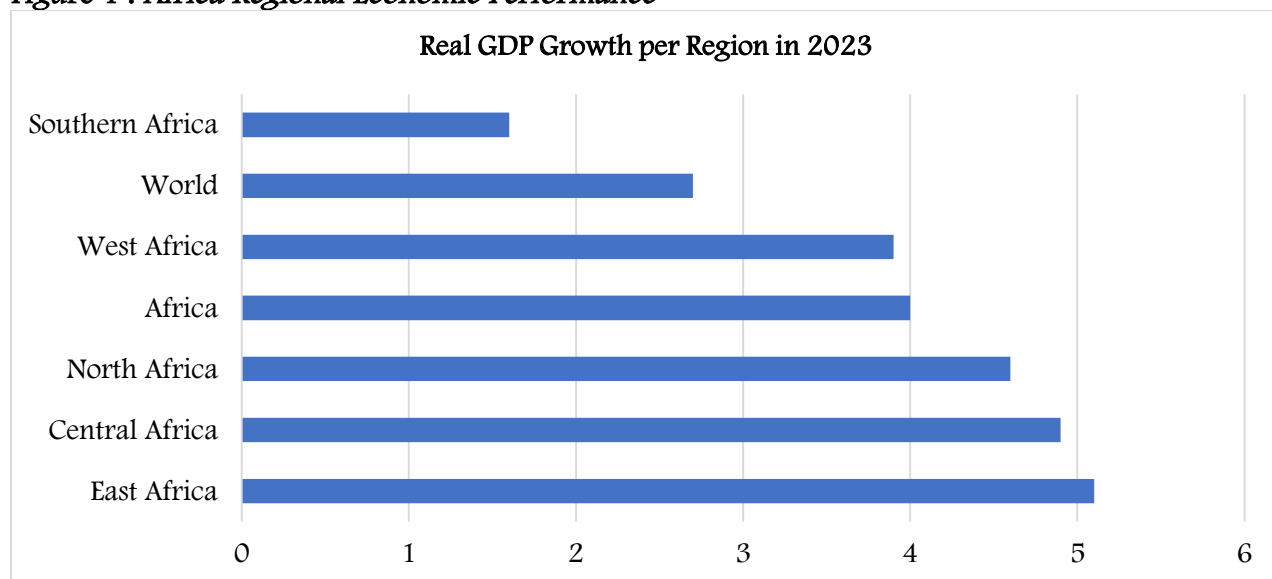

*Source: IMF World Economic Outlook October 2023; \*Budget Policy Statement 2024*

16. In the sub-Saharan Africa, growth is projected to decline to 3.3 percent in 2023 from 3.9 percent in 2022 before picking up to 4.0 percent in 2024, with growth remaining below the historical average of 4.8 percent. The projected decline reflects, in a number of cases, worsening weather shocks, the global slowdown, and domestic supply issues especially in the electricity sector.
17. Real GDP in the East African region was estimated to have expanded by 4.9 per cent compared to a growth of 6.7 per cent that was recorded in 2021. The deceleration in growth was partly due to disruption in global supply chains, depressed agricultural activities and tightened policies, which led to declines in household demand.
18. The East Africa Economic Outlook 2023 (*African Development Bank*) projects mid-term economic growth in the region to accelerate to 5.1% in 2023 and 5.8 % in 2024, against 4.4% in 2022 outpacing all the other African regions. This will be largely driven by

growth in Rwanda (8.0%), Uganda (6.7%), Ethiopia (6.2%), Kenya (6.0%), Djibouti (6.5%), and Tanzania (6.3%).

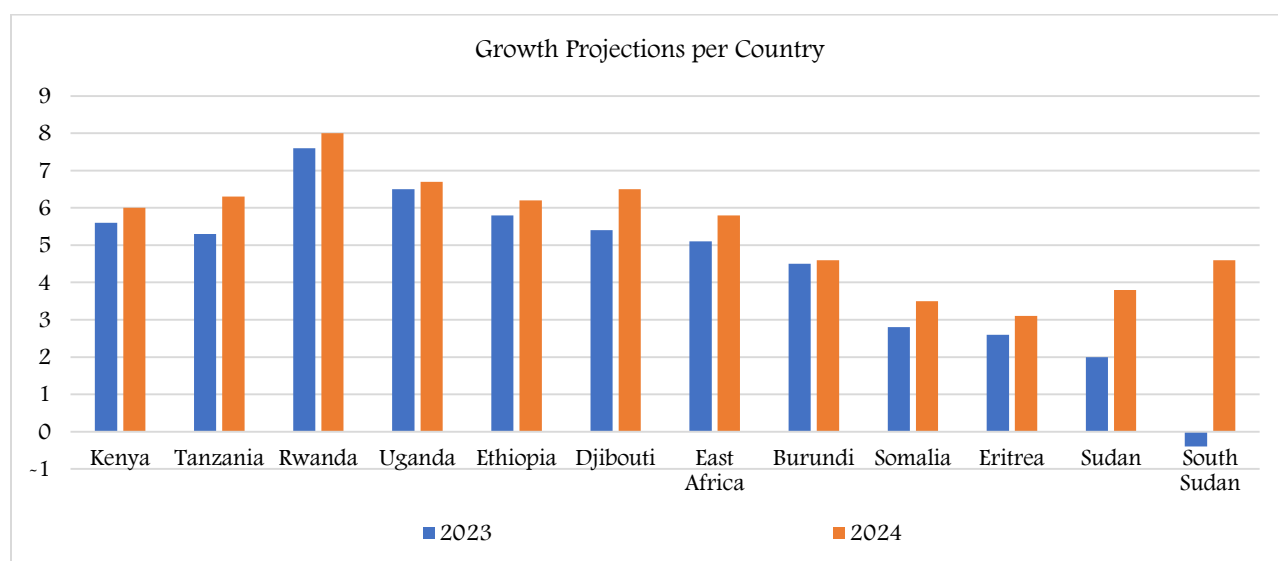

19. East Africa will thus continue to post the highest inflation rates in Africa in medium term due to global shocks and internal conflicts, although inflation pressure is slowly easing while fiscal deficit is set to improve from 3.7% in 2023 to 3.1% in 2024, low average revenues remains a major constraint to expanding the fiscal space.

**Figure 1 : Africa Regional Economic Performance**

Source: African Development Bank Statistics, April 2023

**Figure 2: East Africa Growth Projections**

Source: African Development Bank Statistics, April 2023

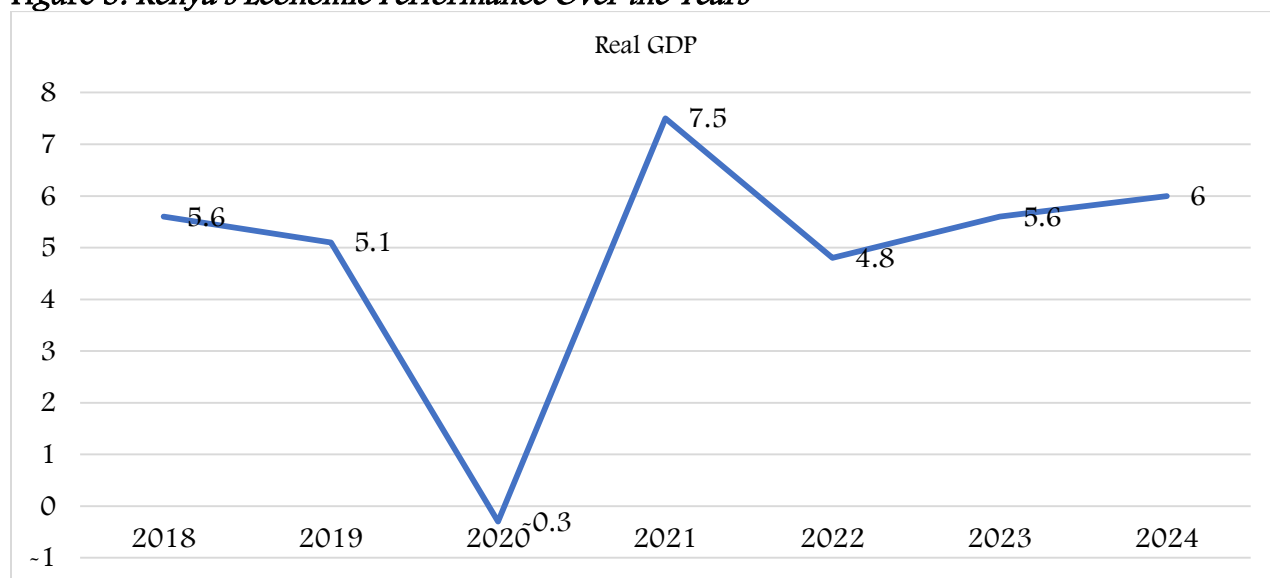

### 2.3 Domestic Economic Developments

20. On the domestic scene, Kenya's economic performance strengthened in 2023 despite continued challenges, with real GDP growth accelerating from 4.8% in 2022 to an estimate of 5% in 2023 due to a strong rebound in agriculture sector that had faced a persistent and severe drought as well as a moderate growth in the services sector. Tourism continued to expand while credit to the private sector improved and manufacturing activity is expected to improve from the anticipated growth in agro-processing sector.

21. The Kenya Economic Update 2023 (World Bank) projects that the real GDP will grow between 4.5 and 5.2% in 2024. Improved investor confidence and credit to the private sector, helped by reduced domestic borrowing, will strengthen private investment over the medium term.

**Figure 3: Kenya's Economic Performance Over the Years**

*Source: Kenya Economic Update, 2023; Central Bank of Kenya (Website); Economic Survey ,2022; Kenya Economic Report, 2022*

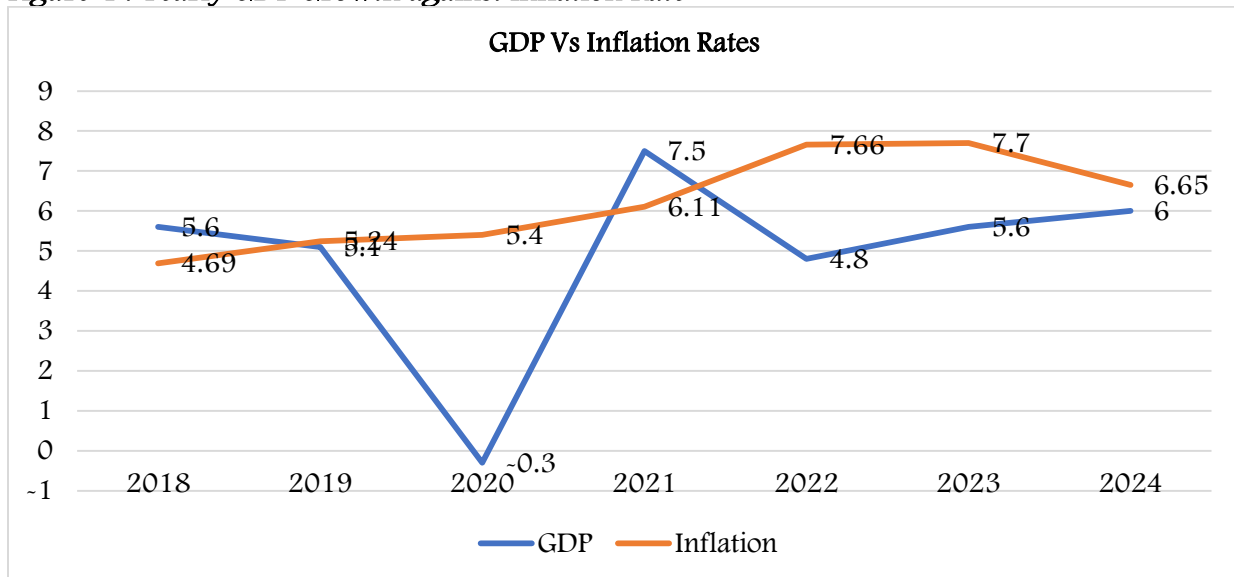

#### ***Inflation***

22. Inflation as measured by the consumer price index reflects the annual percentage change in the cost to the average consumer of acquiring a basket of goods and services that may be fixed or changed at specified intervals, such as yearly

23. Kenya inflation rate for 2022 was 7.7%, a 1.6% increase from 2021 which averaged at 6.1%, up from 5.4% in 2020.

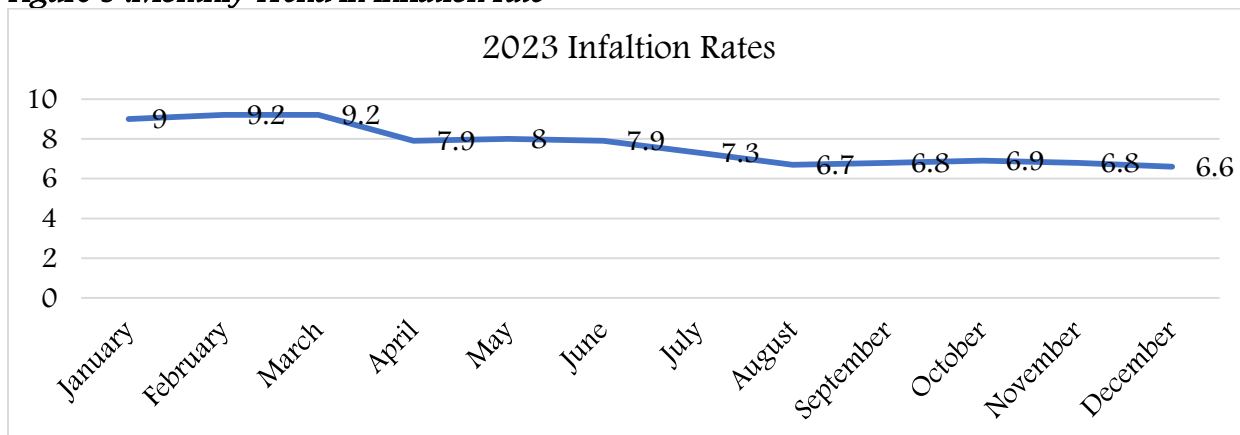

24. The annual inflation rate in Kenya edged down to 6.6% in December 2023 from 6.8% in the previous month, remaining within the central bank’s preferred range of 2.5 to 7.5%. It was also the lowest rate since April 2022, mainly due to a slowdown in prices for transport (11.7% vs 13.6% in November), driven by reduced fuel costs.

**Figure 4 : Yearly GDP Growth against Inflation Rate**

## 2.4 County Economic Outlook

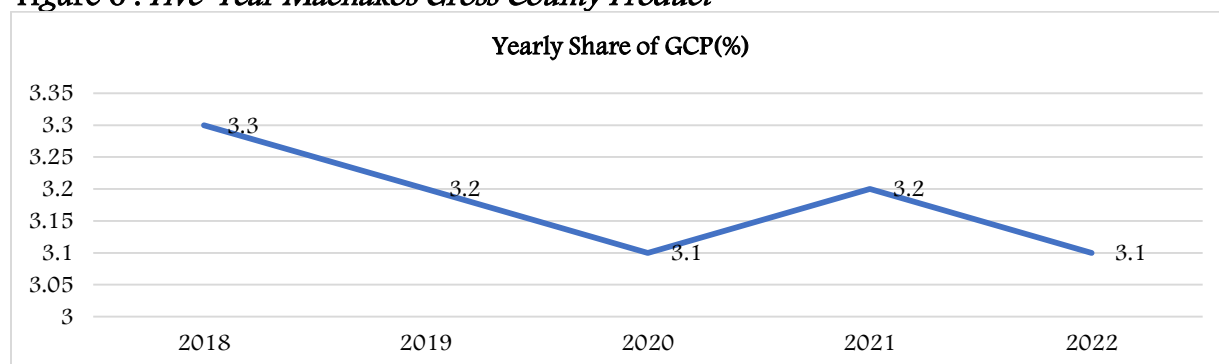

25. According to the Gross County Product 2023, Machakos County was the sixth largest economy with a GCP estimate of KSh 378.4 billion after Nairobi, Kiambu, Mombasa, Nakuru and Meru in 2022 growing by 4% which was below the national average growth of 4.6%.
26. Although the County's contribution to Gross value Added declined from 3.3% in 2018 to 3.1% in 2022, it averaged at 3.2% which was attributed to growth in manufacturing (7.8%) due to the hosting of Export Processing Zones in Athiriver- Mavoko Sub-County; other industry activities like mining & quarrying, construction etc (4.2%); Service activities (2.6%); Agriculture, Forestry & Fishing (2.2%). Table 2 and figure 6 below presents the County's growth trends over a five-year period.

**Table 2 Machakos County GCP**

Year	County Share of GCP (%)	GCP at Current Prices (Millions)	GCP at Constant (2016) Prices (Millions)	GCP Per Capita
2018	3.3	281,481	261,484	204,049
2019	3.2	295,593	264,352	207,881
2020	3.1	309,164	265,124	214,441
2021	3.2	349,897	292,411	240,138
2022	3.1	378,446	299,377	257,025

Source: KNBS, GCP 2023

**Figure 6 : Five-Year Machakos Gross County Product**

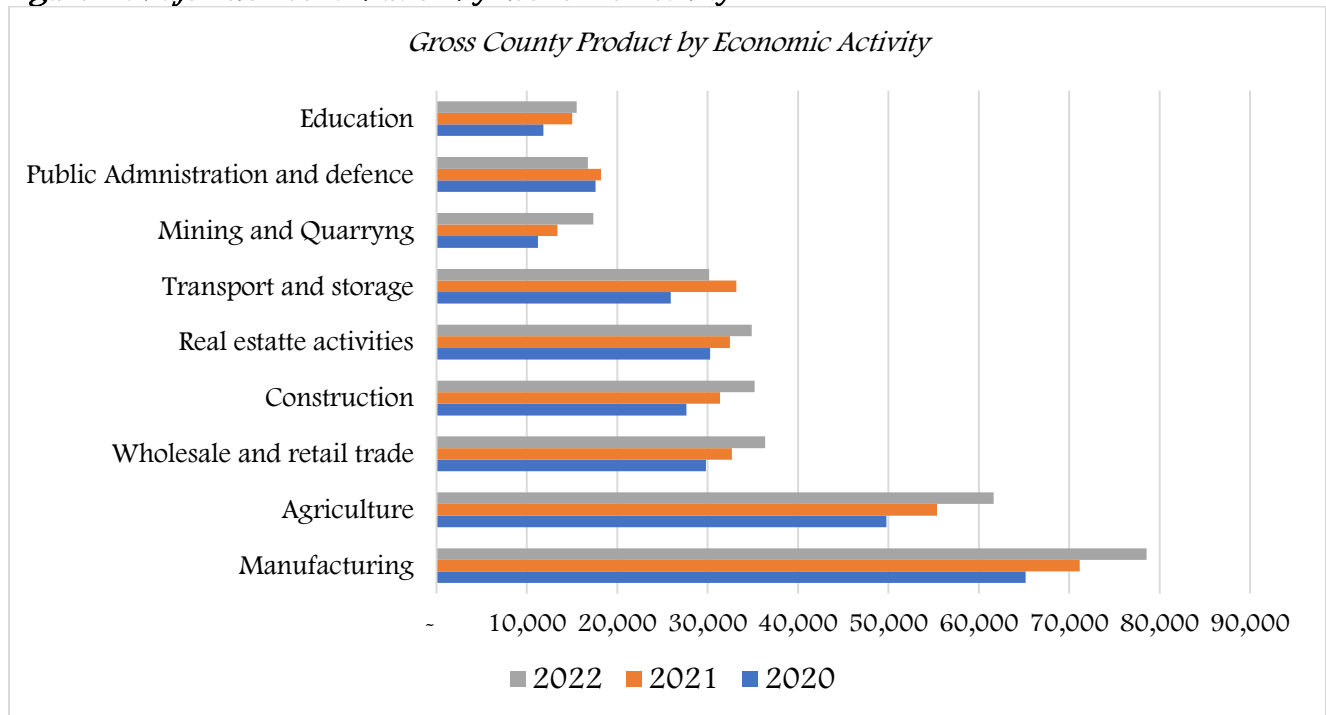

27. The major economic activities contributing to the County's growth include: Manufacturing; Agriculture, Forestry and Fishing; Wholesale and retail trade; Construction; Real estate and Transport as shown in table 3 and figure 7 below.

**Table 3 :Machakos County GCP by Economic Activity**

Economic Activity	GCP Prices 2020(Millions)	GCP Prices 2021(Millions)	GCP Prices 2022(Millions)
Agriculture, Forestry and Fishing	49,794	55,366	61,646
Mining and Quarrying	11,205	13,385	17,349
Manufacturing	65,180	71,149	78,577
Electricity Supply	2,740	3,942	4,694
Water supply, waste collection	1,361	1,422	1,376
Construction	27,664	31,373	35,180
Wholesale and retail trade, repair of motor vehicles	29,827	32,691	36,346
Transport and storage	25,912	33,186	30,164
Accommodation and food service activities	2,437	4,185	4,612
Information and communication	8,028	8,400	9,266
Financial and insurance activities	4,926	6,027	7,096

Financial services indirectly measured	(1,824)	(1,975)	(2,121)
<b>Total</b>	<b>309,164</b>	<b>349,898</b>	<b>378,445</b>

Source: KNBS, GCP 2023

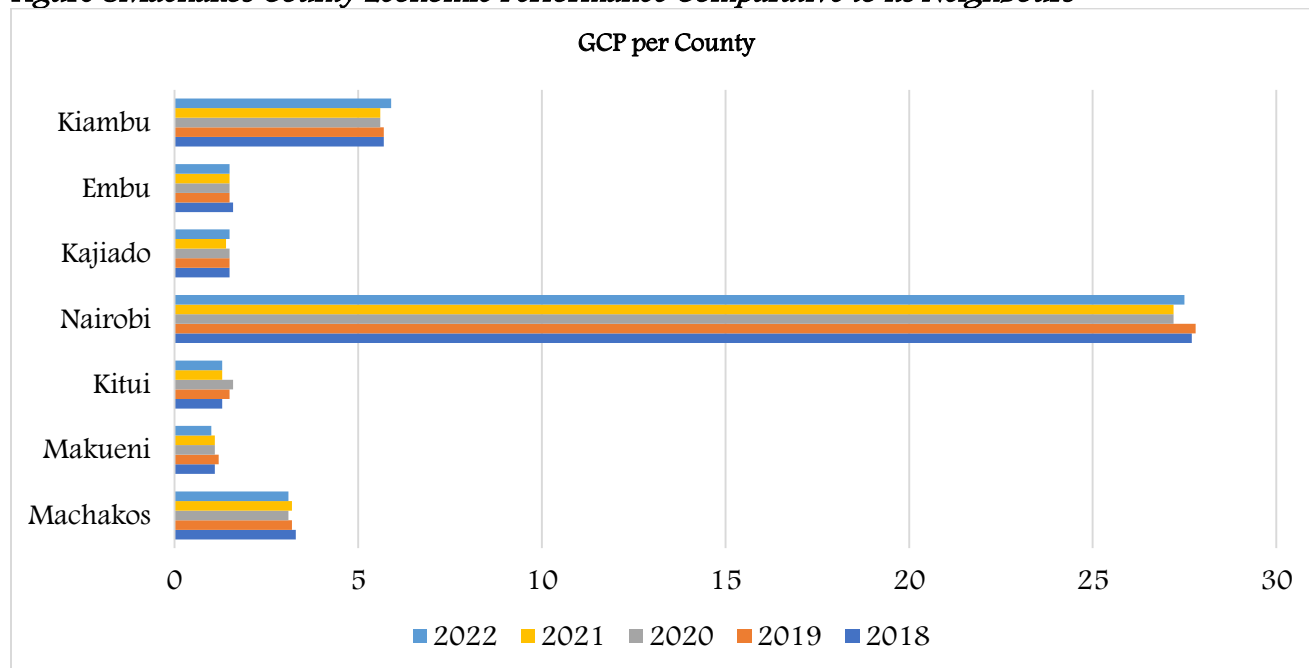

**Figure 7 :Major GCP contribution by Economic Activity**

28. Through strategic partnership with International Development partners, the County has embarked on a journey of economic transformation which aims at turning around the local economy through direct investments and creation of job opportunities. This will include establishment of various industries in the existing industrial parks, agriculture, health, water, infrastructure and learning institutions anchored on three pillars of Food Security, Socio-Economic Empowerment and Infrastructure.

29. Comparatively, the county performs well among its neighbours at position 3 with a GCP of 3.1 compared to Nairobi (27.5), Kiambu (5.9), Embu (1.5), Kajiado (1.5), Kitui (1.3) and Makueni (1) as illustrated in figure 8 below.

**Figure 8 Machakos County Economic Performance Comparative to its Neighbours**

Source: KNBS, GCP 2023

### 2.5 Risks to the Economic Outlook

30. In the short term, the World Economic Forum Global Risk Report 2024 enlists global risks as Misinformation and disinformation; Extreme weather events; Societal polarization; Cyber insecurity; Interstate armed conflict; Lack of economic opportunity; Inflation; Involuntary migration; Economic downturn and Pollution.

31. The Kenya Economic Outlook lists the effects of a prolongment of Russia’s invasion of Ukraine on commodity prices, tight global financing, drought, and slow global economic recovery as the major risks with possible mitigation measures as diversifying exports and market destinations, enhancing domestic resource mobilization, deepening financial sector reforms, and accelerating structural reforms.

32. Locally, the macroeconomic outlook for the Country looks favorable in the immediate future, however, there are down side risks emanating from domestic as well as external sources. On the domestic front, risks emanate from climate change resulting in unfavorable weather conditions. This could affect agricultural production and result in domestic inflationary pressures, loss of jobs and reduction of disposable income.

33. On the external front, uncertainties in the global economic outlook have also increased which could impact on the domestic economy. These risks include: the possible worsening of the Russia - Ukraine conflict which could heighten the risk of oil and commodity price volatility and elevated inflationary pressures; effects of COVID-19 pandemic; and global monetary policy tightening, especially in the United States, could increase volatility in the financial markets.
34. The upside risk to the domestic economy relate to faster than projected rebound in economic activities both at the National and County Level that would result in higher Government revenues providing fiscal space that would support fiscal consolidation. The Government continues to monitor the domestic and external environment and will take appropriate measures to safeguard the economy against the adverse effects of the risks if they were to materialize
35. The proposed policies to mitigate against the risks to the outlook are both Counter-cyclical and Structural. Counter cyclical policies to be employed by countries are: pursuing prudent monetary and fiscal policies that promote economic growth, productivity and resilience; enhancing coordination between fiscal and monetary policies; promoting digitalization; consolidating economic and financial governance; strengthening capacities on governance and public debt management; and creating an enabling policy and regulatory environment.
36. Structural policies will require countries to: develop/strengthen regional value chains; implement structural reforms; accelerate the implementation of Africa Continental Free Trade Area (AfCTFA) Agreement; implement climate change adaptation and mitigation agenda; foster regional trade and industrialization to build resilience; bridge infrastructure gaps while boosting private sector led growth.

## **2.6 County Specific Risks**

### **i. National Economic Performance**

37. Success in the implementation of the 2024/2025 financial year budget will be determined by the Country's prevailing economic environment, cognizant of the global

and national risks outlined above. Occurrence of either internal or external economic shocks will have a negative impact on the performance of the County since it will affect National Government allocations to the County.

**Mitigation measures:** The County needs to develop and implement innovative mechanisms to increase its local revenue while at the same time ensuring austerity in public spending

**ii. Low Own Source Revenue Collections**

38. Underperformance of revenue collection has continued to be a major challenge towards achieving the development agenda of the County. There is need to place sound policies and strategies that will guarantee optimum revenue collection to meet the anticipated budgetary requirements. Revenue collection should not only be strengthened in the traditional revenue streams but explore new avenues for revenue collection. This therefore calls for increased budgetary provision to invest in revenue collection channels and processes to enhance overall collection.

**Mitigation measures:** In the medium term, the County will continue to undertake measures aimed at expanding the revenue base and increasing tax compliance through integration of technology in revenue collection and enforcement. The County has initiated the process of developing a new valuation roll which will be fast-tracked for efficiency.

**iii. High Wage Bill**

39. Regulation 25 (1) (b) of the PFM (County Governments) requires that County wage bill shall not exceed 35% of the total revenue. The continued increase in the wage bill has arisen due to factors which are beyond the County Government. The County is disadvantaged by the current revenue distribution formula, which takes no account of inherited non-discretionary devolved costs. Similarly, the County inherited staff from the local authorities, while health workforce expenditure on compensation of employees constitutes 51% of the total County's wage bill.

**Mitigation measures:** The County will put necessary measures in an attempt to curb wage bill through operationalization of approved organization structure and staff establishments, ensuring appropriate engagement of contractual staff to enhance efficiency in HR management.

**iv. Pending Bills**

40. The County has continued to be plagued by the occurrence of pending bills. These Pending bills present a serious economic policy challenge facing the County government owing to their disruptive nature as they consume current year resources at the expense of planned development programs and projects. The County's pending bills have accrued over the financial years with existence of pending bills dating back to 2013/2014 financial year.

**Mitigation measures:** There is need for setting realistic and achievable OSR targets since unachieved revenue targets create budget gaps which in the long run result in a number of unpaid expenditures (pending bills). Further, proper implementation of departmental plans should be emphasized.

## CHAPTER THREE

### CONSOLIDATING ECONOMIC GAINS TO ENHANCE SUSTAINABLE GROWTH THROUGH SOCIO-ECONOMIC EMPOWERMENT AND INFRASTRUCTURE DEVELOPMENT

#### 3.1 Overview

- 4 Despite the ongoing economic challenges, the County is actively pursuing economic transformation, with plans for investments and job creation spanning industries, agriculture, healthcare, water, infrastructure, and education, with a focus on enhancing Food Security, Socio-Economic Empowerment, and Infrastructure.
- 5 Towards this end, the Government will undertake targeted strategic interventions to support the realization of the County agenda.

#### 3.2 County Strategic Objectives, Programmes and Priorities

##### 3.2.1 Agriculture and Co-operative Development sector

- 6 The sector consists of Crops, Livestock, Veterinary services, Fisheries and Cooperative Development.

##### *Vision*

*Machakos County to be a food secure and wealthy County anchored in innovative and competitive production, processing and marketing of crops, livestock and fisheries products.*

##### *Mission*

*To improve the livelihoods of Machakos County residents and ensure food security by promoting innovative and competitive crop and animal husbandry practices through creation of an enabling environment and ensuring sustainable natural resource management.*

- 7 Agriculture plays a pivotal role in the effective implementation of the Government's development agenda, as emphasized by the Governor's clarion call of "*Chakula Mezani, Pesa Mfukoni*". The County Government's development strategy is closely aligned with national development priorities, including Vision 2030 and the Bottom-Up Economic Transformation

Agenda. These overarching plans acknowledge the agricultural sector's significance as a primary engine of economic development and its crucial role in improving household welfare.

8 During the period of FY 2022/2023 and in the medium term, the sector:

- Distributed certified seeds to farmers; Equipped numerous farmer groups across all wards with beehives and processors; established aggregation centers to enhance crop value addition;
- Empowered People with Disabilities through various farm inputs
- Provided fish farming tools including dam liners, fish fingerlings, and predator nets to residents;
- Invested in cooperatives to support coffee and dairy farmers. Notably, coffee production surged from 4 million kilograms in 2022 to an impressive 6 million kilograms in 2023.

9 Building on these achievements, the sectors priorities for FY 2024/25 and in the medium term include:

- Distribution of chicks and hatchery equipment to farmers,
- Continuous purchase and distribution of certified crop seeds across the County.
- Purchase and distribution of coffee seedlings
- Purchase of pesticides for registered cooperative societies
- Purchase of beehives and honey harvesting equipment to registered groups
- Construction of animal yards,
- Rehabilitation of and quality control in slaughter houses
- Animal vaccination program,
- Acquisition of extension services motorcycles,
- Facilitation of artificial insemination for livestock,
- Provision of fish breeding stock to fish farmers,
- Renovation of ATC (Agricultural Training Centers) and the
- Purchase of hatchery equipment for the Agricultural Training Center to Supplement farmers' production in raising commercial flocks.
- Training of farmers on climate change mitigation and encourage them to adhere to livestock movement regulations.
- Recruitment of more extension officers, improvement of staff mobility, support of e-extension and digitalization of farmers.

- Enhancing of farmers’ linkage with research and development partners and promote climate smart agricultural innovations.

### 3.2.2 Health Sector

#### *Vision*

*A Universal leader in provision of holistic health care and emergency services*

#### *Mission*

*To provide the highest attainable standards of quality health care which is dynamic, affordable, accessible, equitable, acceptable, sustainable, efficient and effective to all Sector Goal Improved livelihoods and health care services for residents of Machakos County*

- 10 The County is committed to improving access to equitable, affordable and quality healthcare services through promotion and provision of integrated and high-quality curative, preventive and rehabilitative services that are accessible, responsive, and accountable to every citizen of Machakos.
- 11 In the fiscal year 2022/2023, the health department undertook several initiatives to enhance the efficiency and timeliness of healthcare services for patients. These projects collectively aimed to upgrade infrastructure, enhance service delivery, and strengthen the healthcare system, ultimately improving access to quality healthcare for the community. These included:
- Installation of a liquid nitrogen tank at Machakos Level V Hospital.
  - Expansion and modernization of the Emergency Response Unit at Machakos Level 5 Hospital.
  - Equipping Machakos Level 5 with modern radiology equipment.
  - Renovation of the casualty ward at Machakos Level 5 Hospital.
  - Rehabilitation of non-functional health equipment, ensuring reliable service delivery to patients.
  - Piping oxygen to 12 Level 4 and Level 3 health facilities.
  - Implementation of a Hospital Integrated Management system to improve transparency and efficiency.

- Construction of an ultra-modern trauma center in Kyumbi.
- Construction of 18 new health facilities awaiting equipping.
- Renovation and equipping of Kitchen and Laundry at Level 5
- Verification and training of 2,877 community health promoters.
- Ensuring a steady supply of medical drugs and non-pharmaceuticals in all healthcare facilities.

12 In the FY 2024/25 and over the medium term, the department will oversee:

- Completion of mother child Health Facilities to reduce maternal mortality rates and also improve maternal & child health in the County;
- Refurbishing of health facilities to meet international standards as prescribed by World Health Organization (WHO);
- Completion of ongoing health facilities (level 4s,3s and 2s) for effective service delivery;
- Equipping of all Health facilities with the required medical drugs and other medical equipment;
- Creation of awareness through outreach medical camps in every ward; Digitize health information systems in our health facilities;
- Improving the skills of the healthcare workers such as doctors, nurses, pharmacists and technicians through continuous education and training programs to enable them provide quality curative and preventive care.
- Emphasizing on preventive health care by empowering the Community Health Promoters realizing their key role as grassroots advocates for health promotion and disease prevention in the community.

### 3.2.3 Energy, Infrastructure and ICT Sector

13 This sector includes Energy, Roads, Transport, Public Works, Urban Planning and ICT sub-sectors. It plays an integral role in supporting sustainable development, enhancing quality of life, and promoting economic prosperity in Machakos County.

#### *Vision*

*To provide cost-effective and modernized infrastructure facilities and services that support economic growth.*

## *Mission*

*To provide efficient, affordable and reliable infrastructure and energy for all.*

41. Good infrastructure is critical for the realization of long-term development plans. It enables trade, powers businesses, connects workers to their jobs, businesses to their clients and creates employment opportunities in building and maintenance. During the FY 2022/23 and the medium term, the sector implemented the following projects so as to realize its objectives;

- Rehabilitation and grading of over 3000kms of rural roads under the ‘Barabara Mashinani Program’
- Recarpeting of the Main Machakos town Bus Park terminus which was last done 15 years ago to provide a safer, more efficient, and user-friendly experience for commuters while aligning with modern transportation standards and sustainability goals Recarpeted Masaku Avenue Road.
- Constructed Mwala Market Road Stoem water drainage system.
- Under the Access roads the County made routine maintenance to 63 rural access roads opening up inaccessible areas and improving road network across the County.
- Carrying out a comprehensive motor vehicle audit to enhance accountability in the management of County Motor assets
- Ensuring compliance with established standards of all constructions at every stage to ensure quality and safe houses for Human Occupation.
- Carrying out routine maintenance of road and road-related infrastructure through marking of roads, pothole patching, installation of signage
- Upgrading 16.5km of road to Bitumen standards;
- Completed the construction of an office block at the Transport Department offices.
- Carrying out drainage works across the County
- Renovation and repairs of existing bus terminals.

42. Over the Medium-Term, the sector will;

- Complete the construction of “Thin Tall Building” which is set to house several government departments
- Carry out Routine maintenance of government buildings

- Introduce a ward roadgrading programme
- Carry out Routine maintenance of 22 new rural access roads.
- Construction of a toilet block and waiting area at the governor's office
- Completion of a public facility at the Machakos new city
- Renovate and equip the County garage to be able to support the routine maintenance of all County Government equipment.
- Construct the Governors and Deputy Governors official residences as per the SRC specifications.
- Complete a boundary wall at the County HQ.
- Enhanceme and approve Municipal/ towns boards and charters which will help to create governance framework that promotes community development, inclusivity, and the overall prosperity of residents.
- Renovate staff houses so as to comply with safety standards.
- Procure garbage collection trucks, exhausters, skip bins, tools, equipment's, protective gears and cleaning materials.
- Construct drainages, waste material recovery facilities and sewerage systems to create sustainable, resilient, and healthy urban environments.
- Tarmack urban roads and install cabros to bring about a range of benefits that improve transportation, safety, aesthetics, and overall quality of life in urban areas
- Establish and mainten recreational areas which contributes significantly to the holistic development and happiness of communities, making them essential components of urban and suburban planning.
- Ensure Household access to clean energy which will address environmental concerns
- Adopt solar technology in county public facilities which aligns with broader efforts to transition towards sustainable and resilient energy systems, offering numerous economic, environmental, and community-related benefits.
- Install, repair and maintain floodlights will create safe, secure, and functional environments in various settings, benefiting both individuals and communities.
- Increase Household connectivity to the national grid will which offer numerous benefits, impacting various aspects of individual households and the broader community

### 3.2.4 Public Administration

43. This Sector is comprised of Office of the Governor, County Assembly, Devolution, County Public Service, County Public Service Board, Office of the County Attorney, Finance, Revenue and Economic Planning sub-sectors.

44. The Sector is committed to improve service delivery, strengthen governance, and invest in infrastructure in order to create a better life for all its citizens.

#### *Vision*

*A leading sector in legislation, public policy formulation, co-ordination, supervision and prudent resource management*

#### *Mission*

*To provide overall leadership and policy direction in resource mobilization, management and accountability for quality public service delivery*

45. During the Financial Year 2022/23 and in the medium term, the County was able to implement the following programmes to achieve its objectives:

- Coordination of resource mobilization by engaging Development partners through investment conferences, spearheading public participation and social services programmes.
- Entrenchment of performance contracting in all levels of Government in its quest to boost service delivery and accountability of Government and its officers.
- Contacting comprehensive staff audit geared towards weeding out ghost workers and ascertaining validity of their academic certificates.
- Timely disbursement of salaries to staff.
- Construction of offices at both the Sub-county and ward levels to ensure visibility and access of government offices.
- Purchase of new uniforms for the inspectorate officers
- Training of the inspectorate and emergency services officers as part of the departmental reforms.
- Revenue Mapping
- Digitization of revenue collection to eliminate handling of cash
- Reorganization of the department to instill more vigor and transparency in revenue collection.

- Strengthening internal controls in Financial Management
- Carrying out Project monitoring and evaluation to ensure value for money is achieved on projects implemented.

46. In FY 2023/24 the sector commits to implement the following programmes:

- Continue entrenching performance contracting and evaluation in the public service,
- Completion and equipping of Kathiani Sub-county offices
- Capacity building and verification of human capital to enhance effectiveness and efficient service delivery;
- Cognisant of the critical role the human resource plays, provide staff with a medical insurance cover, group life and last expence cover.
- Installation of fire hydrants and assembling points to enhance fire safety, protect communities, and ensure efficient response capabilities in the event of a fire emergency.
- Enhancing public participation by promoting good governance, strengthening institutional structures on ethics, integrity and civic engagement.
- Enhancing collaboration and partnership with national Government agencies and other non-state stakeholders through continuous engagement and updating the existing database of all state stakeholders operating in the County.
- Development of disaster risk profile, implementation of disaster mitigation and preparedness plans, co-ordinating timely responses to emergencies and stakeholders' engagements in support of emergency management in the County.
- Purchase of firefighting equipment for improved fire and emergency services
- Training of the inspectorate and emergency services officers as part of the departmental reforms.
- Recruitment of officers and purchase of uniforms for inspectorate and emergency services.
- Purchase of motorcycles and motor vehicles for efficient mobility of inspectorate staff.

- Renovate subcounty fire offices for improved fire and emergency response and services.
- Upgrading of the revenue collection system to ensure it is up-to-date
- Verification and payment of pending bills
- Equipping the Kyumbi Emergency Operations Center
- Constructing multi-purpose subcounty offices for enhanced service delivery in Kalama, Mwala, Yatta and Masinga
- Construction and equipping ward offices
- Operationalization of village council structures

### 3.2.5 Education, Youth and Social Welfare

14 This sector is composed of sub-sectors of ECDE, Youth Empowerment, Vocational Training, Sports, Gender and Social Welfare.

#### *Vision and Mission*

*To be a regional leader in provision of ECDE services, youth development, mainstream gender, sustainable social welfare support and vibrant sports activities.*

15 Education is critical in promoting political, social and economic development to create a knowledge-based economy. The constitution limits the role of County Governments in education to only basic education (pre-primary) and Vocational Training Centers. Cognizant of the critical role of education, during FY 2022/2023, the Government under the Elimu Bora programme.

16 The youth are the strength, wealth and drivers of innovation. Deliberate and systematic efforts are necessary to appropriately equip and empower them to attain and realize their full potential and in turn, drive the attainment of County and national development objectives

17 In the FY 2021/2022 – 2022/2023 medium term other achievements include:

- Disbursement of bursaries benefitting 28,000 students in the County Spread across secondary and tertiary institutions
- Construction of 16 Early Childhood Development Education (ECDE) centers
- Hiring of additional ECDE teachers and distribution of teaching and learning materials to ECDE centers. Implementation of the school feeding program in all ECDE centers in the County. Through the programme, the County Government aimed at addressing the nutritional needs of learners as well as acting as an incentive to boosting school attendance.
- Facilitated Kwanthanze Secondary School volleyball team's participation in the Volleyball School Championships in Morocco;
- Introduction of digital learning in schools through a partnership with *EDU Africa*;
- Expansion, modernization and equipping of vocational training centers across the County.
- To address the challenges faced by women in balancing child care and work, the County established a daycare center in Machakos town to this effect. The childcare center ensures that women access the same opportunities as men and go about their work without the burden of motherhood.
- Resumption of construction of stalled stadia across the County;
- Signing a memorandum of understanding with the Football Kenya Federation for establishment of a Ksh 600 million National Football Technical Centre in Machakos;
- Unearthing emerging football talent in the County through the Governor's Cup tournament where 640 teams spread across all the forty wards of the County participated.
- Mainstreamed gender issues in all sectors to support and promote gender equality;
- Constructed and equipped a gender-based violence and rescue center to provide psychosocial support and medical treatment to victims.
- Drafting of the County Youth Policy which is an expression of the collective commitment of concerned stakeholders to harness and optimize the strengths and opportunities that the youth present while addressing personal and structural barriers that affect their productivity.
- Training of over 3000 youth in ICT and life skills through mentoring programs.

- Distribution of assorted foodstuffs to needy and vulnerable families, households and children homes across the County and those affected by disasters such as fire outbreaks and vagaries of nature.
- Established litigation, prosecution and advisory & legal drafting sections under the Office of the County Attorney with the view of handling cases internally.

18 In FY 2024/2025 and over the medium term, the sector will undertake the following projects and strategies so as to achieve its objectives:

- Construction of Matuu Day Care Center;
- Provide a platform to promote the Digital Economy
- Set up five additional digital hub
- Revamp the existing digital hub at the Machakos Youth Center
- Hold public awareness engagement activities in the 9 subcounties on the digital literacy and the opportunities available for economic growth & employment in the digital arena.
- Construct 20 ECDE classes;
- Provide Sports equipment to County Sports Clubs
- Develop the Machakos Sports Policy and Legislation
- Provide learning materials for ECDE-CBC
- Construct a twin workshop and ablution block at Kamwanyani;
- Sustain the school feeding programme which includes the *'Maziwa ya Mama'* initiative;
- Equitable and fair allocation and award of bursaries to needy and deserving students.
- Refurbishment and equipping of Vocational Training Centers;
- Disbursement of capitation to Vocational Training Centers.
- Carrying Monitoring and Evaluation for quality assurance of the VTCs
- Construction of workshops in VCTs
- Establishment and Operationalization of the Machakos Youth Service (MYS).
- Equipping and upgrading stadiums and playing grounds;
- Active identification, development, and promotion of sporting talent in the County;

- Identification, nurturing, development and promotion of sporting talent in the County;
- Creation of a marketing strategy for the County as premier sporting destination;
- Endeavor to sign MOUs with stakeholders in sports on how to develop and nurture budding talent.
- Formation and operationalization of Gender-Based Violence (GBV) technical working groups and establishment of County committees at the County, sub-County, and ward levels
- Presentation of the Draft Youth Policy for adoption to the Cabinet.
- Establishment of a revolving fund specifically designed for women, youth, and Persons with Disabilities (PWDs);
- Mainstreaming of disability considerations across all sectors and departments,
- Provision of assistive devices to individuals identified as Persons with Disabilities.
- Construction of social halls for enhancing community life, promoting cultural activities, and providing a versatile space for a variety of social, educational, and civic functions

### 3.2.6 Water and Irrigation Sector

19 This sector comprises Water, irrigation, Sewerage, Sanitation and waste Management sub-sectors.

***Vision***

*A national leader in the management and development of sustainable water resources*

***Mission***

*To contribute to County development by promoting and supporting water resource management to enhance safe water availability and accessibility for all*

20 During the Financial Year 2022/2023 and in the medium term, the following programmes were implemented in the Water and Irrigation sector;

- Desilting of dams
- Drilling, repair and equipping boreholes
- Repair and maintenance of drilling rigs

- Distribution of 10,000 litre tanks

21 Recognizing the pivotal role of this sector in provision of clean and safe water, as well as improved sewerage and sanitation services, the County will implement the following programs:

- Extending water reticulation networks from boreholes and dams to various water points.
- Drilling new boreholes and rehabilitating existing ones to ensure a sustainable water supply.
- Procurement of modern hydrological machine
- Distribution of 10,000 litres water tanks
- Repair and maintenance of drilling rigs and other equipment
- Development of County water masterplan and policy documents for climate change matters
- Erecting elevated water steel tank structures to ensure adequate water storage and distribution.
- Constructing earth dams and undertaking desilting and fencing of existing dams to enhance water storage capacity.
- Establishing mega dams equipped with treatment plants and associated reticulation infrastructure.
- Acquiring administrative and surveillance vehicles through leasing or purchasing to support operational efficiency and monitoring efforts.
- Purchase of equipment to improve access to sewer services and sanitation, including shovels, tippers, excavators, boosters, drilling rigs, and exhauster trucks.
- Expansion and rehabilitation of existing irrigation schemes and canals.
- Construction of gabions and water weirs to prevent soil erosion and retain water in catchment areas

### **3.2.7 Lands Environment & Natural Resources Sector**

22 This sector comprises of the following sub sectors: Lands and Physical Planning; Housing and Urban Development, Environment & Natural Resources and Climate Change.

***Vision***

*To be the leading sector in land administration, sustainable urban development and management of environment, natural resources*

***Mission:***

*To facilitate improvement of Livelihood through land management, sustainable urban development, access to decent housing and sustainable management of environment and natural resources.*

23 In order to support achievement of the County agenda through this sector the Government over the medium term will undertake the following programs;

- Construction of offices that includes a GIS lab. This set up will support a wide range of applications, from urban planning and infrastructure development to emergency response and environmental management. It will enhance the department's capabilities in utilizing spatial data for better decision-making and addressing complex challenges.
- Web and GIS based physical addressing system alongside NLIMS will give a comprehensive solution for efficient and transparent land administration, planning, and development.
- Capacity building for institutions involved in physical and land use planning is key for ensuring that the department is well-equipped to address contemporary challenges, deliver effective planning outcomes, and contribute to sustainable and inclusive development.
- Conducting public participations and engagement forums which are essential for democratic governance, promoting transparency, inclusivity, and community-driven decision-making for the benefit of society as a whole.
- Issuance of title deeds to individuals will promote empowerment and economic opportunities and help in improving land management and community development.
- Digitization of cadastral layers. This will help to create accurate, up-to-date, and easily accessible digital records of land-related information for efficient land management, planning, and analysis.

- Development of County physical planning laws and policies. This will contribute to orderly development, sustainable land use, and improved quality of life within the County
- Public land acquisition, repossession and securing of public land in urban areas will bring orderly urban development, infrastructure improvement, and the overall well-being of communities.
- Machakos new city planning and implementation including Monitoring and Evaluation reviews for a well-designed, meets the needs of its residents, and remains responsive to changing circumstances over time.
- Increase in forest cover and rehabilitation of degraded areas.
- Protection, conservation, and management of the environment and natural resources.
- Establishment of tree nurseries.
- Public awareness forums on waste management for building a sense of shared responsibility and encouraging individuals to actively participate in creating cleaner and more sustainable communities through effective waste management practices.
- Construction and operation of the County Recycling Plant at Machakos New City for environmental sustainability, economic development, and community well-being
- Enhancement of adaptive capacity and resilience to climate change.
- Implementation of County Climate Change Action Plans.
- Water catchment area protection, rehabilitation, and conservation.
- Construction of weirs and water distribution for domestic use and irrigation through locally-led County Climate Change Adaptation Programs.
- Building sanitation blocks to improve hygiene and sanitation standards in communities.
- Rehabilitating sewer treatment plants and networks to enhance wastewater management.
- Establishing Fecal Sludge Management Treatment Plants to address sanitation challenges.
- Constructing, refurbishing, and maintaining modern public toilets and pit latrines to improve sanitation facilities.
- Enhancing existing sewerage systems and implementing effective sanitation management practices.
- Rehabilitation of water drainage systems

### 3.2.8 Commercial, Tourism and Labour Affairs Sector

24 This Sector is comprised of sub-sectors of Trade, Industrialization, Investment, Tourism and Labour Affairs. One of the core functions of the sector is to create conducive environment for trade, investment, tourism and industrialization.

#### *Vision*

*Making Machakos a nationally competitive County of choice for Trade, Investment and Tourism.*

#### *Mission*

*To promote sustainable economic growth through Trade, Industrialization, Tourism and decent job creation*

25 In the FY 2023/2024, the County government launched a Ksh. 250 million industrial park in partnership with the National Government which has set the stage for accelerated growth of SMEs.

- Major historical sites were rehabilitated such as Mulu Mutisya garden and Fort Machakos and are now serving as a tourist attraction to the general public.
- The Tourism Sub-sector has deployed the use of virtual reality technology to market the County to attract both local and international tourists.
- The County has also gained traction as a favourable sports destination thus boosting local tourism.
- Constructed 3 market shades
- Inspected verified and calibrated 5000 weighing and measuring machines.

26 The County Government aims to foster a favorable business environment conducive to tourism activities, vibrant trading activities and heightened investor interest, thereby promoting industrialization and private investment growth. To achieve this goal, the Government will:

- Build solar-powered market sheds to enhance trading conditions and support local businesses.
- Establish, equip, and activate Business Incubation and Acceleration Hubs to nurture entrepreneurship and facilitate the growth of startups and small enterprises.
- Develop business parks to provide strategic locations for commercial activities and attract investors.
- Establish fully operational and equipped Digital Innovation Hubs to foster technological advancements and digital entrepreneurship within the County.
- Construct a Formula E racing track and a III circuit to promote motorsports and tourism, thereby stimulating economic activity and investment opportunities.
- Completion of the Machakos Industrial Aggregation park
- Development of Kyamwilu Anti-gravity site
- Operationalization of Mavinye market

## CHAPTER FOUR

### 4.0 FISCAL POLICY AND BUDGET FRAMEWORK

#### Resource and Expenditure Framework

#### 4.4 Fiscal Responsibility Principles

57 As outlined in the Public Finance Management Act 2012, the County Treasury shall enforce the following fiscal responsibility principles.

- i. the County Government's recurrent expenditure shall not exceed the County Government's total revenue;
- ii. over the medium term a minimum of thirty percent of the County Government's budget shall be allocated to the development expenditure;
- iii. the County Government's expenditure on wages and benefits for its public officers shall not exceed a percentage of the County Government's total revenue as prescribed by the County Executive member for finance in regulations and approved by the County Assembly;
- iv. over the medium term, the Government's borrowings shall be used only for the purpose of financing development expenditure and not for recurrent expenditure;
- v. the County debt shall be maintained at a sustainable level as approved by County assembly;
- vi. the fiscal risks shall be managed prudently.

#### 4.5 Performance Review

##### 4.2.1 Fiscal Performance

58 The County's approved budget for FY 2023/2024 was **Kshs.14.75 Billion** which was revised to **Kshs. 16.58 Billion** during the reporting period. This was made up of **Kshs. 11billion**, **Kshs. 12.9 million**, **Kshs. 1.45 Billion**, **Kshs. 4billion** and **Kshs. 100million** as Equitable Share, Equalization Fund, Conditional Grants, Own Source Revenue and Asset Disposal respectively.

Table 5 below provides a summary of the overall County's fiscal performance as at 31<sup>st</sup> December 2023

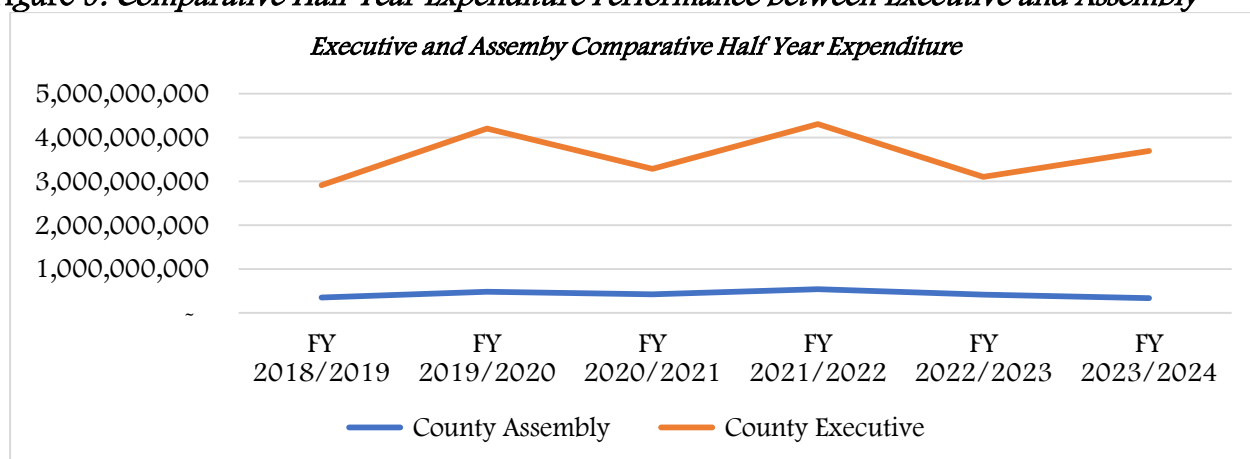

**Table 4: County Fiscal Outturn FY 2022/2023-2023/2024**

	Revised Estimates FY 2022/2023	First Half Performance FY 2022/2023	Printed Estimates FY 2023/2024	Revised Estimates FY 2023/2024	First Half Performance FY 2023/2024

#### 4.6 Expenditure Performance

61 The total Expenditure as at 31<sup>st</sup> December, 2023 was **Ksh. 4.03 Billion** consisting of **Kshs. 3.68** and **Kshs. 0.35** of recurrent and development expenditures respectively.

62 Overall budget execution declined to 24% in the reporting period compared to 28% over the same period in FY 2022/2023 with the department of Health recording the highest absorption

at 37%. This was attributed to delayed disbursement from exchequer and low collection due to low economic activities in the County. Despite this decline, development expenditure increased from 4% last financial year to 6% in FY 2023/2024 as presented in table 8 and figure 12.

63 Recurrent expenditure constituted of Compensation of employees at Kshs. 2.54billion and Use of Goods at Kshs. 1.14billion representing 15.3% and 6.9% of budget execution respectively. This is illustrated in table 9 and figure 13.

**Figure 12 Representation of Budget Execution by Economic Classification**

**4.7 Resource Envelope**

64 As noted earlier, the County has not been able to achieve its targets on OSR over the years. There is need for the County to look beyond the regular revenue sources as Equitable Share and include in its menu array of options for supplementing its budget like Grants, Donations, Loans, Public Private Partnerships, Bonds, Joint Ventures among others. Table 10 below presents the revenues expected to finance the County budget in the FY 2024/2025.

**Table 9: Resource Envelope FY 2024/2025**

\*BFS 2024

\*\*CRA Report, December, 2023

#### 4.8 Criteria for Resource Allocation

65 The following criteria guided the allocation of resources for the County entities for FY 2024/2025 and over the medium term:

- i. **Compliance with legal Requirements** - Requirements for furtherance and implementation of the Constitution, PFM Act 2012, PFM regulations 2015 and other relevant fiscal regulatory frameworks.
- ii. **Non – discretionary expenditure** - In the recurrent expenditure category, non-discretionary expenditures take the first charge and include statutory obligations such as salaries, gratuity and pension
- iii. **CRA ceilings** – The ceilings provided by the Commission on Revenue allocation for the Executive and County Assembly have to be adhered to first before allocation to the other County entities.
- iv. **Development expenditures** are shared out on the basis of CIDP priorities as well as strategic interventions to boost revenue base and stimulate the economic growth as outlined in the National Government Policy documents, the Governor’s Manifesto and views of the Public as collected during the Public participation exercise held from 19<sup>th</sup> to 24<sup>th</sup> February, 2024.
- v. **On-going projects:** emphasis was given to completion of on-going capital projects and in particular infrastructure projects with high impact on poverty reduction, equity and employment creation;
- vi. **Conditional grants:** priority was also given to adequate allocations for donor funds both own contribution and the donors contribution as per the Budget Policy Statement provisions
- vii. **Strategic policy interventions:** further priority was given to policy interventions covering food security, access to healthcare, infrastructure, social welfare and environmental conservation

The criteria outlined above helped in developing ceilings for each County Entity as tabulated in tables 10 and 11 below.

**Table 10: Summary of Budgetary Allocations FY 2024/2025**

	Printed Estimates FY 2023/2024	Revised Estimates FY 2023/2024	Proposed Estimates FY 2024/2025	% Allocation
<b>Total Revenue</b>	<b>14,747,002,447</b>	<b>16,475,276,913</b>	<b>13,794,604,005</b>	<b>100</b>
Equitable Share	9,547,295,309	11,003,296,347	9,689,368,198	70

#### 4.9 Adherence to Fiscal Responsibilities

66 As presented in table 10 above, the County has adhered to all the fiscal responsibility principles as set out in section 107 (2) of the PFM Act 2012. However, as noted in the risks to the County outlook, the County is not able to meet the fiscal responsibility on compensation to employees, which stands at 47% of total revenue against a requirement of 35%. The County therefore calls upon the National Government to analyze the inherited wage bill with a view to considering an allocation in form of conditional grant to bridge the gap in the fiscal responsibility.

67 The County has allocated Kshs. 100million and Kshs. 200 Million respectively towards clearance of recurrent and development pending bills.

#### Public Participation

68 The county held public participation from village to subcounty level between 19<sup>th</sup> and 24<sup>th</sup> February, 2024. The presentations and submissions in form of priority projects informed the

resource allocation. Annex I details the submissions received from the stakeholders during the public participation exercise.

Table 11 Budgetary Allocation per Department FY 2024/2025

County Entity	Department	Compensation for Employees	Use of Goods and Services	Current Grants	Total Recurrent FY 2024/2025	Capital Grants	Acquisition of Assets	Total Development FY 2024/2025	TOTAL BUDGET FY 2024/2025

## Annex I: Key Priorities Identified During Public Participation

Sub-County	Ward	Village	Community Priority	Department	
Kalama	Kalama	Kaathi	Construction of Manguani Dispensary	Health	
		Kaathi	Grading, gravelling and culverting of Kwa Masesi and upper Mangolo road	Roads	
		Kaathi	Construction of Kimutwa market shade	Trade	
		Kaathi	Rehabilitation of Kimutwa slaughterhouse	Agriculture	
		Kaathi	Construction of Kimutwa and Kaathi market toilets	Sanitation	
		Kaathi	Grading and murraming of Kimutwa to Love primary road	Roads	
		Kaathi	Desilting of Kwa Nginga Dam	Water	
		Kaathi	Grading and murraming of Kaketheke to Mombasa road	Roads	
		Kyangala	Completion of Kalama Level IV Hospital	Health	
		Nziuni	Construction of Mulaani Dispensary	Health	
		Nziuni	Repair of Mulika mwizi at Kali Market	Energy	
		Nziuni	Installation of Mulika Mwizi at Kwa Ngolya	Energy	
		Nziuni	Installation of transformer at Nziuni area	Energy	
		Kyanzasu	Construction of Mega dam at Makakoi	Water	
		Kyanzasu	Filling up of gulleys at Kyanzasu	Roads	
		Kyanzasu	Installation of Mulika Mwizi at Kyanzasu market	Energy	
		Kinoi	Drilling of borehole at Kinoi Primary School	Water	
		Kinoi	Drilling of borehole at Kiatuni primary	Water	
		Kiitini	Construction of Kisanaa Ndueni sand-dam along Syuni river	Water	
		Kiitini	Construction of weir at Kyai river	Water	
		Kakayuni	Drilling of borehole at Kyangala Primary School	Water	
		Kakayuni	Construction of boda boda shed at Kakayuni	Trade	
		Konza	Equipping of Konza Market borehole	Water	
		Kimutwa	Drilling of borehole at Mwanja village	Water	
		Kimutwa	Construction of cattle dip at Mbembani village	Agriculture	
		Kola Ward	Muumandu	Drilling borehole at Kalonduni village and Muumandu Pri. school	Water
			Muumandu	Construction of Ngomano dam at Minyalala river	Water
	Muumandu		Phased Completion and Upgrading of Muumandu Level III to Level IV health facility, fencing, installation of CCTV camera and water harvesting tanks	Health	
	Muumandu		Grading of Kivandini – Kavete Primary – Kwa Mbaa Ndavi – Kwa Kingoo – Kathome – Kumuuani road	Roads	
	Muumandu		Grading, murraming and installation of culverts of Kasemeline - Kyawalia dispensary - Kiundwani market – Mbevo Pri. school – Kitonyini Sec. School to Kyasenga – To Minyalala Pri. School	Roads	
	Muumandu		Construction of a Weir Kwa Senga River	Water	

Sub-County	Ward	Village	Community Priority	Department
		Iiyuni	Drilling of borehole at Kyamunyuu Primary School and repair of Nzaini Primary School borehole	Water
		Iiyuni	Upgrading of Nzaini Health Centre to Level III Hospital	Health
		Iiyuni	Installation of Mulika mwizi at Iuni Market	Energy
		Iiyuni	Grading and Murraming of Kwa Kitove stage - Kya Kitove Primary school - Kwa Ndavi Road	Roads
		Iiyuni	Desilting and rehabilitation at Nditini dam	Water
		Iiyuni	Grading and Murraming of Kikumbo – Miaani – Nzaini Kalima Nzalu – Kyamunyuu road	Roads
		Iiyuni	Provision of a mobile clinic at Kikumbo	Health
		Iiyuni	Drilling of a borehole at Kikumbo	Water
		Iiyuni	Construction of a Cattle dip at Mbembani	Agriculture
		Iiyuni	Rehabilitation of Iiuni cattle dip	Agriculture
		Iiyuni	Installation of a transformer at Mbuani region - Kwa Kiio wa Mutua near Ndauni AIC	Energy
		Iiyuni	Construction of County offices at Katuaa	County administration
		Iiyuni	Construction of modern market shed at Katuaa	Trade
		Katanga	Reticulation of Kiuu spring water	Water
		Katanga	Upgrading of Kola Level III to Level IV hospital and replacing the facility asbestos roofing with iron sheets	Health
		Katanga	Rehabilitation and expansion of Kyangunia springs and reticulation of water to Kiuu Secondary school	Water
		Katanga	Desilting of Mbuani dam	Water
		Katanga	Drilling of a borehole at Kola Chiefs Camp	Water
		Katanga	Construction of Katanga vocational training centre	Education
		Katanga	Installation of Mlika mwizi at Kikumini market	Energy
		Katanga	Grading and murraming of Kola - Kitutu road	Roads
		Katanga	Construction of ECDE classes at Mbusyani Primary /Katanga A	Education
<b>Kathiani</b>	<b>Kathiani</b>	Ngoleni	Construction of Ngoleni Vocational training centre	Education
		Ngoleni	Drilling of borehole at Kwangengi secondary school	Water
		Ngoleni	Construction of an additional Boda boda shed in Ngoleni	Trade
		Ngoleni	Construction of Maternity Ward at Ngoleni Level II Hospital	Health
		Ngoleni	Installation of Mulika Mwizi along Police post and ABC church road	Energy
		Mbee	Gradding, murraming and installation of culverts of Mbee -Mutambaa to Corner mbaya road	Roads
		Mbee	Construction of Market shed at Mbee market	Trade
		Mbee	Construction of ECDE class at Mbee Primary School	Education
		Mbee	Drilling of a borehole at Mutitu level III facility	Water
		Lita	Construction of market shed at Lita market	Trade

Sub-County	Ward	Village	Community Priority	Department
		Lita	Grading and murraming, stone pitching and installation of culverts of Kivutini -Kisekini to Kitamulu road	Roads
		Lita	Grading and murraming of Kivutini – Kwa Vongo to Kitamulu roads	Roads
		Lita	Installation of Mulika Mwizi at Kikunuani level II hospital	Energy
		Kaiani	Construction of weirs at Kwa Kithuka and Kwa Kyuli at Muvaa river	Water
		Kaiani	Proposed renovation of ABC Kaiani Dispensary which has already been surrendered to the community	Health
		Kaiani	Construction of Muvaa river weir at Kwa Maleli	Water
		Kaiani	Construction of Bodaboda shed at Kyumbuni and Misuuni markets	Trade
		Kathiani	Proposed construction of K.M.T.C or TVET at Kathiani sub-location (land is available)	Education / Health
		Kathiani	Disilting of Muooni dam	Water
		Kathiani	Construction of market shed at Kathiani market	Trade
		Kathiani	Proposed provision of X-ray, scan and MRI	Health
		Kathiani	Opening up, grading and murraming of Isyukoni-Nthunguni road	Roads
		Kathiani	Grading and Murraming of roads within Kathiani Market	Roads
		Kathiani	Levelling of livestock market/sale yard	Trade
	<b>Lower Kaewa</b>	Kaani	Drilling of borehole at Kathuni Primary School	Water

		Mathingau	Drilling and equipping of a borehole at Maiuni market	Water
		Mathinga	Rehabilitaion of Kikesa borehole (Kwa Kimatu)	Water
		Mathing	Rehabilitaion of Kasooni borehole (Kwa Tumbo)	Water
		Ikombe	Drilling of a borehole at Malivini	Water
		Ikombe	Expansion and fencing of Ikombe Health Center construction of maternity wing and provision of ambulance	Health
		Ikomb	Installation of solar panels at Ikombe market borehole	Energy
		Ikombe	Construction of ECDE classroom at Kathangathini	Education
	<b>Katngi</b>	Katangi	Construction of ECDE Class at AIC Utumoni Primary School	Education
		Katangi	Drilling and reticulation of Kwa Mutinda Borehole	Water
		Katangi	Rehabilitation of Kalala Borehole	Water
		Katangi	Drilling, Equipping and Solarization of Katothya Borehole	Water
		Katang	Tarmacking and drainage installation at Katangi Market	Trade
		Syokisinga	Drilling and reticulation Kamale Primary School Borehole	Water
		Syokisinga	Drilling, equipping & reticulation Malatani Secondary School Borehole	Water
		Syokising	Drilling and reticulation of Kwa Dominic Makau Borehole	Water
		Syokisinga	Drilling and reticulation of Malatani borehole	Water
		Syokising	Grading and Murraming of St. Judy – Syokisinga - Ndiuni Road	Roads
		Syokising	Construction of ECDE at St. Judy Kiamani	Education
		Kyua	ECDE classrooms for PP1 and PP2 at Kyua	Education
		Kyuaü	Drilling and reticulation of Kavingo - Muambani Borehole	Water
		Kyuaü	Murraming of Soko tamu-Kwa Kisai-Kwa Ngei Road	Roads
		Kyuaü	Construction of Kalusi Katheke, Kavingo and Mbuini Weirs	Water
		Kyua	Repair of Kavingo Borehole – Drilling, Equipping and Solarization	Water
		Kyua	Repair of Kalulini Borehole– Drilling, Equipping and Solarization	Water
		Mekilingi	Construction of Kaliani-Mekilingi Dispensary	Health
		Mekilingi	Drilling and reticulation of Mwanyani Borehole	Water
		Mekilingi	Drilling and reticulation of Kakunike borehole	Water
		Mekilingi	Construction of Kakunike kwa tete weir	Water
		Mekilingi	Grading and Murraming of Kiuukuni- Nambia road	Roads
		All	Equipping of the six departments and construction of boys' dormitory at Katangi Vocational Centre	Education
		All	Tarmacking, construction of drainage, gravelling and levelling of Katangi Shopping Centre	Roads

Sub-County	Ward	Village	Community Priority	Department	
	<b>Kithimani</b>	Kithimani	Drilling of Borehole at Kwa Jimmy	Water	
		Kithimani	Construction of Kithimani livestock market	Agriculture	
		Kithimani	Completion and equipping of Kithimani Level 3 hospital	Health	
		Kithendu	Construction of Sofia Dispensary	Health	
		Kithendu	Drilling, pipping and solarization of Sofia Borehole	Water	
		Kithendu	Construction of Kitengela market toilet	Sanitation	
		Kithendu	Grading, murraming and construction of drift of Sofia-Muthesya-Mutauni_Kwa Moses-Kwa Nahason-Katitika-Kwa Mulaa to Kithendu road	Roads	
		Kithendu	Equipping and electricity connection Kathulini dispensary and construction of maternity wing	Health	
		Kithendu	Completion, pipping and installation of solar panels at Muthesya borehole	Water	
		Kithendu	Grading, murraming and construction of drift along Kathulini – Kwa Ndumbu - Sofia road	Roads	
		Kithendu	Equipping of Kimangu dispensary	Health	
		Kithendu	Grading, murraming and construction of drift at Kimangu – Temwatu – Kambi ya Ndeke road	Roads	
		Kithendu	Construction of market toilet at Kavumbu, Kiaoni and Kambi ya Ndeke	Sanitation	
		Kithendu	Grading and murraming of Kathaisu – Kwa Nduu – Kalukini – Kithianioni – Globe kwa Ngumbi mbevi road	Roads	
		Kithend	Construction of a public toilet at Kitengela market	Sanitation	
		Kithend	Equipping and solarization of muthesya borehole	Water	
		Kithendu	Grading and Murraming of Kwa Zacharia-Kyengo-Kasuangwe road	Roads	
		Kithendu	Construction of ECDE class	Education	
		Mamba	Construction of a public toilet at Makutano ma Ndalani	Sanitation	
		Mamba	Grading, murraming and construction of drift along Kwa Muraguri – Kwa broker road	Roads	
		Mamba	Grading and murraming of Makutano ma Ndalani – Simba water – Ndivu road	Roads	
		Mamba	Grading, murraming and construction of drift along Iviani to Ndumberi road	Roads	
		Mamba	Construction of ECDE classes at Vota, Mamba, Mavia Atatu and Ndivu	Education	
		Mamba	Construction of market sheds at Mamba and Makutano ma Ndalani	Trade	
		Mamba	Construction of Kwa Malaika -languni stream weir	Water	
		Mamba	Construction of Kavisuni weir	Water	
		<b>Matuu</b>	Katulani	Construction and equipping of of new Dispensary in Kathangathini	Health
			Katulani	Building a new water line from Kalaani to Kwa Mwatu Dispensary, to Kathangathini through Kaliani to Syuki	Health
	Katulani		Construction of a Public toilet at Kivandini shopping centre	Sanitation	

Sub-County	Ward	Village	Community Priority	Department
		Katulani	Construction and equipping of laboratory at Kwa Mwatu and Masewani dispensaries	Health
		Katulani	Equipping of borehole at Katulani	Water
		Katulani	Construction of Market shed at Kivandini	Trade
		Kakumini / Kaluluini	Provision of power transformer at Kikule village (Kwa Kingesi, Kithumuoni, Kitambaasye, Iviani, Kyanzavi and Kwa Richard Nzangi)	Energy
		Kakumini	Piping of clean water from Mukalala to Masewani Dispensary from Mukalala to Kakumini	Water
		Kakumini	Heavy grading, murraming and and construction of a vented drift at Kwa Kikwa River to Kalia ECDE	Education
		Kakumini	Construction of Kawituuo-Kakumini-Kwa Kisoi weirs	Water
		Kaluluini	Heavy grading and murraming from Nuti through Ithekethini through Kiaanisoyi to Matuu	Roads
		Kaluluini	Piping of clean water from Matuu through Kiaanisoyi to Ithekethini, from Kwa Muvali-Mbingoni-Ngengi to Kitambaasye	Water
		Matuu	Construction of sewer and drainage system in Matuu Town	Sanitation
		Matuu	Drilling, powering and reticulation of a borehole at Makivenzi	Water
		Matuu	Construction of Matuu bus park	Trade
		Matuu	Installation of a Vented drift at Kikwa connecting Kaliyani and Matuu	Roads
		Matuu	Installation of a Vented drift at Kwa Kitavi to Sinai	Roads
		Matuu	Construction of casualty wing at Matuu level 4 hospital	Health
		Matuu	Construction of Funeral home at Matuu Level 4 Hospital	Health
		Matuu	Completion of Matuu Market shed	Trade
		Matuu	Grading and Murraming of Matuu-Kikule-kilango and back to Kwa Ndaka	Roads
		Matuu	Grading and Murraming of Matuu KMTC - Katangi road	Roads
		Matuu	Grading and Murraming of Matuu-Kwa Mukova-Kalia Road	Roads
		Kaluluini/Katulani	Construction of Ithekethini, Maiuni and Kwa Mwatu modern public toilets	Sanitation
		Kaluluini	Grading, murraming and construction of a vented drift at Kaluluini-Katolu-Kwosau road	Roads
		Kaluluini	Construction of ECDE at Kwa Mwelu Martin	Education
		Kaluluiniü	Grading and Murraming of Matuu-Kiaanisoyi – Ithekethini-Maiuni-Nuti road	Roads
		Katulani/Kaluluini	Construction of market sheds at Maiuni and Kivandini markets	Trade
		Matuu	Installation of Solar Panels to Pump Water from treatment Plant to Matuu town	Energy
		All Villages	Construction of ECDE Classrooms at; Kwa Nyaa, Malikiti, Kaliani and St. Stephen Kikule / Kilungu.	Education
	<b>Ndalani</b>	Kisiiki	Construction of septic tanks at Kisiiki level III	Health

Sub-County	Ward	Village	Community Priority	Department
		Kisiiki	Water supply from Thika River and Rehabilitation of existing boreholes	Water
		Kisiiki	Repair of Kisiiki level 3 borehole and reticulation to serve the facility, market modern toilet, ECDE and community	Water
		Ndalani	Tarmacking of Ndalani-Kwawanzilu road	Roads
		Ndalani	Grading, murraming and culvert installation of Ndalani - Kwa Wanzilu road	Roads
		Ndalaniü	Installation of 4 Hydrums and wiers and reticulation to serve Iviani A& B, Kituneni, Kinyaata, Munina, Mukameni, Kiaaoni A & B, Kwa Mbonge, Ngomano and Ndalani Centre	Roads
		Mavoloni	Construction of toilet, placenta pit, fencing of Kiwanza dispensary	Health
		Mavoloni	Construction of ECDE center Ngoliba (class)	Education
		Mavoloniü	Drilling of Borehole at Kiwanza Dispensary to serve the dispensary ECDE and the market	Water
		Kwa Ndolo	Construction of Kiwanzani dispensary	Health
		Kwa Ndolo	Construction of a vocational training centre at Nthungulu	Education
		Kwa Ndolo	Construction of a new dam at Kwa Teth	Water
		Kwa Ndolo	Grading, murraming and culverting of Kwa Kitenge-Kwa Kulu-Upper Matangini-Lower Matangini-Kiwanzani-Mbanda Salama Road	Roads
		Kivingoni	Construction of Mutyamboo ECDE Centre	Education
		Kivingoni	Extension, fencing and equipping of Mbembani Dispensary	Health
		Kivingoni	Drilling of borehole at Mbembani dispensary and reticulated to serve the dispensary, market, ECDE and community	Education
		Kivingoni	Construction of drift at Kwa Musembi chairman connecting Mbembani primary school	Roads
		All Villages	Support PWDs, OVCs, Widows and Widowers in the entire ward	Social Welfare
			Provision of bursaries for PWDs in special kitty	Social Welfare
			Giving priority to PWDs in cash transfer program	Social Welfare
			Provision of sanitary towels and assistive devices to PWDs e.g. crutches and wheelchairs and registration to the national council	Social Welfare
